clarity with this lightweight device. Unit includes adjustable volume control and a built-in siren. Requires 8 x C batteries or a 9V DC power supply (both not included).

Powerful Piezo Driver and Large Bell Diameter For Projection Range Up To One Mile

Built with revolutionary Piezo Dynamic Technology, the PMP50 packs a lot of power in a light-weight, easy-to-handle design. It's much lighter than similarly-powered megaphones that use more conventional technology, and it's powerful enough that you can be heard up to a mile.

2 Modes: Talk And Siren

In addition to standard talk mode, the PMP50U features a built-in siren so you can get everyone's attention fast.

Variable Volume Control

Adjust the volume to your preference with the variable volume control.

Ergonomic Pistol Grip And Light Weight Chasis

The PMP50 is easy to use and even easier to hold thanks to these great features.
