

METAL FRAME POOL SET

12ft x 30in (3.66m x 76cm)

Ready for water in approximately 30 minutes

Approximate Set-up Size

EASY TO ASSEMBLE

Includes less parts and no tools required.

DURABLE

Long-lasting UV stabilized polymer material. Snug fit minimizes moisture inside frame for improved rust protection.

SPECIAL FEATURES

Intex® is proud to introduce our innovative Hydro Aeration™ Technology – transforming the Above Ground Pool industry.

IMPROVED CIRCULATION AND FILTRATION

Fine particles in water clump together and settle to the bottom of the pool during the aeration process, making it easier to remove the sediment through the filtration system.

IMPROVED WATER CLARITY

By mixing air with water, the aeration process induces oxidation of iron and manganese. The result is sparkling pool water that looks and feels great!

INCREASED NEGATIVE IONS AT THE WATER SURFACE

Increased negative ions improve the air freshness around the pool.

PUNCTURE-RESISTANT 3-PLY DURABLE MATERIAL

DUAL SUCTION OUTLET FITTINGS

Intex Above Ground Pools feature dual suction outlet fittings that improve water circulation resulting in better water hygiene and clarity.

POOL SET INCLUDES

KRYSTAL CLEAR™ CARTRIDGE FILTER PUMP (110 – 120V)

- Pumps 530 gal (2,006L) per hour
- Water flow rate in pool (system flow rate): 475 gph (1,798 lph)
- Easy to clean filter cartridge
- Easy installation - just hook up hoses and enjoy!
- Conforms to UL and CSA standards

Uses Type A or C filter cartridge
(one included)
For best results, replace every 2 weeks
