

Smith & Wesson 21" Steel Expandable Baton With Holster

The Smith & Wesson 21" Steel Expandable Baton is made of seamless alloy steel and has a thermoplastic elastomer polyester handle with a high grade rubber feel to it for a no-slip grip. With the flick of the wrist, you can open it and lock in place once expanded for any type of emergency. Included is a denier holster with a snap closure belt loop to keep by your side at all times.
