OWNER'S MANUAL &
OPERATING INSTRUCTIONS

8 GUN DOUBLE DOOR STEEL SECURITY CABINET - BLACK

Model : HS30136028

CAUTION:

Read all Instructions and safety tips before using this product.

This is not a toy. This is not intended for use by children.

**THANK YOU FOR PURCHASING A
HOMAK SECURITY PRODUCT.
WE APPRECIATE YOUR BUSINESS.**

Congratulations on your new purchase!

Inside your gun cabinet, you will find the following items:

- | | | |
|----------------------------|--------------|-------------------|
| A) Keys | D) 4 Screws | G) 12 Shelf Clips |
| B) Foam Components | E) 4 Washers | H) 2 Bins |
| C) Plastic Barrel Rest Kit | F) 3 Shelves | |
-

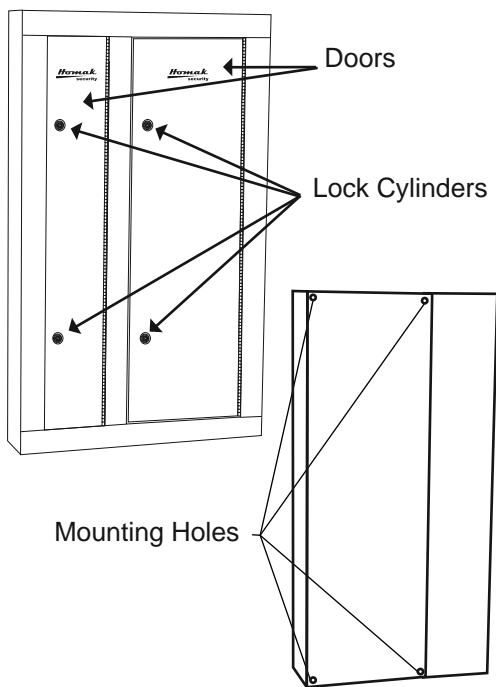

Locate this instruction manual and keep in a safe place after reading thoroughly. The factory key code can be found printed on the back page of this manual.

MECHANICAL ASSEMBLY

1. Install the cabinet

Locate the four washers and screws. Place the cabinet in a suitable location aligning the holes on the back of the cabinet with two studs in the wall that are 16" apart. Pre-drill the holes into the studs before permanently installing cabinet.

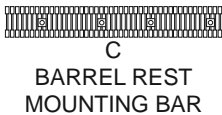

NOTE: This cabinet is not designed to be used without securing it to a wall or other surface. It may tip over.

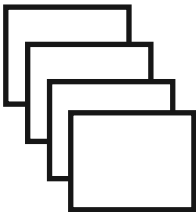

2. Foam Component

The foam part is shown below. The part has been designed to fit into the bottom of the cabinet. Carefully, remove the paper backing revealing the adhesive backing and place neatly into the bottom of the cabinet. Once the backing has been removed and the foam is attached, it can not be removed without damage.

Decide the height that you will place the barrel rest. From this measurement cut the back wall foam into two pieces at the height that you will place the barrel rest. Any extra that is left may be placed above the barrel rest on the back wall.

BARREL REST INSTALLATION

After the barrel rest mounting bar has been attached during the foam installation instructions, you may slide the barrel rests onto the mount bar in any position. They can be moved at any time.

SAFETY PRECAUTIONS:

1. Never leave a loaded firearm in this safe. Some types of weapons may discharge easily, and even though this safe is all metal construction, a bullet may penetrate the steel wall.
2. Check and remove firearms contained in this safe before returning it to Homak or a Retail store. If the safe will not open, a certified locksmith may be able to open this product safely.
3. Always leave safe locked while on display in stores.
4. Not intended for use by children. Do not play on, in or around.
5. This is a heavy unit, lifting may require a fork lift. Trying to lift this product without the use of heavy lifting equipment may result in serious injury or death.
