

TYPE Mag FAQ

What are TYPE A magazines and which stocks are they compatible with?

TYPE A magazines are compatible with and interchangeable among the original AA700 and AA1500 Precision Short Action Stocks. Care must be taken to load the correct ammunition into the correct action or chamber. AA223 magazines will work with .223 based action rifles; AA308 magazines will work with .308 based action rifles. **WARNING:** Do not load ammunition into a rifle that does not match the caliber marking on the firearm.

TYPE A magazines: AA223 01, AA223-A1, AA223-A2, AA308 01, AA308-A1

Compatible with these stocks: AA700A, AA700A-DT, AA700A-OD, AA700B, AA700C, AA1500, AA1500-DT, AA1500-OD, AA1500C

EXAMPLE: I have a Remington 700 in a .308 based action, I also have a Remington 700 in the .223 based action. I can purchase the AA700A/B or C and the stock will fit on either rifle, however I must use the correct magazine type, AA308 magazines will only work with the .308 based action and AA223 magazines will only work with the .223 based action. I **CANNOT** use the AA223 in a .308 based action rifle. I **CANNOT** use the AA308 in a .223 based action rifle.
