

Rothco Solar Lantern Torch and Charger

Rothco's Solar Lantern Torch and Charger are perfect for camping, emergencies, and/or storing in your bug out bag. The multi-use lantern can easily turn into torchlight on the go and even charge your electronic products. This solar light features a 1 LED torch, a 6 LED lantern, and a 4.2V solar panel with a rechargeable alkaline battery. The battery runtime is approximately 4 hours and charges through USB.
