

Rothco Canvas Jumbo Musette Bag

Designed after the World War II Musette Bag, Rothco's jumbo version displays the same classic construction with an overall larger design (15" X 15" X 5"). The military musette bag contains a large main compartment with an internal compartment that runs the full length of the bag to store a variety of essential gear. Store additional supplies in the full-length snap button back compartment and the flap closure side pocket. The adjustable backpack straps feature metal buckle clips so you can attach the straps to a separate shoulder strap to convert the musette bag into a shoulder bag (shoulder strap not included). Made with an unwashed heavyweight 22oz cotton canvas, the jumbo musette bag will withstand the weight of your gear while you travel.

Specifications

Property	Value
