

Rothco Concealed Carry Flannel Shirt

We took our popular flannel shirt and gave it a tactical upgrade - Rothco's Concealed Carry Flannel Shirt. Constructed from heavyweight, 100% 8oz cotton fabric, this tactical flannel features a dual zipper closure which can be opened from the top or bottom. There are two mag pockets with magnetic button closures & a large concealed carry pocket with hook and loop closure on the inside of the flannel shirt. Two outside breast pockets have single button closures, adding another option for storing essential small gear.
