VISM
A DIVISION OF NcSTAR

SIGHTS ON INNOVATION®

VISM
STRIKE FACE

OVER 20 YEARS IN THE INDUSTRY

Founded in Southern California in 1997, NcSTAR®'s mission is to consistently provide superior quality optics and sporting accessories at affordable prices. We are dedicated to providing superb customer service, setting the highest standard in the industry, with a warranty that is second to none. We provide innovative and cutting edge optics and accessories by following the latest industry trends and listening to our customer's feedback.

Started in 2010 VISM®, a division of NcSTAR®, was launched out of the desire to create a new brand of products with higher end features and innovation that our customers desire along with the same great warranty and high standard of customer service.

NEW DESIGNED IN USA

AR15/M4 MAGAZINE SPEED LOADER VIA STRIPPER CLIPS OR LOOSE ROUNDS

MODEL# AARLAV2

US PATENT 6754987, US PATENT PENDING

- AR-15/M4/M16 Speed Loader works with metal and polymer magazines. Magazines will securely lock into Speed Loader with the integrated magazine catch.
- Speed Loader works with GI 10 round stripper clips or you can load 10 loose rounds into the side tray that opens up for easy access. Side tray door is secured with a spring loaded latch.
- When the Speed Loader is loaded up with 10 rounds, insert the tethered T-handle push rod into the top of the loader and push the cartridges into the magazine. Load up another 10 or so cartridges until the magazine is at capacity.
- The T-handle push rod has several features: a magnet on the T-handle retains the empty stripper clip for easy removal, the end of T-handle push rod will also strip the cartridges from the feed lips of a loaded magazine, it has a 1/4" tool bit holder molded into the handle, the handle is tethered to the Speed Loader body with a blue lanyard.
- Speed Loader is constructed of polymer and aluminum.

See page 17

NEW DESIGNED IN USA

AK SPEED LOADER VERSION 2

MODEL# AAKLAV2

US PATENT 6754987, US PATENT PENDING

- AK Speed Loader Version 2 is designed for AK 7.62 X 39 mm type magazines.
- The AK Speed Loader will load magazines with AK 10 round stripper clips (NcSTAR AAKC AK stripper clips) or you can load up to 10 individual 7.62 X 39 mm cartridges at a time onto the ammo tray, which is accessible from a sliding tray door.
- AK type magazines (both polymer and metal mags) securely attach to the AK Speed Loader via a spring loaded metal magazine catch & release lever.
- T-Handle cartridge pusher easily and effortlessly pushes up to 10 rounds into the magazine at a time. the cartridge pusher is tethered to the AK Speed Loader with a blue nylon cord, so it's always there when you need it.
- The cartridge pusher has a magnet imedded into the T-Handle to extract empty steel AK stripper clips from the AK Speed Loader. The end of the cartridge pusher can also be used to strip catridges from a loaded magazine's feed lips.

NEW PRODUCTS

**MODEL# CVARPCR3031**

- Chest rig with integrated rifle and pistol magazine pouches.
- Includes three dual AR magazine pouches with bungee cord retention straps for each of the magazines for carrying up to six metal or polymer AR15 thirty round magazines in front of the chest rig.
- In front of each of the AR magazine pouches are two pistol magazine pouches for standard capacity pistol double stack magazines, with adjustable hook and loop flaps.
- One central 11.5"W x 7.0"H compartment behind the magazine pouches, with hook and loop fastener top closure.
- Padded shoulder straps are fully adjustable for length, for adjusting how high or low the AR Chest Rig sits on the chest.
- The shoulder straps have top mounted quick connect buckles and two side swiveling quick connect buckles for a more ergonomic fit. Shoulder straps cross over at the back for a more secure fit.
- Each shoulder strap has a metal D-ring and three rows of MOLLE for attaching additional accessories to the shoulder straps.
- A waist strap with quick connect buckles is adjustable up to 66" around the chest, to fit over most gear and body armor.

See page 102

- Adjustable wrap around universal vertical holster (right-handed) which features several flaps with hook and loop fasteners that overlap each flap to conform to the shape of the pistol and accessories mounted to the pistol's accessory rail.
- There is an internal hook and loop strap for fitting varying lengths of slides and for adjusting the height of the pistol in the holster which can also be easily changed to fit various pistol sizes, types, or several configurations of the same pistol.
- Holster features an adjustable thumb strap with a button snap that secures the pistol to the holster. There is also an optional secondary hook and loop strap that attaches to the thumb snap strap for additional retention.

**MODEL# CVHOL3032**

See page 136

- A large padded and adjustable shoulder sling provides for a comfortable carrying of the Utility Bag. Shoulder sling has a large 2.25"W plastic quick connect buckle. Adjustable sliders to adjust the sling fit to your body. The shoulder sling terminates with a plastic snap hook to attach to the either right or left side D-ring, so you can carry the Utility bag on either side of your body.
- Shoulder sling also has an adjustable cross body strap with sliders and a quick connect buckle to secure the Utility Bag close to the body and to reduce swinging.
- Main compartment has zippered and hook and loop pockets for organizing your everyday gear with a large sewn in hook patch area for placing a hook fastener CCW holster.
- Rear pocket has a padded rubberized non slip surface and a hook and loop fastener webbing for securing the Utility Bag to your belt.
- Top mounted Neoprene hand strap 5.25"W with plastic D-rings.
- Four rows of PALS webbing on the sides of the Utility Bag for attaching MOLLE accessories to the bag

**MODEL# CVSUB3025**

See page 107

MODEL# CVTACSEAT3034B

- Tactical MOLLE seat panel organizer mounts behind most vehicle driver's and passenger bucket seats.
- Seat panel organizer has nine columns and seven rows of MOLLE webbing on the top section of the seat panel for attaching MOLLE compatible accessories and pouches.
- 16.5"L top strap with a quick connect buckle to secure around the seat headrest up to 24.5" around.
- There are two pockets on the bottom of each corner for storing items. Pockets can accommodate the butt stocks of most long guns for mounting them vertically. On the top corners of the seat panel are two hook and loop straps for securing around a barrel or handguard.
- There is an internal pocket in the middle of the MOLLE panel with hook and loop securing options.
- On each corner of the seat panel are metal D-rings for additional mounting/securing options.
- Quick connect buckle attached to an adjustable 47"L bottom strap fits around 62" seats.

See page 103

MODEL# BS13AV

- Front and back panels have internal compartments for each of the two internal Level IIIA ballistic panels.
- Capable of stopping .44 Magnum and .357 Magnum bullet, with maximum backface deformation of 44 mm.
- Carrier vest and ballistic panels combo includes two separate Level IIIA ballistic panels. The front and rear ballistic panels extend to each side and overlap the front and rear ballistic panels for more side coverage.
- Made with PE fabrics.
- Flexible soft panel design allows the panel to conform to body shape.
- Ballistic panels are fully sealed to protect against liquids, chemicals, and other harsh elements.
- Back panel has the two into one elastic strap on each side that wraps around each side of the wearer and secures to the front panel via hook and loop fasteners.

See page 99

MODEL# BSO3AVB

- Front and back panels have separate internal compartments for each of the four Level IIIA ballistic panels included in the combo.
- Capable of stopping .44 Magnum and .357 Magnum bullet, with maximum backface deformation of 44 mm.
- Includes four separate Level IIIA ballistic panels. Front and rear ballistic panels extend to each side for more coverage and the two separate ballistic side panels that overlap the front and rear ballistic panels, for more side coverage.
- Flexible soft panel design allows the panel to conform to body shape.
- Ballistic panels are fully sealed to protect against liquids, chemicals, and other harsh elements.
- On the outside of the carrier vest, the front and back panels each have a 10.5"W x 12.0" external pocket with a hook and loop flap for adding external up-armor ballistic plate armor (not included).
- The shoulders each have a triple flap hook and loop strap system, for adjusting how high/low the vest sits on the wearer.
- The back panel has the two integrated ballistic side panels that wrap around both sides of the wearer and secures to the front panel via hook and loop fasteners.

See page 103

- Made with UHMWPE (polyethylene).
- The ballistic shields are manufactured using a special pressing technique to create a lighter ballistic shield.
- Rugged, reliable, stress fracture resistant, and maintenance free.
- Durable wearing hard edge protection.

MODEL# BPSHLD1224L3
Ballistic shield is rated for **NIJ LEVEL III**
MODEL# BPSHLD1224L3A

MODEL# BPSHLD2036L3A
Ballistic shield is rated for **NIJ LEVEL IIIA**

See page 88

MODEL# CVMBPS3033

- MOLLE webbing on both sides of the scabbard with two detachable PALS straps for ambidextrous usage.
- Six metal D-ring locations for attaching Included padded shoulder sling for multiple carry options.
- Grommet for drainage.

See page 126

MODEL# CVMBPS3035

- MOLLE Backpack Straps will mount to most gear with MOLLE webbing.
- The MOLLE web mounting panel is 5 columns wide by 4 spaced rows.
- The shoulder straps are contoured, padded, and adjustable for length and comfort.
- The shoulder straps have metal D-rings.
- Feature an adjustable sternum strap with a quick connect buckle.
- Includes two 7" PALS straps.
- MOLLE Web Mounting Panel Width: 7.0"H by 9.0"W
- Padded Shoulder Strap Length: 17.0"
- Padded Shoulder Strap Width: 3.0"

See page 126

MODEL# CVDC2946-52

- Thick padded foam around the main compartment to protect firearms.
- 4 hook and loop straps to properly secure each rifle.
- Lockable main compartment. Metal zippers with small padlock loops.

See page 116

See page 148

MODEL# CVDC2962-32

- Lockable main compartment with metal zipper & small padlock loops.
- 3 exterior pockets to store magazines, ammo & additional gear.
- Heavy duty padded carry handles.
- Adjustable shoulder strap attaches to large metal D-rings.

See page 122

KPM

DESIGNED IN USA

AR LOWER RECEIVER WRENCH

MODEL# VTARW4

US PATENT: D803020

LENGTH	WEIGHT
10.5"	18.0 oz.

- M4 Castle Nut Wrench
- 1/2" Drive
- 3/8" Drive
- Heavy duty ergonomic handle
- A2 Buffer Tube Wrench

PROSERIES

AR TOOLS

AR15/M4 HANDGUARD REMOVAL TOOL

MODEL# TARHR

- This tool makes it easy for one person to handle the sometimes difficult task of removing or Installing GI Handguards
- Works with rifle, carbine, & mid-length handguards. Tool end goes into the mag well and the arms slips over the delta Ring
- With some easy leveraging that compresses the delta ring with a single hand, frees up your other hand to remove/install handguards
- Steel construction with a protective non-marring plastic coating
- Length: 10.6"
- Weight: 5.9 oz

AR15 A1 & A2 FRONT SIGHT ADJUSTMENT TOOL

MODEL# TARFST

- A1 (5 prong) and A2 (4 prong) front sight adjustment tool
- Steel construction
- Length: 2.2"
- Weight: 0.8 oz

AR15/M4 GUNSMITHING TOOL KIT WITH ROLL-UP CLEANING MAT

MODEL# TGSARKT - TAN
MODEL# TGSARKB - BLACK

ROLLED-UP DIMENSIONS:
15.0"L x 3.0"H X 3.0"D

Tools are subject to change without notice

EXTENDED DIMENSIONS:
36" x 29"

KIT INCLUDES:

STEEL PUNCHES:

- 5/64" Gas Tube roll pin tool
- 3/32" Bolt Catch roll pin tool
- 1/8" Trigger Guard roll pin tool

BRASS PUNCHES:

- 1/4" Brass Punch
- 5/16" Brass Punch

PLASTIC PUNCHES:

- 7/32" Plastic Punch
- 5/16" Plastic Punch

AR15/M4 HANDGUARD REMOVAL TOOL (TARHR)

NYLON CLEANING BRUSH

- Broad and Narrow bristle brush heads

AR15/M4 ARMORER'S WRENCH GEN II (TARW2)

- Various types of barrel nut, castle nut, muzzle brake, buffer tube wrenches and more!

MALLET

- Brass & Nylon Hammer with Wooden Handle

FRONT SIGHT ADJUSTMENT TOOL

- AR15/M4 A1 & A2 (TARFST)

ESSENTIAL GUNSMITH TOOL KIT

MODEL# TGSETK

DIMENSIONS:
15.5"L x10.5"H X 3.2"D

Tools are subject to change without notice

KIT INCLUDES:

30PCS 1/4" SCREW BIT SET

- Flat Blade (mm): 3,4,5,5.5,6,7
- Phillips: PH0, PH1, PH2, PH3, PZ0, Z1, PZ2, PZ3
- Hex: H3, H4, H5, H6
- Torx: T10, T15, T20, T25, T27, T30, T40
- 1/4" Hex Bit to 1/4" Socket Adapter
- Square: S1, S2, S3

6 PCS JEWELERS' SCREW DRIVERS SET:

- Flat Blade (mm) : 1.4, 2.0, 2.4, 3, 0
- Phillips: #0, #1

SCREW DRIVER HANDLE WITH 1/4" HEX DRIVER

Length: 7.4"

2 PCS POLYMER PUNCH SET:

- Polymer Drift Punch: 7/32", 5/16"

TRIANGLE FILE

Length: 7.7"

5 PCS BRASS PUNCH SET

- Brass Drift Punch: 1/8", 5/32", 7/32", 1/4", 5/16"

8 PCS STEEL PUNCH SET

- Roll Pin Drift Punch - 3/32", 1/8", 3/16", 1/4",
- Drift Punch - 3/32", 1/8", 3/16",
- Center Punch - 4.8"L

SAFETY GLASSES

- Polycarbonate Lenses

GUNSMITH BENCH BLOCK:

- Nylon Diameter 4"

NEEDLE NOSE PLIER:

Length: 4.5"

MALLET WITH NYLON & BRASS ENDS

Length: 11"

AR15/M4 MAGAZINE SPEED LOADER VIA STRIPPER CLIPS OR LOOSE ROUNDS

MODEL# AARLAV2

US PATENT 6754987, US PATENT PENDING

HEIGHT	WIDTH	DEPTH	WEIGHT
7.0"	3.75"	1.5"	13.7 oz.

- AR-15/M4/M16 Speed Loader works with metal and polymer magazines. Magazines will securely lock into Speed Loader with the integrated magazine catch.
- Speed Loader works with GI 10 round stripper clips or you can load 10 loose rounds into the side tray that opens up for easy access. Side tray door is secured with a spring loaded latch.
- When the Speed Loader is loaded up with 10 rounds, insert the tethered T-handle push rod into the top of the loader and push the cartridges into the magazine. Load up another 10 or so cartridges until the magazine is at capacity.
- The T-handle push rod has several features: a magnet on the T-handle retains the empty stripper clip for easy removal, the end of T-handle push rod will also strip the cartridges from the feed lips of a loaded magazine, it has a 1/4" tool bit holder molded into the handle, the handle is tethered to the Speed Loader body with a blue lanyard.
- Speed Loader is constructed of polymer and aluminum.

.223/ 5.56X45 STRIPPER CLIPS

MODEL# AARC
20 PCS

- Holds 10 rounds
- Steel Construction
- Length: 4.0"
- Weight: 0.3 oz. (per clip)

.308/ 7.62X51 STRIPPER CLIPS

MODEL# AFNC
20 PCS

- Holds 10 rounds
- Steel Construction
- Length: 4.9"
- Weight 0.6 oz (per clip)

7.62X39 STRIPPER CLIPS

MODEL# AAKC
20 PCS

- Holds 10 rounds
- Steel Construction
- Length: 4.9"
- Weight: 0.4 oz. (per clip)

7.62X54R STRIPPER CLIPS

MODEL# AMNC
10 PCS

- Holds 5 rounds
- Steel Construction
- Length: 2.6"
- Weight: 0.3 oz. (per clip)

NEW DESIGNED IN USA

AK MAGAZINE SPEED LOADER VERSION 2 VIA STRIPPER CLIPS OR LOOSE ROUNDS

MODEL# AAKLAV2

US PATENT 6754987, US PATENT PENDING

HEIGHT	WIDTH	DEPTH	WEIGHT
9.0"	5.0"	1.75"	17.5 oz.

- AK Speed Loader Version 2 is designed for AK 7.62 X 39mm type magazines.
- The AK Speed Loader will load magazines with AK 10 round stripper clips (NcSTAR AAKC AK stripper clips) or you can load up to 10 individual 7.62 X 39mm cartridges at a time onto the ammo tray, which is accessible from a sliding tray door.
- AK type magazines (both polymer and metal mags) securely attach to the AK Speed Loader via a spring loaded metal magazine catch & release lever.
- T-Handle cartridge pusher easily and effortlessly pushes up to 10 rounds into the magazine at a time. The cartridge pusher is tethered to the AK Speed loader with a blue nylon cord.
- The cartridge pusher has a magnet imbedded into the T-Handle to extract empty steel AK Stripper clips from the AK Speed Loader.

DESIGNED IN USA

S&W® M&P 15-22® BARREL NUT WRENCH

MODEL# TMP1522

LENGTH	DIAMETER	WEIGHT
11.0"	1"	6.9 oz.

- Quickly and easily remove the factory barrel nut on the Smith & Wesson® M&P 15-22®
- Allows you to add a free float handguard to your Smith & Wesson® M&P 15-22®
- The lugs are designed to fit snugly, to keep the nut from getting damaged.
- The inside of the wrench will fit over most standard A1 and A2 flash hiders.

AK/SKS FRONT SIGHT ADJUSTMENT TOOL

MODEL# TAK

LENGTH	WEIGHT
2.7"	4.9 oz.

- Two-piece front sight adjustment tool
- T-handle has a slot which interfaces with the front sight post to adjust the front sight's elevation
- Combined, the tool will move the front sight barrel left or right for adjusting the front sight's windage
- Steel construction

AK CLEANING ROD REPLACEMENT

MODEL TAKR

DIMENSIONS:

15.7"L x 0.2"H x 0.2"D

WEIGHT: 2.1 oz

- Fits AK-47/ AKM 7.62/.30 cal bores
- Factory replacement for missing or lost cleaning rods
- Steel construction

SKS CLEANING ROD REPLACEMENT

TSKSR

DIMENSIONS:

17.0"L x 0.2"H x 0.2"D

WEIGHT: 2.2 oz

- Fits SKS 7.62/.30 cal bores
- Factory replacement for missing or lost cleaning rods
- Steel construction

CLEANING TOOLS

**5.56/.223
BARREL BORE BRUSH
W/MIL-SPEC THREAD**

MODEL# TBB223

LENGTH	WEIGHT
3.3"	0.2 oz.

- G.I. bore brush replacement.
- Works with G.I. cleaning rods/ kits/ threads.
- Cleans .22 caliber barrel bores.
- Bronze bristles to remove carbon, powder, and bullet residue, but it will not damage bore.

**.308 WIN
CHAMBER BRUSH
RATCHETING**

MODEL# TBC308

LENGTH	WEIGHT
3.3"	0.5oz

- .308 WIN bronze bristle chamber brush
- Ratcheting (GI style)
- Fits into .308 WIN chambers, has plastic ratcheting gears
- Use GI cleaning rod to quickly ratchet the chamber brush

**AR15
CHAMBER BRUSH
G.I. ROD THREAD**

MODEL# TBCAR15

LENGTH	WEIGHT
3.6"	0.3 oz.

- AR15 bronze bristle chamber brush with steel bristles for locking lugs
- GI cleaning rod threading (not commercial threading)
- Use M16 GI cleaning rods (not included) to clean the .223/5.56 chamber and locking lugs

**UNIVERSAL CLEANING KIT
PISTOL | RIFLE | SHOTGUN**

MODEL# TUGCKA

LENGTH	HEIGHT	DEPTH	WEIGHT
11.8"	8.4"	2.2"	31.6 oz.

- 2 sets of cleaning rods, one for pistol & rifle accessories and the other for shotgun accessories
- 2 Rod adapters, plastic T-handle for a sure grip, 2 slotted tips for patches, and cleaning patches
- 10 bronze bore brushes
- 5 bore mops
- Aluminum carrying case with latches and carry handle

LASER BORE SIGHTERS

FLIPDOT PRO

MODEL# VDFLIPPRO

US PATENT : US 9869526

- Fits on most slides that have been machined to accept RMR® micro dot sights.
- Mounts included for GLOCK® MOS models & for most GLOCK® double stack pistol models.
- Flip up lens system deploys to the ON position with a push of a lever
- Optic turns OFF when the optic is locked in the down position
- Powered by one CR2032 battery (included)
- Mounting and Adjustment tools included

DESIGNED IN USA

FLIPDOT FOR GLOCK® MOS PISTOLS

MODEL# VDFLIPGLOM2

US PATENT: US D846689 , US 9869526

- LED 100% safe for the eyes
- Unlimited eye relief
- Fits on the GLOCK® MOS pistols and slides that have been machined to accept RMR micro dot sights
- Flip up lens system deploys to the ON position with a push of a button
- Turn off the optic by simply folding the lens down until it locks into place
- Includes RMR base mount for GLOCK® rear sight dovetails
- Includes extra battery micro dot cover, and mounting/ adjustment Tools
- Black anodized aluminum

BLASTAR HANDGUARD CARBINE EXTENDED

14.0"

- The handguard fits onto ARs with carbine length handguards and gas tube. Mounts onto the barrel using the front handguard cap and the delta ring. The handguard wraps around the front sight post and extends forward of the front sight post for more handguard area for your support hand and accessories.
- The ergonomic carbine extended 2 piece triangular handguard features
- KeyMod™ mounting points.
- The top Picatinny rail of the handguard fits flush to mil-spec receivers providing a continuous rail.
- The handguard is skeletonized to reduce weight.
- Constructed of hard anodized aluminum.
- Mounting bolts and tools included.

- See-through mount to utilize the iron sights
- Aluminum construction.
- Adapter Rail weight 9.1 oz.
- Combo includes: MAR6M2 + DBB130

DESIGNED IN USA

AR15 TRI-RAIL MOUNT/ RISER FOR FLAT-TOP

MODEL# MTRIF

SPECIFICATIONS

LENGTH	5.2"
NET WEIGHT	6.5 oz.

US PATENT: D542880

- Mounts onto AR15 flat-top receiver, directly onto the Picatinny rail. Provides a raised platform for mounting optics higher for a more comfortable shooting position
- Two removable side rails for attaching accessories like a flashlight & laser
- Black anodized aluminum construction

GI HANDGUARD RAIL AR15/M4 GEN2 HANDGUARD RAIL [CARBINE LENGTH]

MODEL# MARSV2

SPECIFICATIONS

LENGTH	5.9"
NET WEIGHT	1.7 oz.

- Improved AR15 GEN2 Picatinny rail.
- Handguard rail is Picatinny/ MIL-STD 1913 rails with more mounting holes for flexible mounting and increased ventilation. The ends of the rail have been rounded off for more comfort and to make it less snag prone.
- The GEN2 rail is tapered to match the standard GI carbine and M4 handguards. The taper in the rail will make accessories mounted to the rail parallel with your bore.
- Black anodized aluminum construction.
- Includes two mounting screws and flanged nuts. Allen wrench tool also included

AK MOUNTS

- Fits AKM pattern rifles with a stamped receiver (7.62X39, 5.54X39, .223).
- 4X30 Compact Tactical Scope has one piece main tube, with Multi Coated Lenses, and includes lens caps.
- 1" Weaver Style Split Rings
- Combo includes: SC430B + RB01 + MTAK

DESIGNED IN USA

KEYMOD™ MOUNT RECEIVER COVER

MODEL# VMTAKKM

SPECIFICATIONS	
LENGTH	9.5"
NET WEIGHT	7.7 oz.

- Replaces existing AK-47 receiver cover. Fits AKM pattern rifles with a stamped receiver (7.62X39, 5.54X39, .223)
- The mount provides a low profile KeyMod™ mounting surface on three sides of the receiver cover for mounting an optic mount and accessories to onto the top or sides of the receiver cover of your AKM pattern rifle.
- The top KeyMod™ surface is pre-drilled for mounting an NcSTAR® micro dot directly to the top of your AK with the lowest possible mounting height. This allows the NcSTAR® micro dot to co-witness with AK Iron sights.
- Adjustable front tab and two rear screws are provided for a secure fit.
- Aluminum (rail) and steel construction (receiver cover)

DESIGNED IN USA

AK PICATINNY RAIL MOUNT RECEIVER COVER

MODEL# MAK

SPECIFICATIONS	
LENGTH	9.5"
NET WEIGHT	8.7 oz.

- Low Profile AK Picatinny rail mount receiver cover.
- Replaces existing AK-47 receiver cover. Fits AKM pattern rifles with a stamped receiver (7.62X39, 5.54X39, .223)
- The mount provides a low profile rail for mounting an Optic onto the top receiver cover of your AKM pattern rifle.
- Three front tabs and two rear screws are provided for a secure fit.
- Aluminum (rail) and steel construction (receiver cover)

AK MOUNTS

DESIGNED IN USA

AK KEYMOD™ HANDGUARD

[EXTENDED LENGTH]

MODEL# VMAKKME

TOP HANDGUARD:

Pre-drilled and compatible with NcSTAR's micro dot optics. Offering the lowest micro dot mounting position to co-witness with the AK iron sights.

// KeyMod™ slots at 8 angled surfaces for mounting your accessories.

INCLUDES:

- 2.4" **SHORT** (3 KeyMod™) Accessory Rail

DROP-IN INSTALLATION:

No gunsmithing required, includes mounting bolts & tool

- Black anodized aluminum construction.

SPECIFICATIONS

LENGTH	10.8"
NET WEIGHT	10.7"
WEIGHT (+RAILS)	11.5 oz.

DESIGNED IN USA

AK KEYMOD™ HANDGUARD

RUGER MOUNTS

NEW DESIGNED IN USA

RUGER® PC CARBINE™ RMR® FOOTPRINT AND REAR SIGHT MOUNT

US PATENT PENDING

MODEL# VMRUPCCMD

SPECIFICATIONS

LENGTH	3.1"
NET WEIGHT	1.2 oz.

*Ruger® is a trademark of by Sturm, Ruger & Co., Inc.,

*RMR® is a trademark of Trijicon

- Micro dot base mount and rear sight base accessory for the Ruger® PC Carbine®.
- Base mount replaces the factory rear sight base and allows the mounting of NcSTAR® and other micro dot optics as low as possible to the barrel.
- Allowing the micro dot to co-witnessing with the iron sights.
- This Micro dot base is compatible with NcSTAR® FlipDot optic series, SPD Solar Micro dot, and any other optics with an RMR® footprint base.
- This micro dot base mounts bolts directly to the barrel rear sight base and the factory windage and elevation iron rear sight bolts onto the rear of the mount.

Micro Dot not included

NEW DESIGNED IN USA

RUGER® PC CARBINE® PICATINNY RAIL AND REAR SIGHT BASE

US PATENT PENDING

MODEL# VMRUPCC1913

- This 3.6" long Picatinny/ MIL-STD 1913 rail mount replaces the factory rear sight base and allows the mounting of optics directly to PC Carbine® barrel.
- This rail mount bolts directly to the barrel rear sight base and the factory windage and elevation iron rear sight bolts onto the rear of the mount.

*Ruger® is a trademark of by Sturm, Ruger & Co., Inc.,

SPECIFICATIONS

LENGTH	5.0"
NET WEIGHT	1.4 oz.

DESIGNED IN USA

RUGER® 10/22® RECEIVER PICATINNY

MODEL# MRUB1022V2

- Mounts onto the top of 10/22® receivers utilizing the pre-drilled holes on the receiver.
- Centerline sight channel machined into the rail so that you can still use the factory iron sights with the rail mounted onto the receiver.
- Includes mounting hardware (no rifle modifications necessary)
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	4.7"
NET WEIGHT	1.1 oz.

DESIGNED IN USA

RUGER® 10/22® SEE-THROUGH RECEIVER PICATINNY

MODEL# MRUHB1022V2

- Mounts onto the top of 10/22® receivers utilizing the pre-drilled holes on the receiver.
- Shooter is still able to use the factory iron sights by looking through sight channel below the Picatinny Rail.
- Includes mounting hardware (no rifle modifications necessary)
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	4.7"
NET WEIGHT	1.6 oz.

DESIGNED IN USA

RUGER® MINI14 GEN2 PICATINNY SCOPE RAIL MOUNT

MODEL# MRUBV2

- Mounts onto Ruger® models that have the Ruger® ring mounts machined onto the top of the receiver. To include Mini 14, Mini 30, PC9, and PC4 rifles and carbines.
- Provides a Picatinny/ MIL-STD 1913 rail on the top of the receiver for mounting a Scope or Reflex optic. The GEN2 Rail has a see-through channel running the length of the rail that allows the shooter to see and use the iron sights when the rail is mounted on the receiver.
- Mounts with four custom bolts, mounting tool included.
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	5.2"
NET WEIGHT	1.6 oz.

RUGER MOUNTS & SKS MOUNTS

DESIGNED IN USA

**SKS
TRI-RAIL RECEIVER COVER**

US PATENT: D543605

MODEL# MTSKS

SPECIFICATIONS

LENGTH	4.9"
NET WEIGHT	10.1 oz.

- Replaces existing SKS receiver cover and provides three rails for mounting.
- The two side rails can be removed or mounted in several positions.
- 4 side set screws allow you to lock the receiver cover for a secure fit.
- See-through design allows you to use the iron sights while mounted.
- Aluminum (rail) and steel construction (receiver cover)

- Combo includes: VR1H09 + SC430B + MTSKS

DESIGNED IN USA

**RUGER® MK2 PISTOL
MICRO DOT MOUNT**

MODEL# MRUMK2

SPECIFICATIONS

LENGTH	1.8"
NET WEIGHT	0.8 oz.

- Low profile micro dot base for Ruger® Mark II™ and Mark III™ pistols.
- Compatible with all NcSTAR® micro dots.
- Drop-in installation with mounting screws included.
- Black anodized aluminum construction.

DESIGNED IN USA

**SKS
GAS TUBE SCOPE MOUNT WITH SIDE
RAILS**

US PATENT: D732628

MODEL# MSKSV2

SPECIFICATIONS

LENGTH	9.8"
NET WEIGHT	12.1 oz.

- Sleek new design. SKS gas tube scope mount that replaces the factory gas tube and upper hand-guard. Picatinny rail on top is designed to allow shooters to mount optics with long eye relief
- Two set screws secure the mount to the rear sight trunnion for a solid optics mounting platform
- Low profile Picatinny rail with a sight channel down the middle to allow the use of iron sights
- Great for long eye relief scout scopes or reflex dot sights
- Two Picatinny side rails included, that can be mounted into any of the six ventilation holes and are also removable
- The gas tube is manufactured just slightly longer by a few thousandths, so that it can be hand fitted to the various manufacturers of SKS rifles. Some hand fitting may be required for a secure fit
- Aluminum (rail) and steel construction (gas tube)

HANDGUN MOUNTS

1911 PISTOL TRIGGER GUARD MOUNT/ WEAVER RAIL

MODEL# MAD1911

- Clamps onto Colt® style 1911 (Series 70) models
- The mount clamps securely onto the trigger guard
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	3.2"
NET WEIGHT	1.3 oz.

GLOCK® 9MM/.40 TRIGGER GUARD MOUNT/ RAIL

MODEL# MADGLO

- Clamps onto early generation GLOCK® 9mm/.40 S&W handgun models and provides a Weaver type rail for attaching flashlight or laser
- The mount clamps securely onto the trigger guard
- Fits G26 & G27 sub compact models
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	3.2"

SPECIALIZED MOUNTS

ACTION CAMERA
NOT INCLUDED

DESIGNED IN USA

ACTION CAMERA MOUNT (KPM) US PATENT PENDING

MODEL# VMACKPM

- Will mount onto Picatinny/MIL-STD 1913 rails, KeyMod™ and M-LOK® handguards.
- Reversible mounting plate for mounting onto KeyMod™ or M-LOK® handguard slots.
- Action cameras can be mounted onto the top or bottom of the mount, and rotated/pivoted in all directions to capture that perfect camera angle.
- Solid solution for mounting an action camera to your rifles, shotguns, pistols, airsoft, and paintball markers to record your training, competition, hunting, and MilSim games.
- Constructed with durable and lightweight aluminum.
- Includes metal tripod thumb screw and plastic GoPro™ tripod base adapter.
- Includes the tools and hardware to mount onto Picatinny/MIL-STD 1913 rails, KeyMod™ and M-LOK® handguards.

SPECIFICATIONS

LENGTH	1.8"
WIDTH	2.2"
HEIGHT	1.6"
NET WEIGHT	3.2 oz.

OPTIC RAIL MOUNT WITH *HK® CLAW MOUNT

MODEL# MDMP5V2

- *HK® MP5/CETME Weaver style optic rail mount (HK claw mount type).
- Clamps directly to the top of the HK® spec stamped receivers
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	5.4"
NET WEIGHT	2.5 oz.

*HK is a trademark of Heckler & Koch, Inc

45° OFFSET RAIL MOUNT

MODEL# MPR45

- 45° off-set rail mount for easier access or clearance
- Mount an optic, flashlight or laser at a 45° angle
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	1.8"
NET WEIGHT	1.6 oz.

*MARLIN® RECEIVER SCOPE MOUNT

MODEL# MMLINV2

- *Marlin® receiver scope mount will fit most lever action and some semi-auto receivers with pre-drilled holes
- Various mounting hole options for different types of receivers
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	4.7"
NET WEIGHT	1.0 oz.

*Marlin is a trademark of Marlin Firearms, Madison, Inc

DESIGNED IN USA

3/8 DOVETAIL TO PICATINNY ADAPTER RAIL [SHORT]

MODEL# MAD38PS

- Attaches to 3/8 dovetail rails and converts it to a Picatinny rail for mounting red dot optics with Weaver/Picatinny type mounts
- Two integrated set screws for securing rail adapter in place
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	3.8"
NET WEIGHT	1.0 oz.

NEW DESIGNED IN USA

UNIVERSAL BLACK POWDER RAIL

MODEL# VMUBPR

- This universal 4.8" long Picatinny/ MIL-STD 1913 rail has multiple mounting holes machined along the centerline of the rail to allow it fit most of the CVA/ Traditions/ Thompson Center black powder gun models.
- The centerline (0.26"H) of the rail has been machined down to allow the use of most iron sights.
- Top of Picatinny rail is 0.38"H above the receiver.
- Includes #8-40 (4 each) & #6-48 (4each) screws to mount onto most of the compatible black powder guns.
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	4.8"
NET WEIGHT	1.5 oz.

DESIGNED IN USA

GEN2 AR15 3/4" RISER WITH LOCKING QR MOUNT

MODEL# MARFQV2

- Helps with getting low profile optic mounts to a more comfortable cheek rest height and shooting position.
- Mounts via a locking quick release mount onto the Picatinny rail of your AR15/M4 receiver. You can quickly attach and remove your optic from your receiver and maintain your zero.
- There is a see through channel below the rail to keep the mount lighter and for some firearm types, it may allow you to use some factory iron sights.
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	5.3"
NET WEIGHT	4.2 oz.

DESIGNED IN USA

GEN2 AR15 3/4" RISER [SHORT]

MODEL# MARFSV2

- Works on AR15/M4 platforms as well as any other firearms platforms with a Weaver/ Picatinny/ MIL-STD 1913 rail.
- This riser helps with raising optics up another 3/4 of an inch to a more comfortable cheek rest and shooting height.
- The rail has a hollow channel through the length to make it lighter and for some firearms act as a see-through sight channel to use the iron sights.
- Black anodized aluminum construction

SPECIFICATIONS

LENGTH	2.1"
NET WEIGHT	1.9 oz.

DESIGNED IN USA

GEN2 AR15 3/4" RISER [LONG]

MODEL# MARFV2

- Works on AR15/M4 platforms as well as any other firearm platforms with a Weaver/ Picatinny/ MIL-STD 1913 rail.
- Helps with getting low profile optic mounts to a more comfortable cheek rest height and shooting position.
- The rail has a hollow channel through the length to make it lighter and for some firearms act as a see-through sight channel to use the iron sights.
- Black anodized aluminum construction

6 BOLT -1.5" RING WITH LOCKING QR MOUNT

MODEL# RB24QR

- Mounts onto Weaver/ Picatinny/ MIL-STD 1913 type rails
- Wide 6 bolt pattern ring
- Works with 30mm scopes and reflex optics
- Mount height is at the 1.5" AR15 height for co-witnessing with the iron sights
- Locking quick release mount
- Black anodized aluminum body

DESIGNED IN USA

ADJUSTABLE HEIGHT 30MM RING

MODEL# RAH24

- Turn the elevation wheel to raise or lower the ring height
- Set screws on each side to lock the ring height in place
- Mounts onto Weaver/ Picatinny/ MIL-STD 1913 type rails
- Optic center height can be adjusted: 1.39" - 1.56"
- Includes 1" ring inserts

DESIGNED IN USA

GEN II 30MM CANTILEVER SCOPE MOUNT WITH DUAL QR MOUNT

MODEL# VMSPRBV2

- Scope centerline at 1.5" AR15 height
- Reversible (left or right side) 45° offset rail mount for mounting a secondary Optic, such as a micro dot reflex optic for close range targets
- Dual locking quick release mounts, allows you to quickly mount a 30mm scope onto your Picatinny rail
- Includes 1" inserts. mount works with both 30mm and 1" scopes
- Black anodized aluminum construction

DESIGNED IN USA

AR15 ADJUSTABLE SCOPE MOUNT QR

MODEL# MARCQ

- 30mm AR15 scope mount with locking quick release.
- Allows you to quickly mount a 30mm or 1" scope onto your Picatinny rail
- Front fixed cantilever ring with an adjustable for length rear ring (rear ring is also removable)
- Includes 1" inserts. mount works with both 30mm and 1" scopes
- Black anodized aluminum construction

KEYMOD

DESIGNED IN USA

LOW PROFILE KEYMOD™ SCOPE MOUNT

MODEL# VMLPKMS

- 30 mm rings with 1" inserts.
- Lightweight and low profile
- 1.8" center ring gap
- Works with 30mm and 1" full-size scopes
- Optic centerline: 1.0"
- Black anodized aluminum construction

30MM CANTILEVER OPTIC MOUNT

MODEL# MDC30

- Mounts your optic forward to give you more eye relief or rail space behind the optic for a magnifier, iron sight, or other accessories
- Works with 30mm, 1 inch scopes & reflex optics
- Mount height is at the 1.5" AR15 height for co-witnessing with your iron sights
- Mounts securely to your firearm with the slotted thumb nut
- Black anodized aluminum construction

DESIGNED IN USA

LOW PROFILE KEYMOD™ RING MOUNT

MODEL# VMLPKMR

- 30 mm ring with 1" inserts.
- Lightweight and low profile
- Works with 30mm reflex optics & magnifiers
- Optic centerline: 1.0"
- Black anodized aluminum construction

IRON SIGHTS

45° OFFSET FLIP-UP FRONT SIGHT

MODEL# MAR45FLF

- Fits onto receiver height Weaver, Picatinny, MIL-STD 1913 type rails
- The A2 front sight post is fully adjustable for elevation
- Front sight folds forward flat for a lower profile.
- Aluminum and steel construction

SPECIFICATIONS

LENGTH	1.1"
NET WEIGHT	2.1 oz.

45° OFFSET FLIP-UP REAR SIGHT

MODEL# MAR45FLR

- The A2 dual aperture (large & small) rear sight is fully adjustable for windage
- Rear sight folds back flat for a lower profile and will fit under the majority of scopes out in the market
- Aluminum and steel construction

SPECIFICATIONS

LENGTH	1.3"
NET WEIGHT	3.0 oz.

FLIP-UP SIGHT

MODEL# MARFLF

- Designed to be mounted on top of gas blocks with Picatinny rails lower than the AR15 receiver rail
- Flip-up A2 front sight post folds down out of view of your optics when not in use
- The A2 front sight post is fully adjustable for elevation
- Aluminum and steel construction

SPECIFICATIONS

FOLDED	1.2"
HEIGHT	2.1"
NET WEIGHT	2.6 oz.

FLIP-UP FRONT SIGHT - RECEIVER HEIGHT

MODEL# MARFLF2

- Front sight height is for handguard rails, monolithic Receivers, and gas blocks that are at the SAME Level as the AR15 receiver rails (Flat Top)
- Flip-up A2 front sight post folds down out of view of your optics when not in use
- The A2 front sight post is fully adjustable for elevation
- Aluminum and steel construction

SPECIFICATIONS

FOLDED	1.0"
HEIGHT	1.8"
NET WEIGHT	2.1 oz.

FLIP-UP REAR SIGHT

MODEL# MARFLR

- Mounts onto the AR15 flat-top receiver, directly onto the Picatinny rail
- The A2 dual aperture (large & small) rear sight is fully adjustable for windage, also with a large windage knob
- Rear sight folds back flat for a lower profile
- Aluminum and steel construction

SPECIFICATIONS

LENGTH	1.8"
NET WEIGHT	2.9 oz.

REAR A2 BACK UP IRON SIGHT

MODEL# MARDRS

- Precision made fixed A2 design adjustable for windage and elevation
- Mounts onto Weaver & Picatinny type rails
- Aluminum & steel construction

SPECIFICATIONS

LENGTH	2.8"
NET WEIGHT	5.2 oz.

SLING / BIPOD ADAPTERS

QUICK DETACHABLE 1.25" SLING SWIVEL

MODEL# AASWQRB

SPECIFICATIONS	
WIDTH	1.7"
NET WEIGHT	0.9 oz.

- Sling swivel quickly attaches and releases from QD mounts with a push of a button.
- Fits into standard QD mounts.
- Metal loop will accommodate 1.25" webbing.
- Black steel construction.
- Includes only one QD sling swivel in packaging.

DESIGNED IN USA

KEYMOD™ QD SLING MOUNT

MODEL# VMKMQSM

SPECIFICATIONS	
WIDTH	1.3"
NET WEIGHT	0.3 oz.

- KeyMod™ QD sling mount adapter for quick detachable slings and sling swivel mounts.
- KeyMod™ QD sling mount, designed to mount onto KeyMod™ handguards.
- Low profile design.
- Mounts onto handguard via two KeyMod™ feet.
- Mounting tool included

DESIGNED IN USA

KEYMOD™ SLING ATTACHMENT POINT

MODEL# VMKMSL

SPECIFICATIONS	
WIDTH	1.8"
NET WEIGHT	1.2 oz.

- Low profile KeyMod™ sling mount for use with virtually any clip style sling
- Attaches to KeyMod™ for a secure fit
- Constructed of steel with all mounting hardware included

1" LOCKABLE SLING SWIVELS

MODEL# AASW1B

SPECIFICATIONS	
WIDTH	1.6"
NET WEIGHT	0.8 oz.

- Mounts onto most standard sling studs found on most hunting rifles and shotguns.
- To unlock, unscrew the knurled thumb nut, push in and rotate side arm 90 degrees to open sling swivel mount. Place bar through sling stud on long gun, rotate side arm over bar and screw in the knurled thumb nut to lock the sling swivel mount.

Low Profile Design

Sling Swivel Stud: Mounting point for NcSTAR® precision grade bipod

RAIL MOUNTED SLING SWIVEL STUD / BIPOD ADAPTER

MODEL# MWBM

- Mounts to most Weaver/ Picatinny MIL-STD 1913 type rails
- Provides sling swivel stud as a mounting point for slings or bipods that mount to swivel stud
- Black anodized aluminum construction

SPECIFICATIONS	
LENGTH	1.9"
NET WEIGHT	2.1 oz.

KEYMOD

DESIGNED IN USA

KEYMOD™ RAIL MOUNTED SLING SWIVEL STUD / BIPOD ADAPTER

MODEL# VMKMBA

- Mounts onto 2 KeyMod™ slots
- Provides sling swivel stud as a mounting point for slings or bipods that mount to swivel stud
- Black anodized aluminum construction

SPECIFICATIONS	
WIDTH	2.4"
NET WEIGHT	1.2 oz.

M-LOK

DESIGNED IN USA

M-LOK™ RAIL MOUNTED SLING SWIVEL STUD / BIPOD ADAPTER

MODEL# VMMLBA

- Mounts onto 2 M-LOK™ slots
- Provides sling swivel stud as a mounting point for slings or bipods that mount to swivel stud
- Black anodized aluminum construction

SPECIFICATIONS	
WIDTH	2.4"
NET WEIGHT	1.2 oz.

MUZZLE BRAKES

INCLUDES:
Adapter to switch from AK-74 to AK-47 threading

DESIGNED IN USA

AK47/AK74 MUZZLE BRAKE

MODEL# VAMAKT

- Very effective AKM/AK47/AK74 multi chamber muzzle brake that virtually eliminates all muzzle rise.
- Fits AK74 M24mm X 1.5 RH barrels with detent. Includes internal thread adapter for AKM/AK47 M14mm X 1 LH threaded barrels with detent.
- Designed for 7.62X39, 5.45X39, 5.56X45 (.223) calibers.

DESIGNED IN USA

RUGER® 1022 MUZZLE BRAKE

MODEL# VAM1022B

- Slides onto standard 10/22 profiled barrels/muzzle. Secures to muzzle via set-screw.
- Muzzle Brake has two chambers with 14 ports that direct the exiting propellant gasses upwards and to both sides to reduce muzzle rise and felt recoil.

*Ruger is a trademark of Sturm, Ruger & Company, Inc

INCLUDES:
One crush washer

NEW DESIGNED IN USA

RUGER® PC CARBINE 9MM MUZZLE BRAKE WITH CRUSH WASHER

MODEL# VAMRUPCC9

- Screws onto the PC Carbine® 9mm threaded barrels with 1/2" X 28 threads.
- Muzzle brake has two chambers with 10 ports that direct the exiting propellant gasses upwards and to both sides to reduce muzzle rise and felt recoil.

*Ruger is a trademark of Sturm, Ruger & Company, Inc

VISM® MUZZLE BRAKES

- Directs exiting Propellant Gasses upwards & to both sides, to control muzzle rise
- The lower portion of the brake is closed to reduce the dust signature when firing prone

DESIGNED IN USA

BLASTAR THUMBHOLE STOCK

MODEL# VKARSTK

US PATENT: D855138

- AR thumbhole stock with internal storage compartment, and rubber butt pad
- Multiple points to install QD sling cups (cups not included)
- Pistol grip storage compartment with door
- Designed to only fit MIL-SPEC Carbine buffer tubes
- Constructed of polymer, and hard anodized aluminum.
- Mounting hardware included
- Includes thumbhole filler featureless plate, for those that want to configure stock as a featureless design, in restricted States.

DESIGNED IN USA

BLASTAR MAGWELL FUNNEL

MODEL# VKARMW

US PATENT: D855138

- The two piece magazine well funnel facilitates faster and smoother magazine changes.
- Magwell funnel fits over MIL-SPEC forged AR receivers.
- The mouth of the magwell funnel is beveled to help guide magazines into the magwell of the receiver.
- The magwell funnel is easily and quickly installed onto the receiver with three Allen head bolts.
- Constructed of hard anodized aluminum.
- Mounting bolts and tools included.

- Includes featureless plate

DESIGNED IN USA

BLASTAR KIT

MODEL# VKARB1

US PATENT: D855138

1. One piece thumbhole stock with internal storage, multiple points to mount QD cups, and a replaceable butt pad
 2. Forward carry handle wraps around the existing F-type front sight post with M-LOK® slots on the top, and incorporates a riser over the receiver
 3. Ergonomic carbine extended 2 piece triangular handguard features KeyMod™ mounting points
 4. Two piece mag well adapter for faster and smoother magazine changes
 5. Includes thumbhole filler featureless plate, for those that want to configure stock as a featureless design, in restricted States.
- All pieces constructed of polymer and/or hard anodized aluminum

CARRY HANDLES

DESIGNED IN USA

ADVANCED CARRY HANDLE COMBO

ADVANCED CARRY HANDLE + GREEN DOT OPTIC WITH INTEGRATED RED LASER

MODEL# VMDCHVDGRLB-A

- Dual locking quick release mount that attaches to picatinny rails
- There is a laser channel machined onto the top of the carry handle allowing the laser to pass through.
- In the front is an adjustable for windage back-up flip-up rear aperture iron sight set at the proper 1.5" AR15 sight height.
- Green dot reflex optic with integrated red laser is two sighting devices in a compact and sleek design.
- 3 MOA green dot has five brightness settings.
- Green dot reticle is fully adjustable for elevation & windage.
- Integrated red laser is fully adjustable for elevation & windage, independent from the green dot.
- The green dot and red laser are controlled by a single rheostat dial.
- Powered by a CR2032 battery (included)

LONG GUN FLASHLIGHTS & HANDGUN FLASHLIGHTS

DESIGNED IN USA

FLASHLIGHT WITH STROBE FEATURE & FRONT SIGHT POST

MODEL# VAFLFSP

- Mounts onto Weaver, Picatinny, MIL-STD 1913
- Front sight is at 1.5" AR15 height and is adjustable elevation
- 3W ultra bright 200 Lumen CREE® LED flashlight
- Ambidextrous flashlight switch buttons controls momentary, constant On/Off and strobe
- Includes remote pressure switch
- Includes mounting tool

DESIGNED IN USA

FLASHLIGHT WITH KEYMOD™ MOUNT

MODEL# VAFLKM

- Toolless KeyMod™ flashlight that mounts onto any two KeyMod™ slots
- 3W ultra bright 200 Lumen CREE® LED flashlight
- Ergonomic multifunction flashlight switch button (rear side)
- Includes remote pressure switch

3W | 160 LUMENS LED FLASHLIGHT

MODEL# ATFLB

- Mounts onto most Weaver, and Picatinny rails
- 3W ultra bright 160 Lumen CREE® LED flashlight
- Momentary and constant On/Off cap switch

SPECIFICATIONS	VAFLKM	VAFLFSP	ATFLB
OUTPUT	3W 200 Lumens		3W 160 Lumens

BLUE LASERS

DESIGNED IN USA

PISTOL BLUE LASER WITH KEYMOD™ ACCESSORY BASE MOUNT

MODEL# VAPRLSBLKM

- Mounts onto most Weaver style / Picatinny / MIL-STD 1913/ pistol accessory rails
- Ambidextrous digital on/off buttons
- Press and hold on/off button to switch to strobe mode
- The laser features our Patented KeyMod™ undermount for future KeyMod™ accessories that can attach to the underside of the laser.

DESIGNED IN USA

COMPACT BLUE LASER WITH PICATINNY MOUNT

MODEL# VAPRLSMBLV2

- Compact blue laser with a Weaver/Picatinny type rail mount that will fit most Weaver/Picatinny/ MIL-STD 1913 type rails.
- Fully adjustable for windage and elevation.
INCLUDES: Adjustment tool
- Push button rubber switches on both sides of laser body to turn laser On/Off.
- Approximately 30+ hours of battery life.

SPECIFICATIONS	VAPRLSBLKM	VAPRLSMBLV2
LASER CLASS	IIIa Blue	
WAVE LENGTH	450nm	
OUTPUT	<5mW	
LENGTH	2.0"	2.0"
WEIGHT	2.0 oz.	1.8 oz.
BATTERY (included)	Two CR1/3N	
FINISH	Black Anodized

PATENT	US 9506721	US 9506721 , D737399

DESIGNED IN USA

PISTOL GREEN LASER WITH STROBE FEATURE

MODEL# VAPTLG

- Mounts onto most Weaver / Picatinny / MIL-STD 1913/ Pistol accessory spec rails
- Electronic control buttons are completely Ambidextrous
- Fully adjustable for windage and elevation
- Includes mounting and adjustment tools

DESIGNED IN USA

COMPACT PISTOL GREEN LASER WITH STROBE FEATURE

MODEL# VAPRLSMCG

- Mounts onto most Weaver / Picatinny / MIL-STD 1913/ pistol accessory spec rails
- Fully adjustable for windage and elevation
- Ambidextrous laser switch buttons with strobe feature
- Includes mounting and adjustment tools

DESIGNED IN USA

AR15/M4 GREEN LASER WITH STROBE AND A2 IRON FRONT SIGHT POST

MODEL# VALGFSP

- Mounts onto Weaver/ Picatinny/ MIL-STD 1913 type rails.
- A2 front sight is fully adjustable for elevation
- Electronic control buttons are completely Ambidextrous
- Includes remote pressure switch
- Includes mounting and adjustment tools

DESIGNED IN USA

GREEN LASER WITH KEYMOD™ MOUNT

MODEL# VALGKM

DESIGNED IN USA

KEYMOD™ QR COMPACT GREEN LASER

MODEL# VALGKMQR

- Patented auto-locking KeyMod™ quick release latch system locks the laser tightly to any KeyMod™ spec handguard
- Green laser features a strobe mode using the rear on/off control button
- Single multifunction rear button controls on/off and strobe mode
- Low profile design gets the laser as close as possible to the bore
- Body is constructed of polymer, while the KeyMod™ hardware is constructed of steel
- Uses two CR1/3N batteries (Included)

DESIGNED IN USA

PISTOL GREEN LASER WITH KEYMOD™ ACCESSORY BASE MOUNT

MODEL# VAPRLSGKM

- Mounts onto most Weaver style / Picatinny / MIL-STD 1913/ pistol accessory rails
- Fully adjustable green laser: 532nm, Max output <5mW, Class IIIa Laser
- Ambidextrous digital on/off buttons
- Press and hold on/off button to switch to strobe mode
- The laser features our Patented KeyMod™ undermount for future KeyMod™ accessories that can attach to the underside of the laser.
- Uses two CR1/3N batteries (Included)

DESIGNED IN USA

RED LASER WITH KEYMOD™ QR

MODEL# VALRKMQR

- Patented auto-locking KeyMod™ quick release latch system locks the laser tightly to any KeyMod™ spec handguard
- Red laser features a strobe mode using the rear on/off control button
- Single multifunction rear button controls on/off and strobe mode
- Low profile design gets the laser as close as possible to the bore
- Body is constructed of polymer, while the KeyMod™ hardware is constructed of steel
- Uses two CR1/3N batteries (Included)

DESIGNED IN USA

PISTOL RED LASER WITH KEYMOD™ ACCESSORY BASE MOUNT

MODEL# VAPRLSRKM

- Mounts onto most Weaver style / Picatinny / MIL-STD 1913/ pistol accessory rails
- Red Laser: Freq. (635-655nm), Class IIIa Laser Maximum Output:<5mW
- Ambidextrous digital on/off buttons
- Press and hold on/off button to switch to strobe mode
- The laser features our Patented KeyMod™ undermount for future KeyMod™ accessories that can attach to the underside of the laser.
- Uses two CR1/3N batteries (Included)

KPM BIPOD

DESIGNED IN USA

KPM BIPOD

MODEL# VBKPM

US PATENT: 15708105

- Bipod kit incorporates three different mounting adapters in Picatinny, KeyMod™, and M-LOK®
- The feet can be used in two different modes: standard rubber feet for hard flat surfaces, and spiked feet for gravel & dirt surfaces
- Integrated spiked feet are spring loaded and automatically retract when not in use
- Spring loaded adjustable legs for quick deployment
- Notched legs are adjustable for height from 11.0 inches to 8.5 inches
- Constructed of hard anodized aluminum and steel

KPM SIDE BIPOD

KPM BIPODS

NEW DESIGNED IN USA

KPM SIDE BIPOD

MODEL# VBSKPM

- Bipod has two separate bipod legs that can be mounted to either side of a handguard
- Modular mounting system that includes all the hardware and tools for mounting the KPM Bipod to KeyMod™ slots, Picatinny rails, and M-LOK® slots
- Spring loaded notched bipod legs allow you to quickly deploy the bipod legs at many different lengths
- Spring loaded steel talons can be deployed onto loose soil and vegetation for more traction
- Rubber bipod feet also provide traction on hard and smooth surfaces
- Aluminum and steel construction

KPM MOUNTS

KeyMod™ Mount

CERAMIC & PE BALLISTIC PLATE

Shooter's Cut
10" X 12" - MODEL# B4C1012
11" X 14" - MODEL# B4C1114

- Ballistic plate is constructed of a Ceramic/ UHMWPE composite resulting in lighter plate
- Material structure allows for a greater crack resistance over other ceramic plate designs
- Rated at level IV- capable of stopping .30 caliber AP and M2 rounds with a bullet weight of 166 grains
- Curved design fits the user with greater comfort , and the cut upper corners allow for better mobility
- Fully sealed to protect against liquids, chemicals, and other harsh elements
- Ideal for use in VISM® Plate Carriers

CERAMIC & PE BALLISTIC PLATE
Square Plate - Curved
6" X 6" - MODEL# B4C66C

Constructed of Ultra High Molecular Weight Polyethylene (UHMWPE) creating a light weight ballistic plate. Fully sealed to protect against liquids, chemicals, and other harsh elements. Ideal for use in VISM® Plate Carriers and VISM® Backpacks.

BALLISTIC PLATE AND PANELS

UHMWPE HARD BALLISTIC PLATE

RATED LEVEL IIIA+ Capable of stopping 9mm and .44 Mag rounds up to 1,400 FPS

The added UHMWPE layers provide additional Level IIIA+ protections against these following SPECIAL THREATS cartridges:

- 9mm, 115 gr. FMJ - Fiocchi
- 9mm, 127 gr. +P+ SXT
- .40-cal., 95 gr. HP S&W
- 5.7 X 28mm, 27 gr. LFHP SS195
- 5.7 X 28mm, 28 gr. HP SS192
- 5.7 X 28mm, 40 gr. V-MAX SS197SR - Hornady
- 7.62 X 25mm, 95 gr. FMJ - Tokarev
- .357 SIG, 115 gr. JHP
- .357 cal., 125 gr. HP SIG Gold Dot
- .357 cal., 125 gr. FMJ SIG - FN

UHMWPE BALLISTIC PLATE

Multi-Curve Shooter's Cut

10" X 12" - MODEL# BUDPCM1012

- Made with UHMWPE fabrics and pressed with a proprietary technique to create a lighter plate, tested in accordance with Level IIIA Standard 0101.06.
- Multi-Curved design fits the user with greater comfort and the angle cut upper corners allow for better mobility.
- Durable Polyurea sprayed on outer coating protects and fully seals the UHMWPE plate for: corrosion protection, structural enhancement, waterproof, abrasion resistance, and for a nice cosmetic appearance.
- Also protects against knives, edged blades, and spike weapons that offers the wearer the best possible stab protection available.
- Ideal for use in VISM® Plate Carriers

SRT SiC CERAMIC/PE COMPOSITE PLATE

RATED LEVEL III+ Designed to defeat Level III+ threats from high velocity rifle rounds from the most commonly used rifle threats in use

SRT SiC CERAMIC & PE BALLISTIC PLATE

Shooter's Cut

10" X 12" - MODEL# BP3PC1012

11" X 14" - MODEL# BP3PC1114

SRT SiC CERAMIC & PE BALLISTIC PLATE

Square Plate - Curved

6" X 6" - MODEL# BP3P66C

- Level III+ SRT SiC Ceramic/PE Composite Plate.
- Special Rifle Threat (SRT) is designed to defeat Level III+ threats from high velocity rifle rounds from the most commonly used rifle threats in use.
- Ballistic plate constructed of a SiC Ceramic/UHMWPE composite resulting in a lighter plate.
- Material structure allows for a greater crack resistance over other ceramic plate designs.
- Curved design fits the user with greater comfort, and the cut upper corners allow for better mobility.
- Fully sealed to protect against liquids, chemicals, and other harsh elements.
- Ideal for use in VISM® plate carriers.

NIJ CERTIFIED BALLISTIC PLATE

RATED LEVEL III Capable of stopping U.S. Military 7.62 X 51 M80 is what it's tested and certified to stop. 147 gr FMJ bullet at 2780 ft/s.

NIJ PE BALLISTIC PLATE

Shooter's Cut

10" X 12" - MODEL# BNIJPC1012

- NIJ Certified Level III 10X12 Ballistic Plate has been certified under NIJ-0101.06.
- Composite construction with a primary front layer of Ultra High Molecular Weight Polyethylene (UHMWPE), a middle layer of molecular polymer padding infused with Microban®, and a rear layer of UHMWPE.
- Single curve design provides a contouring comfortable fit, with upper corners cut (shooter's cut) for maximum mobility.
- The plate is also fully sealed to protect against liquids, chemicals, and other harsh elements.
- Each plate weighs 3.5 lbs.

REAR LAYER [UHMWPE]
Ultra High Molecular Weight Polyethylene

MIDDLE LAYER
Molecular polymer padding infused with Microban®

FRONT LAYER [UHMWPE]
Ultra High Molecular Weight Polyethylene

Assembled in the USA.
Covered by our
10 year warranty.

UHMWPE HARD BALLISTIC PLATE

RATED LEVEL IIIA Capable of stopping 9mm and .44 Mag rounds up to 1,400 FPS

- Made with UHMWPE fabrics and pressed with a proprietary technique to create lighter plate, tested in accordance with Level IIIA Standard 0101.06.
- Shooter's Cut curved design fits the user with greater comfort and the angle cut upper corners allow for better mobility.
- Durable Polyurea sprayed on outer coating protects and fully seals the UHMWPE plate for: corrosion protection, structural enhancement, waterproof, abrasion resistance, and for a nice cosmetic appearance.
- Also protects against knives, edged blades, and spike weapons that offers the wearer the best possible stab protection available.
- Ideal for use in VISM® Plate Carriers

- Made with UHMWPE (polyethylene).
- The ballistic shields are manufactured using a special pressing technique to create a lighter ballistic shield.
- Rugged, reliable, stress fracture resistant, and maintenance free.
- Durable wearing hard edge protection.

12”H X 24”W BALLISTIC SHIELD

MODEL# BPSHLD1224L3
Ballistic shield is rated for **NIJ LEVEL III**
MODEL# BPSHLD1224L3A
Ballistic shield is rated for **NIJ LEVEL IIIA**

- Flat rectangle design for rigidity and maximum protection.
- Grab handle with rubber grip can be used for left or right-handed carry use, hook and loop strap for forearm support, and padded forearm backrest provide standoff protection against ballistic impact backface deformation.

20”H X 30”W BALLISTIC SHIELD

MODEL# BPSHLD2030L3
Ballistic shield is rated for **NIJ LEVEL III**
MODEL# BPSHLD2030L3A
Ballistic shield is rated for **NIJ LEVEL IIIA**

- Ballistic shield is in a human trapezoid silhouette shape.
- Two angled grab handles with rubber grips for left or right-handed carry use, two hook and loop straps for forearm support, and padded forearm backrests provide standoff protection against ballistic impact backface deformation.
- Includes an adjustable shoulder strap for easier hands free carrying option.

20”H X 36”W BALLISTIC SHIELD WITH WINDOW

MODEL# BPSHLD2036L3
Ballistic shield is rated for **NIJ LEVEL III**
MODEL# BPSHLD2036L3A
Ballistic shield is rated for **NIJ LEVEL IIIA**

- Viewing window is made with 1.75” thick high-performance bulletproof glass.
- Curved rectangle design for rigidity and maximum protection against angle shots.
- Two angled grab handles with rubber grips for left or right-handed carry use, two hook and loop straps for forearm support, and padded forearm backrests provide standoff protection against ballistic impact backface deformation.
- Includes an adjustable shoulder strap for easier hands free carrying option

DELUXE RIFLE SCABBARD

COLORS		
	Black	CVDRSC3033B
	Green	CVDRSC3033G
	Tan	CVDRSC3033T

▪ Extendable from 32" - 38"

- The deluxe rifle scabbard has some new features and is both wider and thicker in the main body than our other standard rifle scabbard. This allows for more rifles with compact optics and accessories (lights, lasers, short vertical grips) mounted onto the handguards to fit into the scabbard. The scabbard has a 1.25" side gusset for more interior room.
- The deluxe rifle scabbard has a rifle stock hood that covers the rifle stock and the top opening of the scabbard from the elements.
- The stock hood is adjustable, has two straps with hook and loop fasteners, and two straps with quick connect buckles for attaching it to the scabbard body. 15" (hook and loop) side access flap and two quick connect buckles for quick access to the rifle.
- The deluxe rifle scabbard also features our MOLLE shoulder straps for an easy and comfortable way of carrying the deluxe rifle scabbard. The shoulder straps attach to the scabbard with PALS straps.
- The padded shoulder straps are contoured, adjustable for length, feature a sternum strap with a quick connect buckle, and has metal D-rings.
- The deluxe rifle scabbard body has a 1.5" adjustable waist strap (5.0"W) with a quick connect buckle to help secure the scabbard to the body when using the shoulder straps.
- MOLLE webbing on both sides of the scabbard with two PAL straps for ambidextrous usage and mounting of MOLLE accessories.
- Rifle pistol grip retention strap with quick-release buckle, 5.0"L side zipper, and 4.5" side strap for the pistol grip slot.
- Six metal D-ring locations on the scabbard body for attaching the padded shoulder sling.
- The stock hood, MOLLE shoulder straps, and sling are removable from the scabbard.
- Grommet for drainage.

You can mount the MOLLE Backpack Straps to a scabbard, rifle cases, and other MOLLE gear.

NEW

MOLLE BACKPACK STRAPS

COLORS		
	Black	CVMBPS3035B
	Green	CVMBPS3035G
	Tan	CVMBPS3035T

- MOLLE Backpack Straps will mount to most gear with MOLLE webbing.
- The MOLLE web mounting panel is 5 columns wide by 4 spaced rows.
- The shoulder straps are contoured, padded, and adjustable for length and comfort.
- The shoulder straps have metal D-rings.
- Feature an adjustable sternum strap with a quick connect buckle.
- Includes two 7" PALS straps.
- MOLLE Web Mounting Panel Width: 7.0"H by 9.0"W
- Padded Shoulder Strap Length: 17.0"
- Padded Shoulder Strap Width: 3.0"

RANGE BAGS & PISTOL CASES

Accommodates two standard full framed semi- auto pistols in the main compartment. The pistols are secured with 4 hook & loop straps

- Magazine pouches (9" L) allows sub- compact, double stack standard capacity magazines and 30+ extended magazines. The mag pouches can hold up to 10 standard capacity double stack magazines

- Zippered pocket for extra gear
