Arkon TW Broadcaster Combo Stand – Midsize Tablet and Phone Mount Holder for Live Streaming Retail Black

DESCRIPTION:

Arkon's TW Broadcaster Tablet and Phone Stand is a professional mounting solution designed to facilitate stable side-by-side live streaming with an iPhone or other mobile phone and an iPad mini or other midsize tablet using two different social media platforms, such as Periscope or Facebook Live. The TW Broadcaster Combo Midsize Tablet and Phone Stand can be used on a desk, counter, table, podium, or other flat surface. This unique stand includes a RoadVise Universal Smartphone Holder (tightly grips phone and does not block the rear camera), a Slim-Grip Ultra Midsize Tablet Holder (compatible with midsize tablets with 7"-8" screen size), a Metal Splitter Bar (provides an extremely stable platform for the 2 holders, attached adapters enable 360-degree swivel), and a Heavy-Duty Desk or Countertop Stand with a telescoping, height-adjustable metal shaft that extends upward from 7.5 to 9.75 inches. Arkon's RoadVise phone holder is compatible with phones up to 4" wide, including the Apple iPhone 7, iPhone 6S Plus and 6 Plus, iPhone 6S, 6, 5S, and SE, Samsung Galaxy S7 edge, S7, S6 edge+, and S6, Galaxy Note 7, 5, and Note 4, Google Nexus 6 and Nexus 5, LG G5, G4, and G3, HTC One M9, One M8 and One Max, Nokia Lumia 1020 and 1520, and Motorola Moto G and Moto X. Arkon strongly recommends using the RoadVise Holder with smartphones that have skins and ruggedized cases attached. This ensures a secure grip in the holder and protects your phone. The low-profile RoadVise holder was intentionally designed to require two hands to install and remove the phone from the holder. Whether you're presenting at a conference, teaching in a class, or live streaming from the home or office, the TW Broadcaster Combo Tablet and Phone Stand is the must-have companion accessory for live streaming with Periscope and Facebook Live.
