EQUIPMENT

Space out the barrel & stock racks to **your desired height** before mounting. The stock rack extends out enough to **accomodate most mid-range sights**.

Firearms shown not included.

**FITS MOST FIREARMS**

# RIGID STRUCTURE

*Two screw holes on each wall-mounting plate keep the rack sturdy & secure on your wall.  
Mount on studs, do not mount only on drywall.*

Firearms shown not included.

EQUIPMENT

# FRAME DURABILITY

*Rubber-encased prongs prevent scratches to your firearms, while the powder-coated frame provides increased wear-resistance.*

Firearms shown not included.

# 「SIMPLY DESIGNED」

We recommend **using a level** when installing your rack to make sure it is mounted properly.

Remember to **measure twice and drill once**.

A slanted rack will not function properly and is extremely dangerous.
