

RV134

Arkon RoadVise Handlebar Phone Strap Mount for iPhone X 8 7 6S Plus iPhone 8 7 Galaxy S8 Note 8 Retail Black

DESCRIPTION:

Arkon's RV134 RoadVise Premium Universal Handlebar Smartphone Strap Mount features an improved design and fits all phones with cases weighing up to 2 pounds and measuring up to 4" wide, including Apple iPhone X, iPhone 8 and 8 Plus, iPhone 7 and 7 Plus, iPhone 6S and 6S Plus, iPhone 6 and 6 Plus, Samsung Galaxy Note 8, Note 5, and Note 4, Galaxy S8, S7, and S6, LG G6, G5, and G4, Nexus 6 and Nexus 5, HTC One M9, One M8 and One Max, Droid MAXX, Nokia Lumia 1520 and 1020, Motorola Moto G and Moto X. The RoadVise is a solid mount solution that's perfect for your needs. It features a spring-loaded mechanism that expands to securely hold smartphones with cases up to 4" wide. Arkon recommends only using the RoadVise Holder on phones using protective skins or ruggedized cases. The RoadVise is designed to use two hands to install and remove your device. This is to make sure your device cannot be accidentally removed while adjusting viewing angle. The mount's solid construction provides strength and reliability on the road. The low-profile RoadVise holder keeps rear smartphone cameras free for spontaneous pictures or videos and is easy to install. Just snap it onto the 17mm ball of the pedestal and use the included tightening ring to secure. The zip-tie style design requires no tools to install. The bike/motorcycle mount fits on handlebars and roll bars measuring from 15mm to 50mm in diameter, and are compatible with most straight, drop, trekking, touring, and standard handlebars. This mount can be used on boat helmets, golf carts, ATVs, snowmobiles, hang gliders, or other apparatus with cylindrical frames or posts. Garmin GPS devices can also be mounted by simply removing the holder and revealing the 17mm ball mount base.

FEATURES:
