OFFICIAL SPONSOR OF

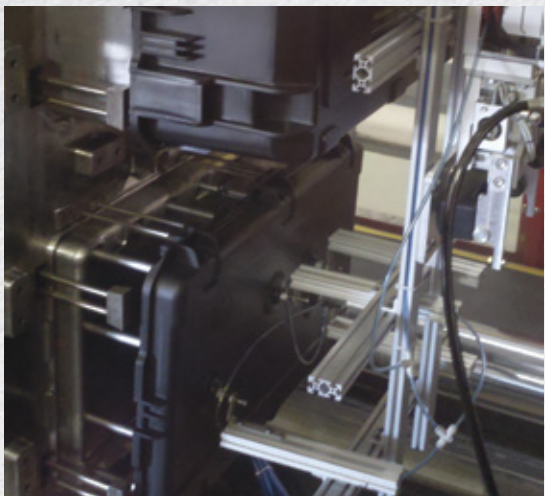

SKB OWNERS/FOUNDERS: DAVE SANDERSON & STEVE KOTTMAN

OUR STORY

In 1977, two ambitious college students developed the first SKB case in a small Anaheim, California garage. What would eventually become the industry's premier lightweight molded guitar case was just the first of many innovations that have since cemented SKB's global reputation as a leading manufacturer of superior equipment transportation solutions. These solutions are helping diverse industries around the world—from music and photography to sports, aerospace, military, industrial, and beyond—to protect their livelihoods, build better products, and get the job done.

If our 40 years of steady growth have taught us anything, it's that we have our customers to thank for giving us the opportunity to excel; it's their challenges that have allowed us to develop and grow. We at SKB are grateful for the continued trust and loyalty of our customers, and we remain dedicated to the assurance that every case with an SKB logo has been manufactured with an unconditional commitment to unsurpassed quality.

One of our injection molders in action

INJECTION MOLD

This is SKB's latest venture in our quest to provide the most innovative hard shell case products. Injection molding is an expensive investment that leaves no room for error. Made with extreme pressure, even the smallest injection molded part requires a very large and heavy mold (some of SKB's molds are nearly 20 tons!). The injection mold process produces many of our parts—such as our patented Trigger Latches—and our gasket-sealed waterproof iSeries cases are proving to be popular transport solutions for everyone from touring musicians to military personnel. Never before has an ATA flight case been so advanced and lightweight.

Molds rotating during production

ROTO-MOLD

In 1997, SKB invested in roto-mold machinery. These molds are ideal for making large and cylindrical cases. The PE roto-mold material starts as a fine powder that is measured according to the size of the case. The material is then sealed up in a multi-piece aluminum mold, fixed on a biaxial rotating wheel, and heated to 800° in a very large oven while the mold constantly rotates. The powder melts and coats the inside of the mold and, after cooling, the cast is disassembled and the new case is removed. Roto-molding is great for providing maximum transport protection and impact resistance.

Vacuum mold for keyboard case

VACUUM FORM

Also known as thermal form, this was the first and most recognized "SKB Style" case. This method is very popular for everything from guitar and band instrument cases to golf cases, rifle cases, and more. In 1990, SKB developed the first vacuum formed rack case. Acrylonitrile Butadiene Styrene (ABS) or Polyethylene (PE) is formed into solid sheets of material. The sheets are then heated and vacuum formed around aluminum castings, thus taking the shape of the mold. The edges have a distinctive aluminum valance that provides rigid construction as well as a secure fit. Vacuum formed products are known for their light weight and extreme durability.

2SKB-4220-BT

SKB BOW TRAVELER

AVAILABLE COLORS

Provides rigid, padded protection for your bow and accessories in the bottom compartment with room above for clothes and other essentials

- The perfect size for today's most popular bows (42" x 20" x 13")

DRY-TEK® GUN BAGS

SKB Dry-Tek® gun bags feature the patented "Dry-Tek® Difference." Two-layer padding works to draw moisture from the inner bag, passing it through a remarkable one-way laminate membrane that allows water molecules to exit the bag, but not enter.

- 600 Denier poly blend cross dyed fabric exterior
- Heavy duty oversized nylon zippers for secure closure
- Cast, rust-repellent hardware
- Slide-through system for padlock security (locks not included)
- Exterior zippered pockets for ammunition and accessories

SKB cases are used and trusted by some of the industry's most renowned hunters and outdoor enthusiasts.

Here's why they consider SKB the best cases money can buy.

KIP CAMPBELL
RED ARROW

"We put our SKB cases through the ringer and our gear is always protected without a scratch."

FREDDY HARTEIS
THE MAVERICK

"SKB Cases have been an essential part of my success. They're incredibly durable and easy to use - protect your passion, invest in an SKB Case."

TOM NELSON
AMERICAN ARCHER

"I have been around the world and back chasing animals with my bow. Never once in 25 years of traveling has my SKB bow case failed me."

LARYSA SWITLYK
LARYSA UNLEASHED

"SKB Cases guarantee me the protection I need traveling to and from the field so I can make the perfect shot every time."

TIM WELLS
RELENTLESS PURSUIT

"The last thing you need on a trip of a lifetime is to have your gear arrive broken. That's why I depend on SKB Cases for continued success."
