## RIGID STRUCTURE

Along with adding **two more legs** to the foundation, we **repositioned the joints and tightening screws** on the frame to **increase the overall stability of the rack**.

Firearms shown not included.

# 「SIMPLY DESIGNED」

*Easy to put together right out of the box, this **foldable stand** makes it simple to take it with you on your next range day **without additional tools**.*

Remember to tighten screws after transportation to ensure stability.
