

battery powered
motion-activated
OUTDOOR NIGHT-LIGHT

Improve the safety and security of your family and your home.

Don't Miss a Step. Find the Lock!

Built-in motion sensor automatically turns on the light when movement is detected.

3 Brilliant LEDs Illuminate a Wide Path

The light is perfect outdoors for steps, locks, walkways, sheds, and indoors for bathrooms, stairways, hallways, or anywhere else you need a night light.

Compact and Portable

Simple to install. Durable and weatherproof construction is great for indoors or out.

Great for Power Outages.

Place one by each entryway, in hallways and by the circuit breaker panel. Light uses 3 AA batteries.
