

Instruction Manual NSP-4612B

THANK YOU FOR SELECTING THE NIGHTSTICK NSP-4612B!

Please read these instructions before using this product. They include important safety and operation information.

The floodlight switch controls 3 floodlight functions.

- First Press: White floodlight on - full power
- Second Press: White floodlight on half-power
- Third Press: White floodlight off – red colored LED floodlight on.
- Fourth Press: Floodlight function off.

HEADBAND

The headlamps include two types of headbands:

- Elastic Non-Slip Headband: Use this headband for mounting the headlamp directly to your head. The Non-slip feature will keep the light positioned on the head even with vigorous movement.
- Rubber Hardhat Strap: Use the rubber strap on any hardhat. The tacky nature of the strap will keep the headlamp attached even if the hat is dropped.

WARNINGS

- NOT FOR USE ABOVE HAZARDOUS LOCATIONS
- DO NOT use in explosive atmospheres, near flammable liquids, or where explosion proof lamps are required.
- DO NOT use in the proximity of vehicles or equipment when there is a risk of flammable liquids coming into contact with the flashlight.
- DO NOT expose the batteries to water or salt water, or allow the batteries to get wet.
- DO NOT store the batteries with metallic objects that may cause a short circuit.
- Immediately discontinue use of the batteries if they emit an unusual smell, feel hot, change color, change shape or appear abnormal in any way.
- Keep out of the reach of children.

INSTALLING BATTERIES

- Unscrew the battery compartment door on the back of the headlamp.
- Insert the batteries per the outline inside the battery compartment. Observe the correct polarity of the batteries.
- Close the battery door and fasten the battery compartment door screw.
- The headlamp is now ready for use.

OPERATION

Two switches control all functions on this headlamp.

SPOTLIGHT OPERATION

- To turn on the spotlight, press the spotlight switch. Press again to turn off.

FLOODLIGHT OPERATION
