

GN086-12-SBH
Heavy-Duty Adjustable
C-Clamp Mount with 12"
Flexible Neck

Package Contents:

- (1) GN086-12-SBH - Heavy-Duty Adjustable C-Clamp Mount
- OPTIONAL - (1) Rubber Clamp Boot

- 1** Attach mount to surface by tightening C-Clamp knob; adjust the clamp bracket position if necessary. Slide optional rubber clamp boot onto the top of the mount's clamp to prevent scratching clamp surface if desired.
- 2** Adjust the position of the mount by firmly bending the neck. Ball head can also be adjusted with the tightening ring.
- 3** Attach any Arkon Dual T-Slot holder to the Dual T-Tab head on the mount (holders not included, sold separately).

Safety Precautions

Do not install Arkon products over an air bag cover or an air bag deployment zone. Arkon Resources, Inc. is not responsible and assumes no liability for injury or death as a result of a car crash and / or air bag deployment.

Arkon is not responsible for any damages caused to your vehicle, your device, or yourself due to the installation or use of this product.
