

01

34K BTUS/HR.

Two, 17K BTUs/Hr. cast-aluminum burners total for an overall output of 34K BTUs/Hr.

02

DURABLE MATERIAL

Rugged and durable cast iron cook-top and legs are perfect for the outdoors. Their tough against mess and hold heat where you need it most.

03

WIND BAFFLE TECHNOLOGY

While there is clearly no added wind screen for protection, Wind Baffle Technology was design to decrease the amount of wind the Ranger systems take on.
