

FAQ

Are the holsters replaceable for the Gunny Sacks?

Yes, they come in various styles - small, medium/ large, Glock 26/27, Kahr K9/K40 and Colt 1911.

What's the difference between the Super Fly® and The Nemesis®?

The Super Fly® is a revised version of The Nemesis®. The Super Fly® has a tackier rubberized fabric and features a detachable flap which conceals the outline of the firearm in your pocket. The flap is attached by a thin strip of hook and loop fastener on the longest side of the holster.

Do the ankle holsters come with the calf strap?

No. The calf support strap (C14) is an optional item that can be used with all of our ankle holsters.

Can I change the color of the snap on the accessories?

Yes, on all uniform accessories you can choose silver, brass, or black snaps.

Does The Companion come with both a clip and a belt loop?

No. The Companion holster comes with belt slots on one side of the holster for belt carry, and either a clip or a belt loop on the other side for IWB carry. It can be worn inside or outside the pants.

Are the holsters interchangeable on the style #11D shoulder rig?

Yes. You may purchase additional holsters as long as you use a DeSantis harness.

Do tension screws need to be adjusted on the holsters?

Yes. Frequently they fall from the holsters. If you use the holster daily, you should tighten the tension screws frequently to keep them from falling out.

How do I feed my belt through the A35 speedloader holder?

Feed your belt through the cartridges so that 3 bullets are on either side of your belt.

How do I know which size belt to order?

Measure your existing belt from the inside edge of the buckle to the center hole, this will determine what size you will need to order. Our belts are slightly oversized, approximately 2" to accommodate holsters and accessories.

I just received my M24 Tuck-This® II holster and I think I received the wrong fit. How can I make sure I received the right holster?

With the steel clip facing you, if you are right hand, the magazine pouch will be on the right side. If you are left hand, the magazine pouch will be on the left side.

Please note, when wearing the holster on the small of your back, the gun must be drawn with knuckles facing out.

What is the difference between "lined" and "unlined" holsters?

A "lined" holster is made with suede on the inside to prevent rubbing or scratching on a firearms finish. An "unlined" holster has a raw leather finish which may have a natural tendency to "rub" a finish on a firearm.
