Everything You Love in One Place 7" Smart HD Touchscreen Display

Make your training easier and more efficient by having your personal coach right in front of you as you work out. The built-in 7" Smart HD Touchscreen makes it easy to see beautiful sights as you follow trainers around the world. It's also simple to watch your workout stats add up with just the swipe of your finger.

- **Personal Trainer Right in Front of You**
- **Beautiful Locations in High Definition**
- **Easily Accessible Touchscreen**

Real-Time Data

EKG Grip Pulse Heart Rate Sensor with Bluetooth® Compatibility*

Grab ahold of in-the-moment heart rate monitoring. These two hand-grip sensors are conveniently built into the handlebars. In a couple seconds, you'll be able to see your heart rate while you train. This monitor is compatible with Bluetooth® wireless chest straps; sold separately.

*Not a medical device. Many factors including your physical characteristics affect device accuracy. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by ICON Health & Fitness is under license.

- **Go Hands-On or Hands-Free**
- **Heart Rate Display**

Burn More Calories 0 - 20° Digital Quick Incline™

We know you love the outdoors. That's why we made incline training available on your elliptical. Now you can hike any mountain without leaving your living room. With a quick adjustment, this ramp adjusts your incline allowing you to focus on specific muscle groups. Target your glutes, quads, and calves for realistic trail training. You'll be 100 percent prepared for the next family hike.

- **Burn More Calories than Walking**
- **Engage Multiple Muscle Groups**
