## TURN UP. WARM UP. CHARGE UP.

Welcome to the future of heated clothing. Developed by industry experts, ActionHeat™ is the most comprehensive and versatile heated apparel brand on the market.

We pride ourselves on the rigorous testing of our heating elements and batteries, to bring you heated garments with top-rated heating performance and superior safety standards.

Whether you are on the ski slopes, hunting, walking the dog, at a ballgame, or simply relaxing at home ActionHeat™ heated apparel will keep you warm and toasty when you need it the most. ActionHeat™ allows you to stay warm and enjoy outdoor winter activities longer than ever before!

# TECHNOLOGY & FEATURES

## POWER SOURCES

ActionHeat™ heated apparel is engineered to be used with a collection of high quality power sources. The lightweight and compact designs of our power packs optimize each garment's heating capabilities and ensure comfort without any extra bulk. ActionHeat™ power sources are crafted with top of the line components and industry leading technologies providing our heated gear with long-lasting power and maximum heating performance.
