

**Package Contents:**

- (1) RV001WR-B – RoadVise™ Universal Smartphone Holder
- (1) SPHD8L29 – Extra-Long Shaft for HD008 Heavy-Duty Tablet Holder
- (3) SP-RM200 – Robust Mount Series Shaft
- (1) SP20MM25 – 20mm to 25mm Adapter
- (2) SP25MM25 – 25mm to 25mm Adapter
- (1) SP25MM17 – 25mm to 17mm Adapter

Arm extends upward from 17 inches to 29 inches.

HD008 Heavy-Duty Stand not included.

**Compatibility:** Fits smartphones with cases weighing up to 2 pounds and measuring up to 4" wide.

**IMPORTANT:** Do not overtighten ring. Overtightening ring may damage threads on holder and also make it difficult to adjust holder.

- 1 Adjust the height and angle of the pedestal by loosening the adjustment ring and the adjustment knob. Retighten to set.

- 2 Using two hands, insert phone into the holder by pushing the device into one of the spring-loaded legs. Expand the other leg and fully insert device until it lays flat against the blue rubber pad.

**For Use with Weighted Base:**

Disconnect the regular shaft by using Allen wrench to loosen base lock. Twist and pull up to remove shaft from weighted base. Insert telescoping shaft into weighted base. Tighten base lock to secure.

Shafts can be adjusted for scoping cooking or crafts on a table by unscrewing the knob to loosen. For eye-level use, the stand can be shortened vertically and one shaft can easily be removed.

**! Safety Precautions**

Arkon is not responsible for any damages caused to your vehicle, your device, or yourself due to the installation or use of this mount.
