

Garment Features

1. The PWX FLEX fabric delivers optimum power and flexibility to protect the abductor, glute, quad, hamstring and calf muscles.
2. High-gauge elastometric yarns for unsurpassed power
3. Flatlock seams to reduce chafe for greater comfort.
4. Powerful Invista LYCRA® for exceptional fit, support and recovery. Greatest durability + fabric return.
5. Superior knit structure for multidirectional stretch + consistent power
6. Greater flexibility + comfort
7. High filament yarns for dryness – wicks sweat from the skin to the fabric exterior.
8. Antibacterial formula to reduce odour and UPF50+ sun protection.

Rely on premium clothing & footwear by 2XU if you're looking for quality and efficiency.
