# WRATH™ 430 Compound Crossbow

The all-new Wrath 430 is the most revolutionary crossbow CenterPoint has ever created. The reverse-draw, bullpup design pushes the Wrath to an astounding 430 feet-per-second and delivers up to 164 fpe on impact. This design also allows the bow to be extremely compact at just over 28" long and a mere 9" when fully cocked.

## 430 FEET PER SECOND

### Wrath™ 430

#### Compound Crossbow Package

- Compact, bullpup body design
- 4x32 mm illuminated scope
- 9-Inch axle-to-axle fully cocked
- Innovative folding stirrup
- CNC machined cam system
- Anti-dry fire and auto safety
- Adjustable foregrip
- Aluminum riser
- Includes 4x32 mm illuminated scope, three 20-inch .003 Arrows, parallel quiver, cocking sled and rail lube

**Model AXCPABP430** Up to 430 fps, 164 fpe

**Model AXCPABP430PD** Up to 430 fps, 164 fpe (with Silent Crank)

Proposition 65 Warning for California Consumers.

#### FIELD READY KIT INCLUDES:

# PULSE™ 425 Compound Crossbow

The all-new Pulse 425 takes the evolution of performance even further for CenterPoint. This sleek, compact, and maneuverable crossbow measures only 12-inches axle-to-axle when fully cocked and generates an incredible amount of power delivering ripping speeds of 425 fps. Between the speed and whisper-quiet shot, the game won't know what's coming.

## 425 FEET PER SECOND

### Pulse™ 425

#### Compound Crossbow Package

- Whisper Silencing System™ includes string stops, limb dampeners and string silencers for the ultimate in noise reduction and vibration control.
- 4x32 mm illuminated scope
- 12-Inch axle-to-axle fully cocked
- Folding stock
- Folding stirrup
- CNC machined aluminum rail and cam system
- Mil-spec AR-Style butt stock is fully adjustable for length and cheek position
- 195 lbs. draw weight
- Anti-dry fire and auto-safety trigger mechanism
- FC camo pattern
- Includes 4x32 mm illuminated scope, three 20-inch .003 arrows, parallel quiver, rope cocker and rail lube

**Model AXCPA425FSS** Up to 425 fps, 153 fpe

Proposition 65 Warning for California Consumers.

CROSSBOWS

# CP400® Compound Crossbow

CenterPoint Archery evolves in design and performance with the introduction of the innovative CP400 crossbow. Blending licensed HeliCoil™ technology together with a custom-designed riser, CNC-machined cam system, and adjustable stock, our team has raised the bar in what is to be expected from CenterPoint. The extremely narrow 6-inch axle-to-axle width when fully cocked produces speeds of up to 400 fps and generates a knock-out punch of up to 142 fpe. This evolutionary design delivers amazing power and downrange accuracy.

**400 FEET PER SECOND**

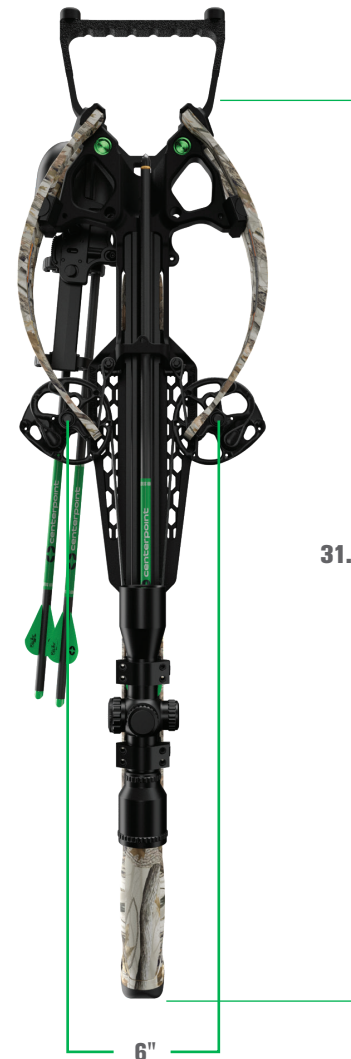

## CP400® Compound Crossbow Package

- CNC machined cam system
- Folding stirrup
- Aluminum rail
- Anti-dry fire and auto safety
- Adjustable tactical stock
