

***THE MOST  
ACCURATE,  
DEEPEST  
PENETRATING  
BROADHEADS  
IN THE WORLD.***

**RAMCAT**  
BROADHEADS

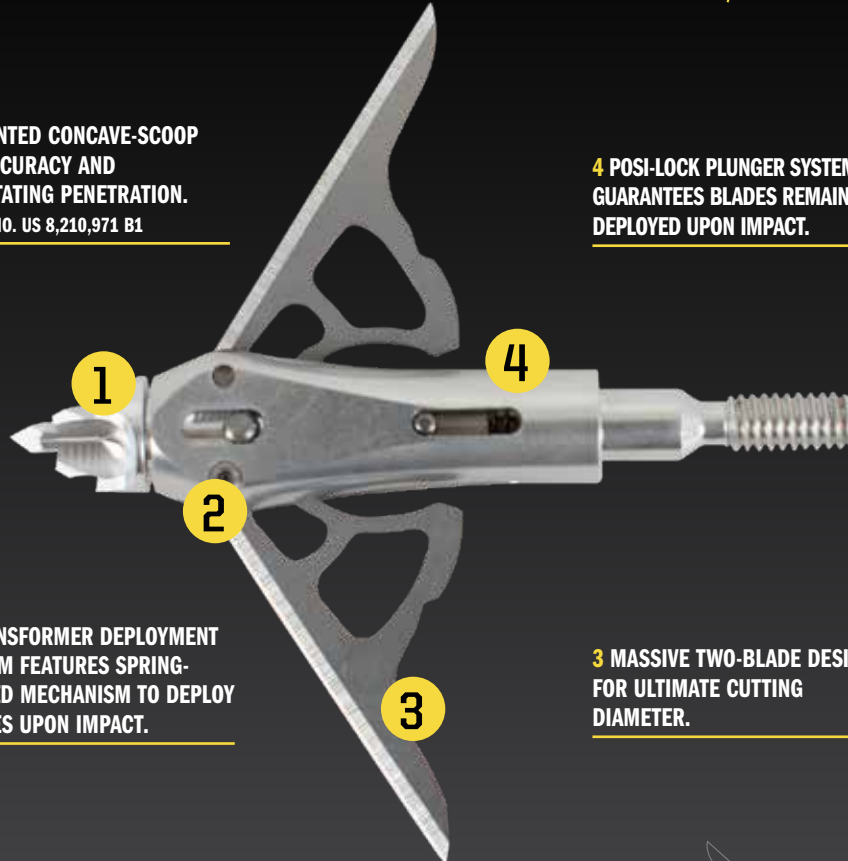

2019 PRODUCT CATALOG

# INTRODUCING THE CAGE RIPPER

NEW  
2019

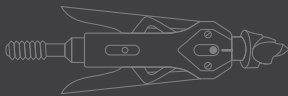

**1** PATENTED CONCAVE-SCOOP  
FOR ACCURACY AND  
DEVASTATING PENETRATION.  
PATENT NO. US 8,210,971 B1

**4** POSI-LOCK PLUNGER SYSTEM  
GUARANTEES BLADES REMAIN  
DEPLOYED UPON IMPACT.

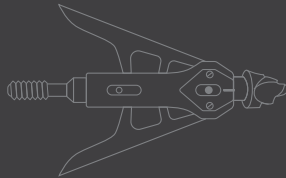

**2** TRANSFORMER DEPLOYMENT  
SYSTEM FEATURES SPRING-  
LOADED MECHANISM TO DEPLOY  
BLADES UPON IMPACT.

**3** MASSIVE TWO-BLADE DESIGN  
FOR ULTIMATE CUTTING  
DIAMETER.

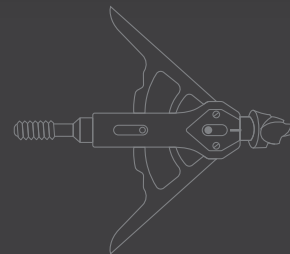

## FLIGHT

The quiet and precise blades feature oil-resistant rings to remain stealth in flight.

## POINT OF IMPACT

The Piston-Driven Deployment System features a spring mechanism deploying blades upon impact.

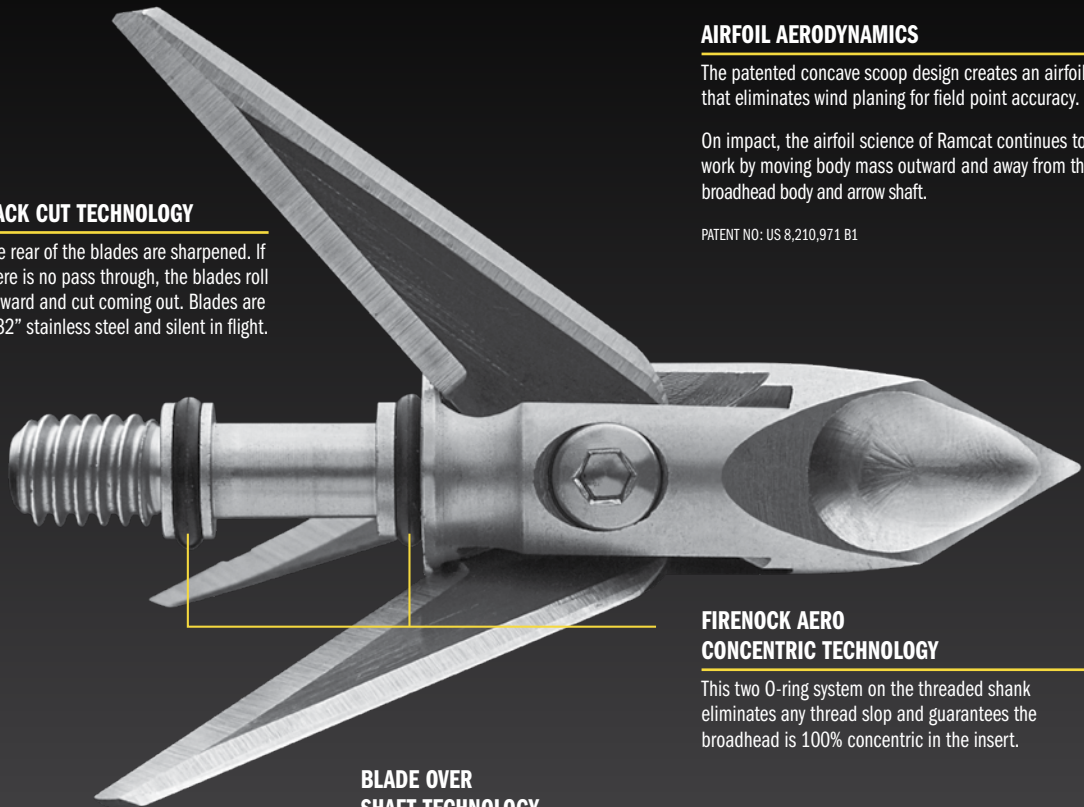

## FULL DEPLOYMENT

The Posi-Lock Plunger System guarantees blades will remain open for maximum cutting diameter after impact.

**ORIGINAL TECHNOLOGY WITH A NEW NAME**  
**THE HYDROSHOCK**

**BACK CUT TECHNOLOGY**

The rear of the blades are sharpened. If there is no pass through, the blades roll forward and cut coming out. Blades are .032" stainless steel and silent in flight.

**BLADE OVER  
SHAFT TECHNOLOGY**

Blades are cantilevered over the arrow shaft and offset in the broadhead body creating a devastating vortex cut and results in the most aerodynamic broadhead on the market.

**AIRFOIL AERODYNAMICS**

The patented concave scoop design creates an airfoil that eliminates wind planing for field point accuracy.

On impact, the airfoil science of Ramcat continues to work by moving body mass outward and away from the broadhead body and arrow shaft.

PATENT NO: US 8,210,971 B1

**FIRENOCK AERO  
CONCENTRIC TECHNOLOGY**

This two O-ring system on the threaded shank eliminates any thread slop and guarantees the broadhead is 100% concentric in the insert.

Whether you prefer pivoting blades, fixed blades, or need something special in a small game or mechanical, all Ramcat Broadheads feature the patented airfoil tip for precision accuracy and devastating penetration.

***Modern technology for today's bows***

## PIVOTING BLADE TECHNOLOGY

FIELD-POINT ACCURACY IS STANDARD WITH OUR PATENTED CONCAVE-SCOOPED TIP.

CANTILEVERED BLADES PROVIDE INCREASED CUT, PENETRATION AND ACCURACY.

TWO O-RING SYSTEM ELIMINATES THREAD SLIP SO BROADHEAD REMAINS 100% CONCENTRIC.

BLADES ROTATE FORWARD WHEN BROADHEAD MOVES REARWARD IN AN ANIMAL OR PULLED FROM A TARGET.

1-3/8" CUT

100 GRAIN / 1-3/8" CUT / 3 PK

HYDROSHOCK	ITEM / R1000
DEEP SIX 100	ITEM / R1002
CROSSBOW 100	ITEM / R2000

1-1/2" CUT

125 GRAIN / 1-1/2" CUT / 3 PK

HYDROSHOCK	ITEM / R1001
DEEP SIX 125	ITEM / R1003
CROSSBOW 125	ITEM / R2001

1" CUT

100 GRAIN / 1" CUT / 3 PK

SINGLE BEVEL GRIND	ITEM / R1005
--------------------	--------------

## PIVOTING BLADE

## FIXED BLADE TECHNOLOGY

OUR TRUE FIXED BLADE DESIGN.

BACK CUT TECHNOLOGY INCREASES BLOOD LOSS.

AIRFOIL SCIENCE REDUCES WIND PLANING  
FOR IMPROVED ACCURACY.

1-3/8" CUT

100 GRAIN / 1-1/16" CUT / 3 PK

DIAMONDBACK 100                    ITEM / R1004

DIAMONDBACK DEEP SIX 100      ITEM / R1006

1-1/2" CUT

125 GRAIN / 1-1/2" CUT / 3 PK

DIAMONDBACK 125                    ITEM / R1007

100 GRAIN / 1-1/16" CUT / 3 PK

SMOKE SMALL GAME HEAD            ITEM / R1009

# FIXED BLADE

## EXPANDABLE BLADE TECHNOLOGY

SAVAGE MECHANICAL

CONCAVE-SCOOPED FERRULE DESIGN MEANS LESS DRAG AND MORE PENETRATION.

DEPLOYMENT ADJUSTMENTS ALLOW THIS VERSATILE BROADHEAD TO BE SHOT FROM A STANDARD COMPOUND, PERFORMANCE COMPOUND OR A CROSSBOW.

CAGE RIPPER

BUILT-IN PLUNGER SYSTEM FOR GUARANTEED MAXIMUM CUT.

PISTON-DRIVEN DEPLOYMENT SYSTEM FOR GUARANTEED SUCCESS UPON IMPACT.

2" CUT

CAGE RIPPER

ITEM / R1012

100 GRAIN / 2" CUT / 3 PK

2" CUT

SAVAGE MECHANICAL

ITEM / R1008

100 GRAIN / 1.5" CUT / 3 PK

# EXPANDABLE

## Lacerator Crossbow Bolt Combo

### FEATURES

- /// 3 RAMCAT BROADHEADS
- /// 3 RAMCAT LACERATOR CARBON CROSSBOW BOLTS
- /// 3 FIELD POINTS
- /// 3 FLAT & 3 HALF-MOON NOCKS

#### 20" RAMCAT CROSSBOW BOLT

R2000 / 100 GRAIN / 1-3/8" CUT      ITEM / R2006

#### 22" RAMCAT CROSSBOW BOLT

R2000 / 100 GRAIN / 1-3/8" CUT      ITEM / R2007

#### 20" RAMCAT CROSSBOW BOLT

R2001 / 125 GRAIN / 1-1/2" CUT      ITEM / R2008

#### 22" RAMCAT CROSSBOW BOLT

R2001 / 125 GRAIN / 1-1/2" CUT      ITEM / R2009

## Combos

Includes 3, Trophy Taker™ Shrink Fletch™ in Flo Yellow & White

#### HYDROSHOCK/SHRINKFLETCH COMBO

R1000 / 100 GRAIN / 1-3/8" CUT      ITEM / R1013

#### HYDROSHOCK-X CROSSBOW SHRINKFLETCH COMBO

R2000 / 100 GRAIN / 1-3/8" CUT      ITEM / R2010

PRACTICE BLADES	9 BLADES/9 SCREWS	ITEM / R4004
ACCESSORY PACK	18 SCREWS/12 O-RINGS	ITEM / R5000
100 GR REPLACEMENT BLADES	100 GRAIN	ITEM / R4000
125 GR REPLACEMENT BLADES	125 GRAIN	ITEM / R4001
1" SINGLE BEVEL REPLACEMENT BLADES	100 GRAIN	ITEM / R4002
100 GR DIAMONDBACK REPLACEMENT BLADES	100 GRAIN	ITEM / R4003
125 GR DIAMONDBACK REPLACEMENT BLADES	125 GRAIN	ITEM / R4006
100 GR SAVAGE MECHANICAL REPLACEMENT BLADES	100 GRAIN	ITEM / R4005
100 GR CAGE RIPPER REPLACEMENT BLADES	100 GRAIN	ITEM / R4008
