

GARMENT FEATURES

- The PWX FLEX fabric delivers optimum power and flexibility to protect the abductor, glute, quad, hamstring and calf muscles.
- Graduated compression increases blood circulation for improved recovery and reduced muscle stiffness post exercise.
- Drawstring waistband for an adjustable, secure fit.
- Internal key pocket for essentials.
- Flatlock seams to reduce chafe for greater comfort.
- Powerful Invista LYCRA® for exceptional fit, support and recovery.
- High filament yarns for dryness – wicks sweat from the skin to the fabric exterior.
- Antibacterial and UPF50+ sun protection.
