

Rothco Tactical Map Case Board

Be mission-ready with all your battle tools which are easily accessible in Rothco's Tactical Map Case. Two interior window pockets (measuring 11.5" x 8.5" and 10.5" x 7.5") hold your maps and documents, protecting them from outside elements. The clear plastic compartments allow you to mark your coordinates and notes as you go with an erasable marker (not included). The center panel features an interior mesh zippered pocket, ideal for holding small gear, and features 5 2" x 2" elastic loops for pens, markers, rulers and more. The military map case has a stiff inner board, making it sturdy enough to write on while on the move and in the field. Exterior pocket measures 8 x 12", with the addition of two rows of Loop MOLLE webbing offers the ability to attach modular pouches to the map case, creating an expandable system. There is an additional loop field on the backside of the case for morale patches or branch name. The $\frac{3}{4}$ zipper closure makes it easy to open the map case like a notebook, allowing for accessibility without your documents falling out. Great for tactical missions, airsoft, and military exercises.
