EASY ON/OFF
Patented Outrigger System Positions Strap for Optimal Helmet Compatibility

PRODUCT DESCRIPTION

The patented ESS Profile NVG™ is a compact military/tactical goggle system with no compromises. Created with direction from elite U.S. Special Forces groups, it has all the advantages of a low-profile, night-vision-compatible frame.

The Profile NVG™ goggle's full-perimeter ventilation and filtration system minimizes lens fogging and filters airborne particles, dust and splashes. Advanced ClearZone™ FlowCoat lenses provide an optimal combination of anti-scratch coatings on the outside of the lens and anti-fog coatings on the inside. Battle tested in the most demanding theaters, the ESS Profile NVG™ is authorized and issued by the U.S. Army, USMC, USAF, and numerous NATO governments.

FRAME & LENS OPTIONS

Frame Color	Lens Tint	VLT*
