OWNER'S MANUAL

SAFETY INSTRUCTIONS

FAILURE TO FOLLOW THESE WARNINGS MAY RESULT IN SERIOUS INJURY OR PROPERTY DAMAGE AND WILL VOID WARRANTY.

To ensure safety, do not attempt to assemble this product without following the instructions carefully. Check entire box and inside all packing material for parts and/or additional instruction material. Before beginning assembly, read the instructions and identify parts using the hardware identifier and parts list in this document. Proper and complete assembly, use and supervision are essential to reduce the risk of accident or injury.

- Do not use or store hot objects such as grills, blowtorches, welding equipment, etc. near the product.
- If using a ladder during assembly, use extreme caution.
- Two capable adults are required for assembly. (It is also recommended that a third adult function as an instruction reader.)

Most injuries are caused by misuse and/or not following instructions. Use caution when using this product.

BEFORE BEGINNING ASSEMBLY

Keep the hardware bags and their contents separate. If any parts are missing, call our Customer Service Department.

TOOLS REQUIRED FOR THIS ASSEMBLY

Phillips Screwdriver

(x1)

Safety Glasses

(1 pair for each person)

ASSEMBLY GUIDES

Refer to the following areas throughout the instructions to assist in the assembly process:

This area is located at the top, left-hand corner of the page and indicates which tools and hardware are needed to complete the assembly steps on a page.

TOOLS AND HARDWARE REQUIRED FOR THIS PAGE

This area is located at the top, right-hand corner of the page and shows an image of the product with shaded parts indicating which section is being assembled.

This area is usually located in the bottom, left-hand corner of a step and indicates that special attention is needed to perform a particular part of a step.

Note:

These areas are usually located in the bottom, right-hand corner of a step and indicate that damage to the product or serious injury may occur if the caution or warning is not heeded.

Throughout the Parts & Hardware List, Part & Hardware Identifiers, and instructions are three-letter IDs. These IDs are below the images of the parts and hardware to help you locate and identify the parts and hardware during assembly. These IDs are not necessarily on the parts themselves.

TOOL CORRAL INSTALLATION

1.1

The **Tool Corral (AVG)** can be placed in either the Left, Front or Right, Rear Corners of the Shed. Locate the screw bosses about one third of the way up the Panel and hold the Tool Corral so the holes in the ends line up with the screw bosses in the Wall Panel.

Note: The large screw hole on each end should be on top.

SEC

1.2

Attach both ends of the Tool Corral to the Corner Panel using the required hardware.
