

Wild Aspen 20™ Rectangle Sleeping Bag

Three-season synthetic rectangular sleeping bag with plenty of room for comfort

The Wild Aspen 20 is thoughtfully designed for three-season comfort. The bag features synthetic insulation for an exceptional warmth-to-weight ratio. Lightweight and durable micro polyester shell is water and abrasion resistant, while the inner liner is designed to retain warmth. It features a rectangular design for plenty of room and extra comfort. Zipper draft tube ensures the cold air stays out so you sleep soundly all through the night.
