CRAZY CART SHIFT

The Ultimate Drifting Machine for younger kids! Now kids as young as six years old can drive, drift, and spin like never before, with the electric powered Crazy Cart® Shift™ from Razor! Featuring a new, smaller frame, simplified drift system, and a hidden parent-controlled speed switch, the Shift's design has been tailored to the size and skill level of younger drivers. Drift into fun, with the all new Crazy Cart Shift.

SPECIFICATIONS:

- **Speed:** Variable-speed acceleration up to 8 mph (13 km/h) in the default HIGH speed setting. A hidden Parental Speed Control switch allows parents to limit their child's Crazy Cart Shift to a top speed of 2.5 mph (4 km/h) for younger drivers and beginners.
- **Run Time:** Up to 40 minutes of continuous use in default HIGH speed mode, up to 80 minutes of continuous use when Parental-controlled Speed switch is set to the optional LOW speed mode
- **Power Core™ Hub Motor Technology**
 - 90-watt, high-torque, hub-driven
 - Maintenance Free (no alignment, no chain, no belt)
 - Patents Pending
- **Throttle:** Variable-speed, foot pedal
- **Frame:** Uni-body construction, high-impact polymer
- **Steering:** Steer-to-drift. Uses the steering wheel to drift like a real car. Allows young drivers to keep both hands on the wheel for stability
- **Front Tire:** 6" (152 mm), abrasion-resistant, airless, flat-free
- **Rear Wheels:** Urethane with inclined casters
- **Seat:** Bucket-style
- **Battery:** 12V sealed lead-acid, rechargeable
- **Includes:** Battery charger and flag
- **Patent Pending**

WILD ONES

LIL' E

T3

FOLDING KIDDIE KICK

LIL' KICK

RAZOR JR.

Razor is not just for big kids! Preschoolers now have a line to call their very own. Razor Jr. boosts youngsters' balance and coordination while they have fun, on products sized just for them.

WILD ONES

Little ones go wild for the Wild Ones junior kick scooter, designed to help new riders build the balance they need to safely and confidently ride a two-wheeled scooter. Featuring a low to the ground deck perfect for learning, the Wild Ones junior kick scooter eliminates the need for a third wheel, enabling kids ages 30 months and up learn to balance on a two-wheeled ride. And with Shark, Dinosaur, and Unicorn inspired designs to choose from, there's a Wild One just right for every little one!

SPECIFICATIONS:

- **Frame:** Injection-molded plastic
- **Handlebars:** Steel-reinforced with 3D (lenticular) eye graphic
- **Grips:** Soft, foam
- **Deck:** Low to the ground, extra-wide, character-inspired graphics on full-deck grip tape
- **Wheels:** 6.5" (164 mm) diameter, 3" (76.2 mm) wide, slow-rolling tires
- **Patents Pending**

RIDER TYPE:

- **Age:** 30+ months
- **Max Rider Weight:** 44 lb (20 kg)

COLORS:

 UNICORN | Item#: 13059664 | UPC: 8-45423-02283-9

 SHARK | Item#: 13059643 | UPC: 8-45423-02286-0

 DINO | Item#: 13059630 | UPC: 8-45423-02289-1

Adult assembly required

Always check local laws to see where and how particular Razor products may be ridden. An adult's decision to permit a child to use these products should be based upon Razor's recommendations and the child's skills, maturity and the ability to follow rules. Product specifications subject to change.

LIL' E

Electric Fun For The Little Ones! It's a revolution in fun for the little ones – an electric scooter built specifically for youngsters still mastering their balance and coordination. The Lil' E provides the extra stability of three wheels and a simplified push-to-go, soft-start throttle that keeps them in control as they explore the thrills of electric-powered fun.

SPECIFICATIONS:

- **Speed:** Up to 2 mph (3 km/h)
- **Run Time:** Up to 60 minutes of continuous use
- **Drive Train:** Dual, rear wheel
- **Throttle:** "Go" button with "soft start" technology - slowly builds to full speed, stops when button is released
- **Frame:** Steel
- **Deck:** Large platform for stability
- **Battery:** 6V sealed lead-acid, rechargeable
- **Includes:** Battery charger

RIDER TYPE:

- **Age:** 3+
- **Max Rider Weight:** 44 lb (20 kg)

COLORS:

 GR | Item#: 20159640 | UPC: 8-45423-01616-6

 PK | Item#: 20159661 | UPC: 8-45423-01615-9

Adult assembly required

Always check local laws to see where and how particular Razor products may be ridden. An adult's decision to permit a child to use these products should be based upon Razor's recommendations and the child's skills, maturity and the ability to follow rules. Product specifications subject to change.

T3

The Only Three-wheeler You'll Ever Need! Spark a love for riding that lasts a lifetime with the Razor Jr. t3. Easy to turn and hard to tip over, the t3 is the perfect introduction to the world of Razor scooters, with a patent-pending, three-wheel design that helps young riders build core balance and riding skills. It's a first ride they'll never forget and hate to give up.

SPECIFICATIONS:

- **Steering:** Advanced tilt-to-turn technology
 - Smoother steering
 - Improved turning angle
 - More responsive action
- **Higher performance extends the maximum rider age of the scooter**
- **Handlebars:** Steel
- **Grips:** Soft, rubber
- **Wheels:** 120 mm, urethane front with sealed bearings, 76 mm rear
- **Deck:** Flexible, slip-resistant polypropylene
- **Brake:** Rear-fender
- **Includes:** Tilt-to-turn action viewable through bubble
- **Construction:** Lightweight and durable
- **Assembly:** 1-step, tool-free
- **Patent Pending**

RIDER TYPE:

- **Age:** 3+
- **Max Rider Weight:** 48 lb (22 kg)

COLORS:

GR | Item#: 20059631 | UPC: 8-45423-01613-5
