

## Rothco Sniper Veil

Rothco's Sniper Veil provides the perfect concealment for a sniper and their weapon. The veil measures 36" x 46" with a cinch cord running all 4 sides and cord loop at each corner that would allow you to utilize the veil as a gear hammock to keep objects off the ground or secure the veil to the body or gear. In addition to the veil concealing a weapon, it can be worn as a shemagh or scarf to protect the body from the elements.
