REALISM THAT GETS RESULTS™

EXCLUSIVE

UVISION™ PAINT TECHNOLOGY

The Flambeau® Advantage – A Science of Attraction

Waterfowl see what the hunter cannot – ultraviolet light. Scientific research has proven that specific patches of waterfowl plumage reflect a UV signature that the birds use for identification purposes. The UV signature of these feathers fluoresce and glimmer to the eye of the duck.

During the migration, what the birds come to trust and deem safe is the reassuring ultraviolet signature of live waterfowl. Flambeau® decoys with exclusive patented UVision™ paint technology mimic the inviting visual of a live bird for the world's deadliest combination of realism and deception. **Let Science Seal the Deal.**

REALISM THAT GETS RESULTS™

THE GUNNING SERIES

RIDES THE WATER
LIKE A LIVE DUCK

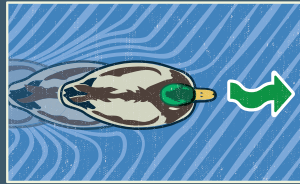

THE GUNNING SERIES DECOY

Flambeau's homage to the rich history of waterfowling that duck hunters so proudly revere. Modeled after the heritage carving concept of simplicity and efficiency once based on the real anatomy of ducks, the Gunning Series puts back into the modern decoy the hand-carved originality of a rounded bottom with the paramount feature that had become absent in the evolution of decoy design over the years – *the gunning style keel*. The low-profile, skeg-style keel, in combination with the decoy's carefully engineered curved underside, tips the Jones cap in gratitude to what our predecessors knew best – a design that makes the decoy ride the water like a live duck.

Gunning Series Duck Decoys

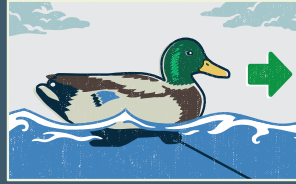

GUNNING SERIES PERFORMANCE ADVANTAGE:

Calm Water

Live-action, independent movement in the slightest breeze due to minimized drag.

Steady Current

Anatomical curvature of the bottom forces water down and away, allowing the decoy to ride and glide on top of strong current like a live duck.

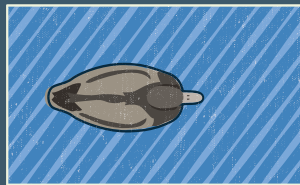

Big Water

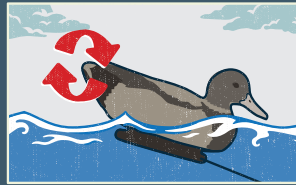

Auto-corrects to a forward-facing direction when riding waves to mimic the rhythm and coordination of a live duck staying on course in choppy water.

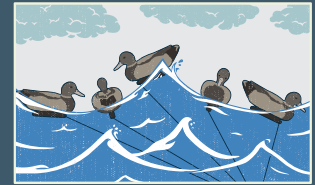

Decoy-X

Flat bottom and oversized keel act as a water brake to keep the decoy stationary, motionless, and dead in the water.

Flat bottom misdirects current up and over the decoy, forcing it to dig and then fishtail.

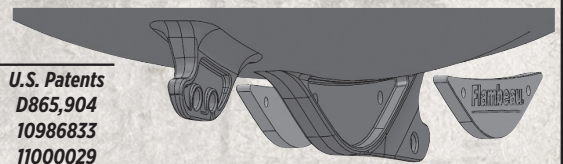

Haphazard reaction to waves appears disoriented and unnatural.

**Gunning Series
Keel Design:**

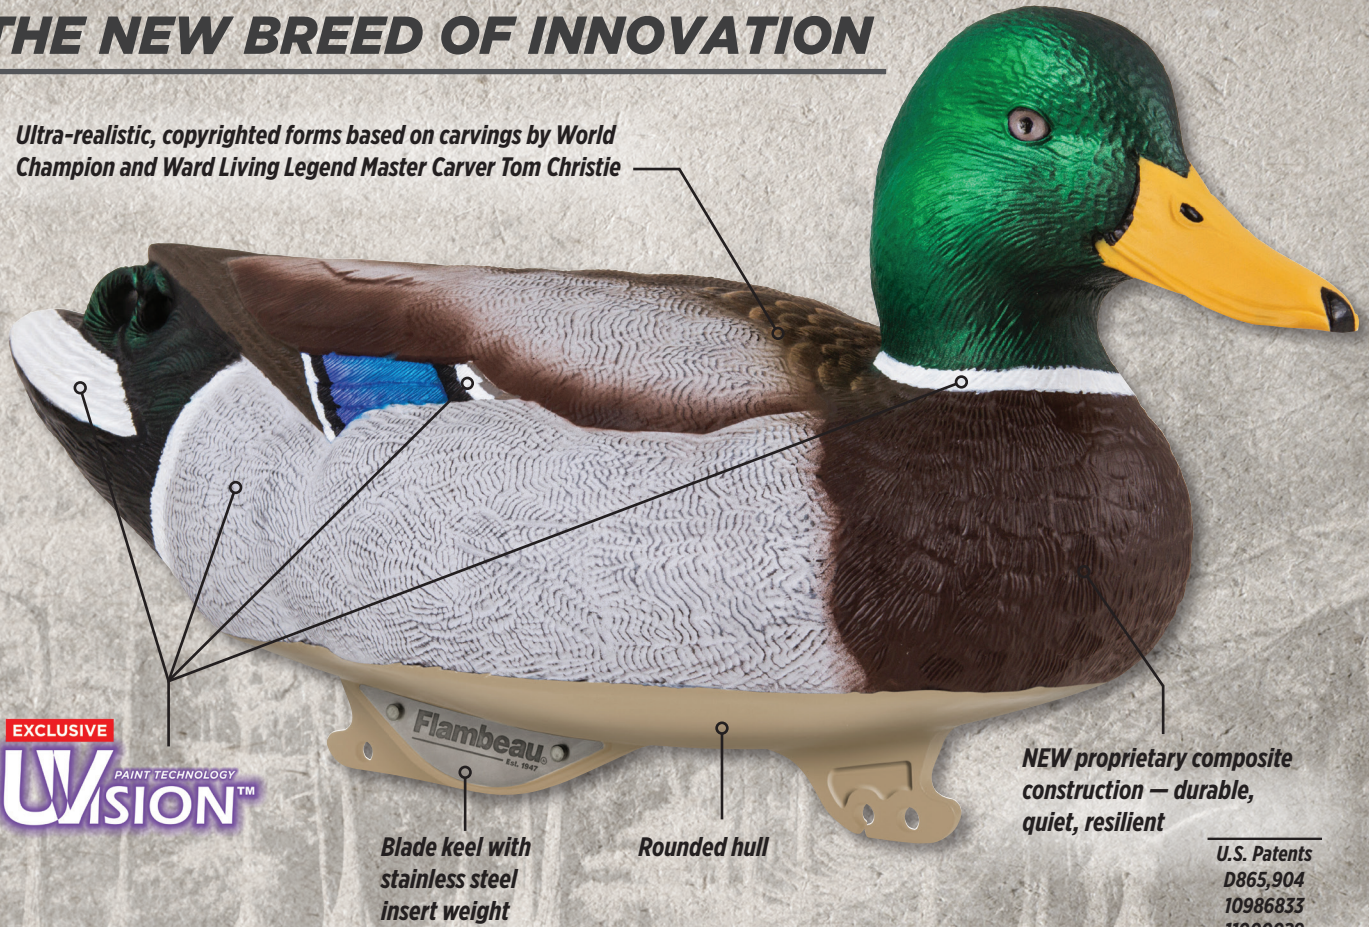

Anatomically-inspired rounded hull featuring a low-profile, blade keel with stainless steel insert weights for "live duck" performance in all conditions, including mere inches of water.

REALISM THAT GETS RESULTS™

STORM FRONT₂

REALISM THAT GETS RESULTS™

Our banner decoy series takes its name after the most anticipated phenomenon of the waterfowl season—the arrival of fresh birds with a storm front. Carved by renowned master carvers Tom Christie, Dave Van Lanen and Rich Smoker, Storm Front₂ decoys are a deadly fusion of what the birds need and the hunter demands—unsurpassed realism and unequivocal durability. From a proprietary polymer blend for “battleship” longevity in the field to the ultra-visible, ultra-violet and ultra-effective use of UVision paint technology, the Storm Front₂ series has duping the ducks season after season down to a perfect science.

- Carved by renowned master carvers
- Features Patented UVision™ Paint Technology
- Proprietary keel design on floating decoys features multiple tie-off points for varying orientations in spreads

THE OVERSIZED DECOY THAT CAN'T BE OVERLOOKED

*20" Masters™ Series
Super Magnum Mallard*

REALISM THAT GETS RESULTS™

Masters SERIES

REALISM THAT GETS RESULTS™

Flambeau's tried-and-true line of decoys built on our classic fundamentals of REALISM THAT GETS RESULTS.™ Crafted with complexity for life-like detail and designed with simplicity for long-lasting durability in the field.

- 1984 Original Super Magnum Mallard -

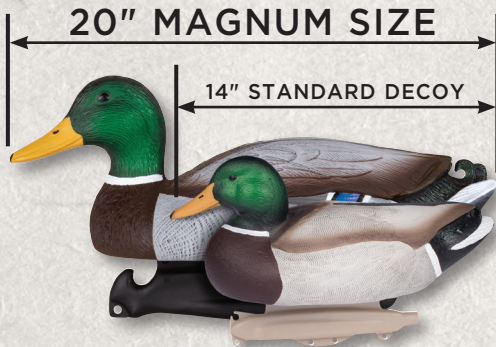

SUPER MAGNUM MALLARD
5760MG

6
PACK

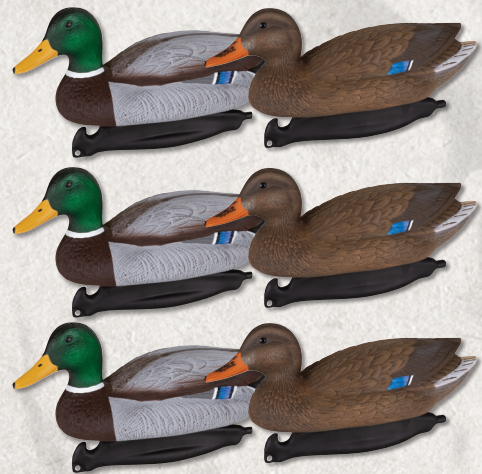

Carton Size: 20" x 14" x 21"
Carton Weight: 13 lbs.

Hatched in 1984 as waterfowling's modern 20" big-water block, soon favored for its visibility through thick timber canopies, and then preferred for commanding attention on swollen river oxbows, the original Super Magnum's famed reputation is as epic as its proportions.

Large but lightweight, atypical in size but realistic in form, the legacy durability and historical effectiveness remains unchanged for today's waterfowler. Set your spread apart with the added horsepower of the original Super Magnum Mallard.

THE OVERSIZED DECOY THAT CAN'T BE OVERLOOKED.

3 Drakes, 3 Hens

- 20" Overall length

REALISM THAT GETS RESULTS™

The Lohman® name has been synonymous with Real Sound since 1937. Featuring authentic and rich tones, rugged construction and designs for hunters of all skill levels, the user friendly calls are among the most recognized game calls in the industry.

Big River® Calls hail from a rich waterfowl heritage of custom Mississippi Alluvial Valley craftsmanship. Specializing in hand-tuned premium calls, the Big River line features classic and contemporary designs tailored in the tradition of characteristic quality and constitution.

5-IN-1 MULTI-SPECIES DUCK WHISTLE 419L

Packed: 6 per Carton
Carton Size: 7.75" x 7.75" x 3"
Carton Weight: 1 lb.

★ ★ ★ ★ **MADE IN U.S.A.**

- Produces the natural calls of a Teal, Wood Duck, Wigeon, Pintail, and Drake Mallard
- The classic Lohman "Real Sound" of this whistle creates crisp, attention grabbing peeps, squeals, whistles, trills and hums of various waterfowl
- Includes call lanyard

GOLD SERIES™ DUCK CALL 1015L

SINGLE-REED • HAND-TUNED

Packed: 6 per Carton
Carton Size: 9" x 6" x 6"
Carton Weight: 1.25 lbs.

★ ★ ★ ★ **MADE IN U.S.A.**

- This easy-to-blow call perfectly reproduces the rich tones of the mallard hen
- Extra loud design
- Durable, weatherproof call

STUTTGART MEGAPHONE DUCK CALL BR870

DOUBLE-REED • HAND-TUNED

Packed: 6 per Carton
Carton Size: 9" x 4.25" x 7.5"
Carton Weight: 1.5 lbs.

★ ★ ★ ★ **MADE IN U.S.A.**

- Hard-hitting, max-volume big water or open-field call

A pedigree double-reed J-frame built to hail with the highest of highballs. The refined, contemporary profile of the barrel and keg shot in polycarbonate creates an ergonomically sleek powerhouse for roaring hail strings, commanding comebacks and agile stut-ter quacks. A competition-worthy call for the big water and open field stages when winning over wads of green-heads is the ultimate trophy.

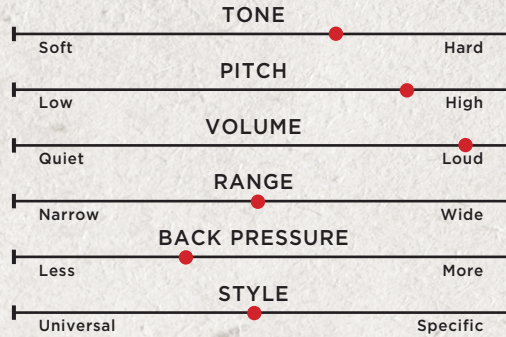

**"D2D" (Dawn-to-Dusk) GOOSE CALL
BR925**

Packed: 6 per Carton
Carton Size: 10.5" x 5" x 7.25"
Carton Weight: 1.9 lbs.

SHORT-REED • HAND-TUNED

★ ★ ★ ★ **MADE IN U.S.A.**

- Dawn-to-dusk workhorse built for volume, speed and dexterity

A compact, rugged honker for the hunter who camps from dawn-to-dusk in the blind during the migration. Featuring a widened keg horn, the back pressure can be easily manipulated to swing between blazing speed and crisp, tack driving clucks. The big-bellied barrel harnesses bellowing moans and releases rapid greetings with power from sunrise to sunset.

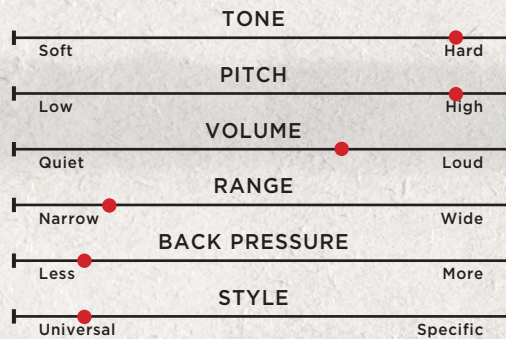

**GOLD SERIES™ GOOSE CALL
1025L**

Packed: 6 per Carton
Carton Size: 9" x 6" x 6"
Carton Weight: 1.25 lbs.

LONG-REED • HAND-TUNED

★ ★ ★ ★ **MADE IN U.S.A.**

- Complement your decoy spread with this imitator that produces all of the natural sounds of the Canada Goose
- Easy to blow
- Great volume

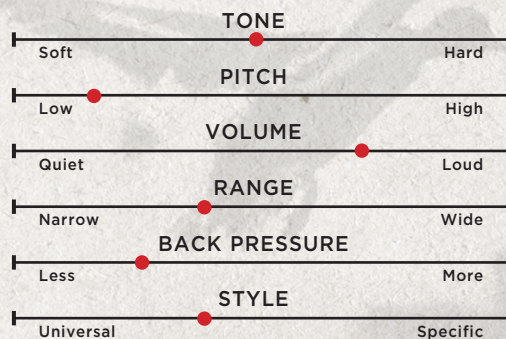

**LONG HONKER™ GOOSE FLUTE
BR189**

Packed: 6 per Carton
Carton Size: 15.5" x 6.5" x 7.5"
Carton Weight: 2.5 lbs.

LONG-REED • HAND-TUNED

★ ★ ★ ★ **MADE IN U.S.A.**

Revered as the easiest blowing goose call on the market. Like the anatomy of a goose neck, the long tone channel enriches the natural deep, hollow sound of a Canada's call as air pressure passes through the length of the flute.

SCRAPPER BUCK™

REALISM THAT GETS RESULTS™

REALISM THAT GETS RESULTS™

Masters SERIES™

SCRAPPER BUCK™

New!

MASTERS SERIES™ SCRAPPER BUCK™
5965SB

1
PACK

Carton Size: 35" x 16" x 14"
Carton Weight: 13 lbs.

DIMENSIONS:

- Nose to tail: 44"
- Antler tip to ground: 47"
- Body width at widest point: 13"
- Shoulder to ground: 32"

Born to agitate, not intimidate, the Scrapper Buck's adolescent presentation based on a carving by award-winning sculptor Chris Schiller will coax any buck looking to mark and protect its territory into range. The Scrapper Buck's inferior size and rack, compared to its mature predecessor, The Boss Buck, replicates that of a curious 2.5 year-old foolishly trespassing or looking for love in all the wrong places.

- **REALISM THAT GETS RESULTS:** Includes adjustable ears for alert or seeking positions, improved adolescent paint scheme, and a weather resistant faux tail that moves in the slightest breeze
- **CONVENIENT TRANSPORTATION:** Legs, head, ears and antlers nest within the body cavity and slide into a blaze orange carry bag for easy transit to and from the stand
- **STURDY DESIGN:** Threaded leg posts and improved locking lugs for secure assembly
- **FIRM STABILITY:** Easily stabilize the decoy by inserting the improved squared head stakes (included) through a hole in the hoof and inserting them into the ground
- **ATTRACTANT READY:** Peg on rear leg for attaching scent pads or scent can be applied directly to faux tail

Scrapper Buck™

ADJUSTABLE EARS

MASTERS SERIES™ BOSS BUCK™
5965MS

1
PACK

Carton Size: 40" x 17.75" x 14"
Carton Weight: 21 lbs.

DIMENSIONS:

- Nose to tail: 60"
- Antler tip to ground: 58"
- Body width at widest point: 13"
- Shoulder to ground: 41"

Amazing realism created by award-winning sculptor, Chris Schiller. Deploy the Boss Buck to entice a territorial trophy buck to come running and fight for his turf...right in your sights. The most life-like deer decoy available, the Boss Buck sets the stage for a good ol' rut battle faster than you can say "rut."

- Threaded post legs and locking lugs for secure assembly and stability
- Legs, head, ears and antlers fit in body cavity for easy transportation or storage
- Includes blaze orange carry sling

Deer Decoys

MASTERS SERIES™ BOSS BABE™
5965MD

1
PACK

Carton Size: 35" x 16" x 14"
Carton Weight: 14 lbs.

- DIMENSIONS:**
- Nose to tail: 41"
 - Tip of ear to ground: 44"
 - Body width at widest point: 13"
 - Shoulder to ground: 32"

BOSS BABE™

Based on a carving by award-winning sculptor, Chris Schiller, the Boss Babe is a buck magnet. Featuring a sturdy, ultra-realistic posture and true-to-life size, rutting bucks—from little baskets to chandelier Booners—come running to investigate and will even circle and mount. The Boss Babe can be used alone or as the perfect complement to the Boss Buck to simulate a peak of the rut courtship.

- Secure leg attachment design features threaded legs posts and locking lug nuts
- Includes (2) sets of ears: submissive and alert
- Peg on rear leg for attaching scent pads
- Legs and head fit in body cavity for easy transportation

GRAZING DOE
5967GD

1
PACK

Carton Size: 35" x 16" x 14"
Carton Weight: 15 lbs.

- DIMENSIONS:**
- Nose to tail: 41"
 - Shoulder to ground: 33"
 - Body width at widest point: 11"

GRAZING DOE™

The Grazing Doe brings a very calm atmosphere to any deer hunting situation. The true-to-life size and realistic paint scheme tells a lurking trophy buck to trust his surroundings and move in to investigate. Complement the Grazing Doe with the Boss Babe or lay the tracks for a buck showdown by introducing the Boss Buck into the mix.

- Lug and keyhole leg attachment design for quick disassembly (legs and head fit in body cavity for convenient transportation)
- Opposable ears
- Realistic hair detail and life-like paint scheme
- Can be staked in heavy winds (*stakes not included*)

Predator Decoy and Calls

- Predator Calls -

The famous weatherproof Circe®, founded in 1958, Circe® is a heritage favorite amongst avid predator hunters. Flambeau is proud to continue the tradition of producing the best selling predator calls ever. Circe truly is the "Call of the Wild."

CIRCE® THREE CALLS IN ONE MVP-4

★ ★ ★ ★ ★ **MADE IN U.S.A**

- 3-in-1: Jackrabbit, Cottontail, and Coaxer
- Completely self-contained
- Quickly changes from voice to voice by simply twisting top
- Great for long-range, mid-range, and close-in calling
- Non-corrosive stainless steel reeds

- Produces the loud, gravelly scream of the rabbit in distress
- Great for extra-long range calling in open country or for windy days
- Hand-tuned, this call has been known to bring in predators for over a mile
- Non-corrosive stainless steel reed

- Produces the high-pitched scream of a cottontail rabbit in distress
- Most effective in wooded areas, after the jackrabbit call is used to start the predator your way
- Hand-tuned, very effective in coaxing game within camera, gun or bow range
- Non-corrosive stainless steel reed

CONFIDENCE SELLS!

The presence of a wary heron or sandhill crane tells other birds the area is safe.

- Each full-body decoy communicates safety and instills confidence in wary waterfowl over a decoy spread
- Features UVision™ paint technology that mimics the ultraviolet signature of a live bird to the eye of waterfowl
- The realistic paint design and durable hard plastic body makes the Sandhill Crane an ideal decoy to coax birds onto the X with confidence

BOW CASE

REVOLUTIONARY FOAMLESS PROTECTION

New!

FORMULA BOW CASE
30060X - 1 Pack

MADE IN U.S.A.

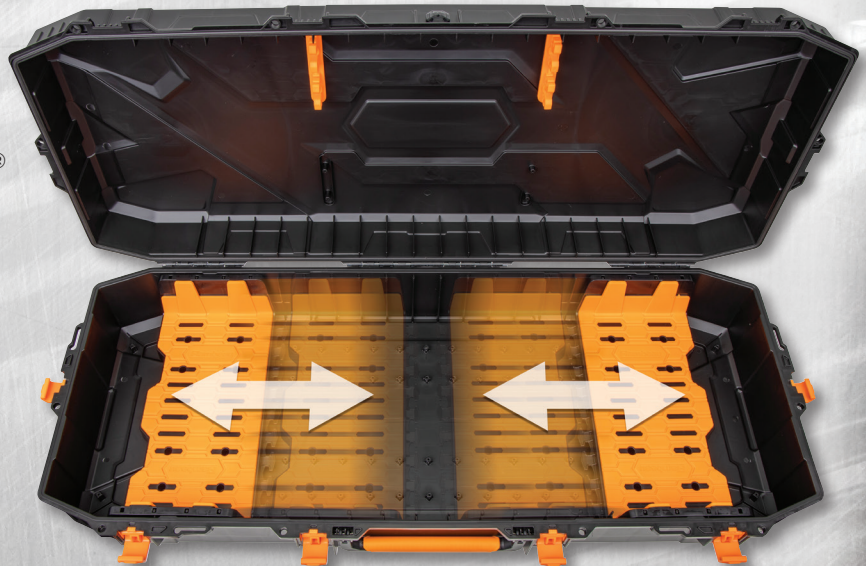

AIRLINE FRIENDLY

The Formula™ Bow Case delivers an unrivaled storage solution with the revolutionary Adjustable Bow Security (A.B.S.) System, a foamless chassis assembly that free-floats critical precision components — sight, cams, cables, and string — for contact-free preservation. The shock-absorbing A.B.S. chassis format features integral tie-down spines that anchor risers using patented Nite Ize Mega™ Gear Ties® to cement bows in place for protection perfection.

A.B.S. System Advantage:

- **FOAM FREE:** Utilizes adjustable foamless chassis with shock absorbing rubber membrane
- **SECURE TWIST:** Features twistable patented Nite Ize Mega™ Gear Ties® to unconditionally anchor bows in place during transit
- **PROTECTION REPETITION:** Hassle-free, muscle memory tiedown operation
- **PRESERVED PRECISION:** Free-floats sights, cams, cables, and strings to safeguard critical precision components
- **QUIVER TO-GO:** Permits quiver to remain attached to bow in case
- **BROAD-SPECTRUM CAPABILITY:** Fits makes and models under 40 inches in overall length with the accessory pouch inserted and 43 inches in overall length without the accessory pouch

ADJUSTABLE FOAMLESS CHASSIS

Secure Twist: Features twistable patented Nite Ize® Mega™ Gear Ties to unconditionally anchor bows in place during transit

Protection Repetition: Hassle-free, muscle memory tiedown operation

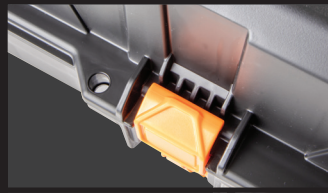

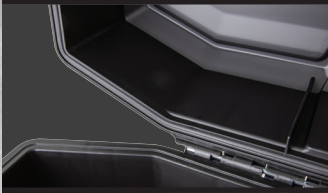

Broad-Spectrum Compatibility: Fits makes and models under 40" in overall length with the accessory pouch inserted and 43" in overall length without the accessory pouch

24.75" L x 13.75" W x 16" D

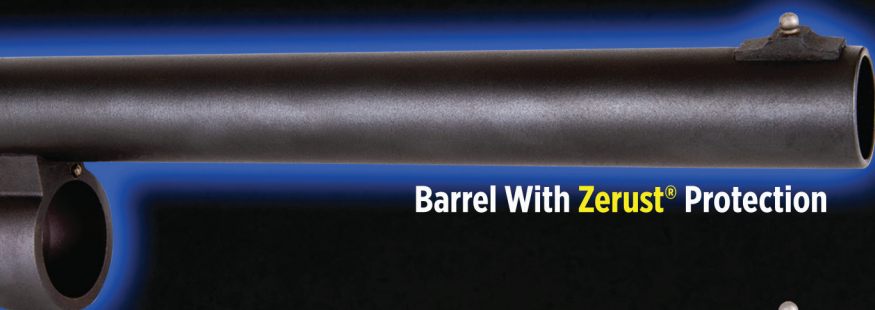

Large Portable Gear Box

The difference between
CLICK and **BOOM** today...
JUNK and **HEIRLOOM** tomorrow.

Flambeau's **Zerust**[®] technology protects
the gear of today for the performance of tomorrow.

A few hours. In a hot, humid environment, that's all it takes for rust to begin to form on your gun. A few days and the damage caused could be irreparable. You clean and oil your gun after each use, but can you be sure you've thoroughly covered each gap, joint or interior metal surface? When enclosed in a Flambeau gun case, the anti-rust and corrosion vapor emitted by our Zerust[®] technology coats every exposed metal surface with corrosion inhibiting molecules, giving your clean firearm the most comprehensive level of corrosion protection against rust, tarnish, pitting and flaking physically possible.

PRESERVE. PERFORM. REPEAT.

Barrel With **Zerust**[®] Protection

Barrel Without Protection

Zerust[®] - Rust Test

Sprinkled with water and then immediately wiped down with a dry towel, each of the barrels in our test demonstration were placed in cases—one with Zerust protection and one without—and left unattended in a basement with a relative indoor humidity reading of 40-60% for approximately 45 days.

The **ORIGINAL** and still the **BEST VCI**
for worry-free firearm protection.

Flambeau's **EXCLUSIVE Zerust**[®] products are the absolute best way to protect your gear from rust and corrosion.

What is Zerust[®]? A VCI polymer technology molded directly into Flambeau plastics that provides years of hassle-free, long-lasting protection.

How does Zerust[®] work? Zerust-infused plastics emit an odorless, harmless vapor in a contained area to naturally form a protective layer around exposed, clean metal surfaces to prevent oxidation-reduction and stop rust and corrosion.

Zerust[®] is a registered trademark of Northern Technologies International Corporation (NTIC). ©2020 Flambeau Inc.

Rust and Corrosion Inhibitors... The Best Way to Protect Your Valuable Investments!

Flambeau's EXCLUSIVE Zerust® products are the absolute best way to protect your gear from rust and corrosion. Molded into many Flambeau products, this polymer emits an odorless harmless vapor, forming a protective layer around metal surfaces for years of hassle-free, long-lasting rust and corrosion protection. Look for the Zerust symbol for products that include Zerust!

- Safe Shot™ Double Wall -

The Flambeau® pistol storage line dedicated to optimally engineered firearm protection. The Double Wall series features blow molded construction that protects contents with two HDPE walls encasing an internal air pocket. Made in the U.S.A., this series is the first and last line of defense you'll ever need to keep your weapons perfectly preserved during the roughest of conditions encountered during travel. Whether a Double Wall case is used for transportation or simply for storage, trust that our Zerust technology and pluck foam cushioning included in each case keeps your weapon exactly where you left it and how you left it the next time you need it.

Zerust Infused Pistol and Rifle Cases

REALISM THAT GETS RESULTS™

INFUSED WITH ZERUST® ANTI-RUST + TARNISH PROTECTION

IT'S IN THE PLASTIC: The patented anti-corrosion Zerust® technology infused directly into the plastic of these boxes emit an odorless, harmless vapor that forms a protective layer around ammunition for hassle-free protection against tarnish and rust.

MINIMUM 5 YEAR ZERUST® PROTECTION

A few hours. In a hot, humid environment, that's all it takes for tarnish to give way to rust on ammunition. A few days and the damage caused could mean a round's inability to safely and reliably fire.

The Infused Series features Zerust®, Flambeau's exclusive, patented VCI polymer technology, *now with an anti-tarnish additive designed specifically to stop rust and tarnish on non-ferrous metals like copper and brass.* Impregnated directly into the entirety of each case's plastic construction, the Infused Series offers up to 10 years of hassle-free tarnish and corrosion protection as the first and last line of defense for preserving the ammunition of today for the performance of tomorrow.
