

Professional Dynamic Megaphone With Recording Function/Detachable Microphone & Rechargeable batteries

This Pyle Pro dynamic megaphone makes your voice sound huge! It's got 40 watts of power, a 1000 yard range, and a built in siren. Grip the handle and speak, or detach the microphone to let your voice be heard. This megaphone even has a 10-second recording function, so you can easily play back a prerecorded message – get it right every time. Volume

control allows you to adjust the sound to your liking. Use the included rechargeable batteries, or 6 x D batteries (not included).

Record and Playback Messages

You can record up to 10 seconds of audio and play it back through the PMP45R's powerful speakers. Simply hit the "record" button, talk into the microphone, and hit "replay" to play back your message as many times as you want.

Uses Rechargeable Battery

The PMP45R uses a rechargeable battery so you don't have to purchase new batteries every time they run out.

3 Modes: Talk, Record, and Siren

In addition to standard talk mode, record, and playback, you can also use the built-in siren to get everyone's attention quickly.

Variable Volume Control

Adjust the volume to your preference with the variable volume control.

Switch easily between different modes

Comes with rechargeable battery pack so you won't have to buy new batteries
