TOPFLIGHT MALLARDS OPEN WATER PACK

Brutal open water conditions are no problem for these mallards. A combination of high-head and low-head postures authentically replicate the natural behavior of active mallards. Ultra-realistic paint schemes combine with the ultimate in paint adhesion and durability for the final word in floating mallard decoys. All Topflight decoys feature an innovative weight-forward swim keel. Simply snap the line through the swim clip to give decoys natural motion on the water.

- + Low-Head Drakes (2)
- + High-Head Drakes (2)
- + Swimmer Hen
- + High-Head Hen

AVX8060

TOPFLIGHT MALLARDS BACK WATER PACK

This backwater pack includes several unique feeding postures true to the natural dabbling behavior of mallards in shallow water. Ultra-realistic paint schemes combine with the ultimate in paint adhesion and durability for the final word in floating mallard decoys. All Topflight decoys feature an innovative weight-forward swim keel. Simply snap the line through the swim clip to give decoys natural motion on the water.

- + Surface Feeder Drakes (2)
- + Feeder Drakes (2)
- + Feeder Hens (2)

AVX8070

TOPFLIGHT OVERSIZED MALLARDS

This oversized pack includes both high-heads and low-heads that are 30% larger than standard Avian-X mallard decoys. These 17-inch birds stand out with a larger footprint that'll turn high-flying greenheads. Ultra-realistic paint schemes combine with the ultimate in paint adhesion and durability for the final word in floating mallard decoys. All Topflight decoys feature an innovative weight-forward swim keel. Simply snap the line through the swim clip to give decoys natural motion on the water.

- + High-Head Drakes (2)
- + Low-Head Drakes (2)
- + High-Head Hen
- + Low-Head Hen

AVX8095

TOPFLIGHT MALLARDS FUSION PACK

No two mallards are alike in nature, and they aren't in this fusion pack either. Six unique postures create a spot-on depiction of the natural behavior of mallards over water. Ultra-realistic paint schemes combine with the ultimate in paint adhesion and durability for the final word in floating mallard decoys. All Topflight decoys feature an innovative weight-forward swim keel. Simply snap the line through the swim clip to give decoys natural motion on the water.

AVX8059

TOPFLIGHT FOAM-FILLED MALLARDS

Built to withstand the most rugged open water conditions, these indestructible decoys will ride out any storm. Core-Loc™ technology fills each bird with marine-grade foam to 100% capacity. That means there's zero extra space for unwanted water. Stability on the interior plus authentic looks and custom feather detail on the exterior create absolute mallard perfection.

The oversized birds improve visibility and place a larger footprint on the water that rides tough currents with smooth, natural movement. Ultra-realistic paint schemes combine with the ultimate in paint adhesion and durability for the final word in floating mallard decoys.

- + High-Head Drakes (2)
- + Low-Head Drakes (2)

AVX8102

AXP MALLARDS FUSION PACK

AXP mallards lead the category with a true-to-life flock of hens and drakes designed by world champion decoy carver Rick Johannsen. The unique paint schemes not only look like the real bird, but also create contrast to enhance visibility at long distances in various field conditions. These full-body decoys are built to last, molded from advanced rubberized molding material and non-chip paint. They feature a wind-activated motion system that rests atop a heavy-duty, seventeen-inch field stake. Keep all six decoys organized and clean for years of use in the provided six-slot decoy bag.

AVX8061

TOPFLIGHT WOOD DUCKS

Many hours of research, photography and carving went into capturing the true beauty and grace of wood ducks in our Topflight wood duck decoys. Lifelike postures give these birds the personality exhibited by resting woodies on the backwaters. The advanced rubberized molding material and non-chip paint add durability so the six-pack flock can hunt with you for many successful seasons. Each decoy is slightly oversized, measuring 12.5 inches from breast to tail.

- + Low-Head Drakes [2]
- + Low-Head Hens [2]
- + High-Head Drakes [2]

AVX8083

TOPFLIGHT WIGEON

Topflight wigeon decoys project the colors, postures and attitudes of a real flock of wigeon on the water. We spent countless hours watching these birds in their natural environment to better understand and select the correct postures in highly advanced, ultra-effective decoys. The bold, lifelike colors in all six decoys project at great distances to lure birds into your spread.

- + Low-Head Drakes (2)
- + High-Head Hens (2)
- + High-Head Drakes (2)

AVX8084

TOPFLIGHT GADWALL

Gadwall, or gray ducks as most call them, can be some of the South's wariest ducks. Come late season, these birds will circle your spread – gaining altitude with every pass. Level the playing field with Topflight gadwall, created with the attitude of fully plumed, late season gray ducks. These masterpieces perfectly capture the short, robust body shape of a mature gray duck with spot-on silver-gray sheen.

- + Low-Head Drakes (2)
- + Low-Head Hens (2)
- + High-Head Drakes (2)

AVX8085

TOPFLIGHT PINTAIL

Incredible realism and paint schemes make these decoys true works of art. Couple that with advanced rubberized molding material and non-chip paint and you have the best of the best. Like all Topflight decoys, these birds feature the innovative weight-forward swim keel that slices through currents and breezes with natural motion. Decoys are slightly oversized, measuring 17 inches from breast to tail. Each set includes six birds in a perfect blend of low-head and feeding postures.

- + Feeder Drakes (2)
- + Low-Head Hens (2)
- + Low-Head Drakes (2)

AVX8082

TOPFLIGHT BLUE-WINGED TEAL

Topflight blue-winged teal recreate the personality and body anatomy of a feeding flock of teal. This species-based pack caters to hunters who know exactly what they're after. Each decoy measures 10 inches from breast to tail and features the innovative weight-forward swim keel for natural motion in the water.

- + Feeder Drakes (2)
- + Low-Head Drakes (2)
- + Feeder Hen
- + Low-Head Hen

AVX8080

TOPFLIGHT GREEN-WINGED TEAL

Topflight green-winged teal recreate the personality and body anatomy of a feeding flock of teal. This species-based pack caters to hunters who know exactly what they're after. Each decoy measures 10 inches from breast to tail and features the innovative weight-forward swim keel for natural motion in the water.

- + Feeder Drakes (2)
- + Low-Head Drakes (2)
- + Feeder Hen
- + Low-Head Hen

AVX8081

TOPFLIGHT TEAL EARLY SEASON PACK

These incredibly realistic decoys recreate the personality and body anatomy of a feeding flock of teal. The early season pack includes both green-winged and blue-winged teal hens with early plumage, great for early hunts and hardcore teal hunters. Each decoy measures 10 inches from breast to tail and features the innovative weight-forward swim keel for natural motion in the water.

AXP LESSERS FEEDER PACK

We recreated the anatomy and coloring of a lesser goose in every way – from its unique beak shape to its distinct coloring. The 20% oversized decoys attract large groups of lessers in the west, and over in the east, they're equally effective decoying James Bay geese and other small sub-species. These lessers blend perfectly with standard honker decoys while adding color contrast, size variety and multiple postures. You'll also benefit from a slotted decoy bag to accommodate throw-and-go hunting and simplify storage.

- + Stretch-Neck Feeders (2)
- + Real Feeders (2)

AVX9014

A-FRAME BLIND

Don't waste time searching for cover; take it with you. With a streamlined, mobile design, the A-Frame blind offers the next best thing to total invisibility in marshes, fence lines, waterways and open fields. The non-corrosive aluminum frame breaks up bird-flaring hard edges and shadows, further aided by a rugged 600-denier shell in Mossy Oak® Shadowgrass Blades® for superior camouflage.

Grass straps and pockets complete the A-Frame's concealment with the addition of natural vegetation. After mere minutes of setup, up to four hunters fit comfortably inside. Take advantage of the four adjustable gun clips and easy-carry webbing strap to complete the total package.

- + Eliminates hard edges and shadows
- + Sturdy, lightweight non-corrosive frame
- + Holds up to four hunters
- + Straps and pockets for adding natural vegetation
- + Collapses for easy storage with carry straps

AVX7001

A-FRAME SNOW COVER

Nothing stops hunters from capitalizing on waterfowl season – down to the final day. Adjust your camouflage to suit snowy surroundings with the A-Frame snow cover. This custom-fitted polyester shell fits snugly over the A-Frame blind to help hunters blend into rough late season conditions. A-Frame blind must be purchased separately.

- + Converts A-Frame blind into a late-season killing machine
- + Blends perfectly into snow-covered fields, fence lines and marshes
- + 600-denier polyester construction
- + Blind frame not included

AVX7002

TOPFLIGHT CALL LANYARDS

Put your waterfowl calls on display while keeping them close at hand. These custom, hand-braided lanyards hold up to four calls, with lengthened drops for easy access without tangling. The collection features four unique designs with killer looks.

- + Hand-braided
- + Four drop loops
- + Tangle-free

- ▶ The top conservationists deserve the best decoys. Avian-X is proud to be the official decoy manufacturer of the nation's most reputable conservation organization, the National Wild Turkey Federation (NWTf). Since 1973, NWTf has united dedicated volunteers, professional staff members and committed partners under the common goal of conservation and preservation. It's our shared goal to foster a new generation of ethical hunters by creating memories afield. Look for the NWTf logo as a sign that you're furthering this mission with any Avian-X turkey purchase.

NEW

RUNDOWN™ SLING PACK

When it comes to turkey hunting, mobility is key. Stay light, fast and agile with the Rundown™. The unique sling design packs all essential calls and gear – keeping them out of the way when on the move, and easy to access when toms start gobbling. A series of specially-sized pockets hold everything from strikers to box calls. There's even a fleece-lined cell phone pocket. Outfitted in Mossy Oak® Obsession and designed for ultimate comfort, this is way more than just another turkey pack.

- + Highly mobile turkey pack great for running and gunning
- + Specially-sized pockets for all turkey call styles
- + EVA molded front pocket folds down into shelf
- + Breathable fabric keeps loads light and cool during hot hunts
- + Box call access point with elastic closure
- + Fleece-lined pocket for cell phone and other electronics
- + Multiple D-rings to attach additional gear
- + Easily slides from side to front for quick access
- + Comfortable, ergonomic fit
- + Adjustable padded shoulder strap

AVXTK100

NEW

HDR™ JAKE

Introducing the Heavy-Duty Realism (HDR) line of turkey decoys. Blow-molded into reality from hand-carved designs, these decoys harness unbeatable detail and durability.

The HDR jake is sized slightly smaller than a real turkey, but just big enough that he'll make a tempting target. His quarter-strut posture and subdominant feathers signal he's content but ready to fight if an opportunity presents itself. Choose from two included removable head designs – one with a curled, aggressive posture, the other straight and submissive. Pair with any Avian-X hen for a completely customized setup, and you'll paint a picture that'll draw in every boss gobbler for miles.

- + Durable blow-molded design for many seasons of use
- + Relaxed quarter-strut body posture
- + Rubber molded leg stumps with authentic spur detail
- + Customize setups with two removable head designs
- + Includes aggressive and submissive head postures

- + Pre-attached synthetic beard
- + True-to-life paint scheme and feather detail
- + Storage for mounting stake in tail
- + Pairs well with any hen to mimic breeding pair
- + Includes mounting stake for quick setup
- + Realistic movement without unnatural spin

AVX8105

LCD QUARTER-STRUT JAKE

Give them something to pick on with the LCD Quarter-Strut Jake. This guy's non-aggressive pose makes him attractive to both dominant and sub-dominant gobblers, while his size - 15% smaller than a real jake - keeps him non-threatening and portable. Crafted from rugged dura-rubber, the Quarter-Strut Jake easily fits in a turkey vest, and won't crease or dent like other folding decoys. Pair with the LCD Laydown Hen to mimic a breeding pair that will drive longbeards absolutely wild.

- + Non-aggressive and non-dominant
- + Easy target for gobblers to pick on
- + Realistic movement without unnatural spin
- + Easy transport and storage

AVX8003

LCD STRUTTER

This is as in-your-face gobbler action gets. Even the toughest old gobbler won't be able to ignore the LCD Strutter's dominant strutting posture. From posture to paint, this level of incredible detail and superior realism is simply unmatched. The Lifelike Collapsible Decoy (LCD) design folds into a compact, lightweight size for travel and storage. Simply blow up and connect to the collapsible stake for setup. The provided tail fan is the finishing touch - or add your own for an extra dose of realism.

- + Dominant posture
- + Includes pre-attached beard
- + Synthetic fan folds to fit in vest
- + Also holds a real fan; just clip in

AVX8004

LCD HALF-STRUT JAKE

The LCD Half-Strut Jake tells the tragic tale of a young gobbler living dangerously outside the pecking order. His sub-dominant head and relaxed feather positioning show he's fearless in his pursuit to establish dominance. Not to be tested, wild gobblers will be all too willing to teach him a swift lesson. This decoy is especially good for the early season when turkeys are working through the pecking order. Combine with your favorite LCD hens and watch a tragedy unfold.

- + Relaxed wings and sub-dominant head
- + Realistic movement without unnatural spin
- + Great for early season
- + Easy transport and storage

AVX8012

TROPHY TOM™

Turn your gobbler into a taxidermy-style showpiece with the Trophy Tom. The one-piece design easily holds a dried tail fan and beard surrounded by detailed carvings and ultra-realistic paint. It's a great way for turkey hunters to relive memories over and over again. (And maybe have an excuse to do a little bragging.) The Trophy Tom also includes a mounting stake and handle to double as a 2D strutting-style decoy in the field.

- + Showpiece for tail fan and beard
- + Great way to capture memories
- + Heavy-duty clip easily holds tail fan
- + Includes instructions on tail fan prep
- + Doubles as 2D decoy

AVX8021

LCD LOOKOUT HEN

The LCD Lookout Hen has a similar look and effect as the popular Breeder Hen, but she's got a little something extra. The Lookout's raised height aids visibility so passing gobblers can spot her even in tall grass and dense vegetation. She features the same attention to detail and authentic paint scheme you expect from Avian-X, and the Lifelike Collapsible Decoy design you need for easy setups and transport.

- + Added height for improved visibility
- + Lifelike Collapsible Decoy (LCD)
- + Easy transport and storage
- + Unmatched realism and detail

AVX8006

LCD FEEDER HEN

The LCD Feeder Hen draws gobblers in close to set up the perfect kill shot. Typically, a hen will notice a gobbler's advances and approach, signaling she's ready to breed. So if a longbeard's gobblers go ignored, he'll assume she didn't hear or see him – and he'll move closer to make sure she does. As he gets closer, the LCD Feeder's ultra-detailed paint schemes with true-to-life reflective feathers will pull him even deeper under her spell. This little lady will surprise you with what she's able to accomplish during her morning snack.

- + Relaxed, content position
- + Lifelike Collapsible Decoy (LCD)
- + Easy transport and storage
- + Unmatched realism and detail

AVX8007

LCD BREEDER HEN

One of our most popular turkey decoys ever, the LCD Breeder Hen plays up gobbler's top priority every spring: finding a mate. This lady is the ultimate temptation, displaying she's ready to breed. High-quality feather detail and intricate paint schemes complement this inviting pose to bring the gobblers to the hen house. Like all LCD decoys, the Breeder Hen features a collapsible dura-rubber body that won't crease or dent and stays quiet in the field. Your setup won't be complete without this one.

- + Posture signals she's ready to breed
- + Lifelike Collapsible Decoy (LCD)
- + Easy transport and storage
- + Unmatched realism and detail

AVX8008

LCD LAYDOWN HEN

This lady is ready and waiting! The LCD Laydown Hen's body, wings and head simulate a hen turkey's authentic breeding position. It's a compelling invitation, and one that's been the demise of many a boss gobbler. She pairs perfectly with the LCD Quarter-Strut Jake to create a scene that a boss gobbler just won't tolerate. This pose can also double-down as a highly realistic dusting hen during mid-morning setups. The Laydown Hen does it all – and then some!

- + Relaxed, comfortable position signals she's ready to breed
- + Lifelike Collapsible Decoy (LCD)
- + Easy transport and storage
- + Unmatched realism and detail

AVX8011

LCD REPLACEMENT STAKE

When it comes to turkey hunting, there are bound to be a few casualties along the way – and we aren't just talking about the birds. Whether forgotten in the ground or broken by a fired up gobbler, carbon stakes don't always make it home. Replacement stakes make sure you never have to go without.

- + Replaces lost or broken carbon stakes
- + Works with any turkey decoy in the Avian-X LCD Series

AVX8022

LCD MERRIAM'S COMBO

If you're heading out west to chase Merriam's, give yourself the upper hand with the most accurate decoys available. Avian-X is proud to bring you the very first production decoys that mimic the exact coloration specific to Merriam's turkeys.

This combo pack includes an LCD Quarter-Strut Jake and LCD Lookout Hen. The Lookout Hen's high-profile, upright head shows dominance to attract gobblers and challenge other hens. She pairs with the subordinate LCD Quarter-Strut Jake to bring the fight out of every gobbler.

- + Posture signals she's ready to breed
- + Lifelike Collapsible Decoy (LCD)
- + Easy transport and storage
- + Unmatched realism and detail

AVX8009

LCD RIO GRANDE COMBO

If you're in Rio Grande country, give yourself the upper hand with the most accurate decoys available. Avian-X is proud to bring you the very first production decoys that mimic the exact coloration specific to Rio Grande turkeys.

This combo pack includes an LCD Quarter-Strut Jake and LCD Lookout Hen. The Lookout Hen's high-profile, upright head shows dominance to attract gobblers and challenge other hens. She pairs with the subordinate LCD Quarter-Strut Jake to bring the fight out of every gobbler.

- + Posture signals she's ready to breed
- + Lifelike Collapsible Decoy (LCD)
- + Easy transport and storage
- + Unmatched realism and detail
