

10-RING 4 COLOR OFFICIAL TARGETS

Maple Leaf Press offers a complete line of 4 Color, 10-Ring World Archery Official Targets. Each has the World Archery logo, is marked "Official WA Face" and produced by "WA Face Licensee #1." World Archery requires that all sanctioned competition use targets produced by World Archery licensed manufacturers, and Maple Leaf Press is the only licensed United States manufacturer of targets. Maple Leaf Press has been chosen for the Olympics, USA Archery National Target Championships, many USA Archery target trial game competitions, Canadian Championships, Pan Am Games, Junior World Championships, Australian and New Zealand Championships and many foreign tournaments.

We are proud to be the first World Archery/FITA licensee as well as our continuing relationship with both World Archery and USA Archery.

NFAA OFFICIAL TARGETS

As of July 1, 1999, Maple Leaf Press is the exclusive NFAA Official manufacturer of target faces. We produce a full line of NFAA faces including Blue & White Indoor, 4-Color Animals, Field & Hunter Faces, 3-Spot and 4-Color Single Spot Targets.

NASP PROGRAM TARGETS

Designed and developed by Maple Leaf Press for NASP officials, this is an accurate, easy-to-score target. Scoring numbers from 1 to 10 are printed on all 4 diagonals from the center out but kept small and screened to avoid being a distraction for the archer. Maple Leaf Press plans a replacement patch to be released in late 2013.
