DO IT RIGHT®

LET'S GET OUTDOORS

# WHO WE ARE

At TETON Sports®, we believe the best way to enjoy life is to get outdoors. Our purpose is to provide you, your friends, and your family with the best products to do just that, and we back it with a Limited Lifetime Warranty. You can expect exceptional standards at an affordable price. All TETON Sports® gear goes through rigorous quality testing. Everything is designed by other campers, hunters, and high adventurers just like you, so you get the equipment you would design for yourself.

Our staff consists of other high adventurers who know firsthand just what is needed in the great outdoors. We know how to give the best at the best price. [Sleeping bags, Cots, Camp Pads, Tents, and Packs](#) are our pride and joy. So whatever your favorite adventure, we've got your back in the great outdoors.

Our Limited Lifetime Warranty underscores our commitment to bring you the best. When your gear performs the way you expect, you get to spend more time enjoying adventures. If your purchase has any defects in materials or workmanship, we'll send you new gear so you can get back outdoors.

# NEW 2016

As we move forward here at TETON Sports®, we will continue to innovate and design gear evermore ready to take on your adventures. Thanks to the feedback we receive from the outdoor community, we've made many improvements and designed whole lines based on what other campers, hunters, and adventurers have told us they need.

Thank you for all you do as a customer and supporter of TETON Sports®. The future looks bright, so get outdoors and enjoy life!

# BACKPACKS

At TETON Sports®, we know everyone goes adventuring in different ways, so we provide a wide variety of backpacks for a range of experiences. Whether you're hiking the back country for a week, scrambling over rough terrain, or on a leisurely day hike, our packs are specifically designed to accommodate you.

We provide a range of backpacks aimed at fitting you; from a solid and well built starter backpack at an affordable price to a higher end pack aimed at meeting more specific adventure needs and demands. Our goal is to provide those looking to get into outdoor sports a way to jump in without having to make a large investment, while offering options to upgrade your gear, if you chose to, as you spend more time adventuring outdoors.

Every pack has been built with exceptional quality and each design subjected to rigorous quality testing. You can purchase your backpack with confidence knowing that every one is backed by our TETON Sports® Limited Lifetime Warranty.

# Scout3400

Items #121 #161

The Scout3400 is perfectly sized for youth and light backpackers. The Scout3400 has torso adjustments, aluminum stays, thickly padded straps, plenty of pockets, and an included built-in rainfly. It is a durable hiking pack with sturdy zippers, mesh lumbar support, padded waist and shoulder straps, and moldable aluminum stays. You won't believe how comfortable this pack is for the money. Safety yellow rainfly stays hidden until you need it, then pulls out to protect pack and gear. Main compartment closes securely with two barrel-lock drawstrings. Gear loops hang ski poles, ice axe, or shovel. Top carry-loop makes it easy to load into the car.

Dimensions	30" x 17" x 12"	Capacity	3400 cu in (55 liters)
Pack Weight	4.5 lbs	Color	Hunter Green, Mecca Orange
Shell	600D Diamond Ripstop/600D PU	Waist Belt	26"–60"
Hydration Capacity	101-Ounce (3 Liter) <small>water bladder not included</small>	Torso Length	15"–19.5"

# Explorer4000

Items #162 163

Dimensions	32" x 18" x 12"	Capacity	4000 cu in (65 liters)
Pack Weight	5 lbs	Color	Navy Blue, Metallic Silver
Shell	Diamond Ripstop/600D PU	Waist Belt	28"-70"
Hydration Capacity	101-Ounce (3 Liter) <small>water bladder not included</small>	Torso Length	19"-23"

The Explorer4000 internal frame pack carries enough gear for three to five days. Waist Belt adjusts to fit a range of body sizes from 28" to 70". Contoured harness. Thick back panel channels airflow. Large capacity pack includes six pockets plus main compartment, three mesh pouches, upper and lower gear loops, and four compression straps. Rainfly included. Moldable aluminum stays and thick lumbar and upper back pads provide comfort even with heavy loads. Fully adjustable torso, shoulder, and hip straps with tensioners and breathable mesh. Floating pocket design allows you to secure tent poles to sides of pack and still access zip pockets and mesh pouches. Holds water bladder (not included).

# Fox5200

Items #122 #123

The Fox5200 is a high capacity, hydration-ready pack designed for longer trips. Large main compartment accessible from top or bottom. Weather-guarded zippers. Included rainfly. Comfortable fit for heavy loads. Sturdy material and rugged construction, plus features normally found on more expensive backpacks. Hydration-ready with center exit hole and tube bungees on both sides (bladder not included). Adjustable torso, shoulder and hip with padded channels to increase airflow and comfort. Hood detaches to become waist pack or pillow. Main compartment has double cinch cords and false floor unzips to combine with lower compartment for more vertical space. Bottom compression straps, top eyelets, and front webbing.

Dimensions	34" x 16" x 13"	Capacity	5200 cu in (75+10 liters)
Pack Weight	5.5 lbs	Color	Navy Blue, Mars Red
Shell	600D Diamond Ripstop/1000D PU	Waist Belt	30"–74"
Hydration Capacity	101-Ounce (3 Liter) <small>water bladder not included</small>	Torso Length	15.5"–23"

# Summit1500

Item #1002

Dimensions	21.75" x 12.75" x 10"	Capacity	1500 cu in (25 liters)
Pack Weight	2.5 lbs	Color	TETON Orange
Shell	420D Double Line Ripstop/420D PU	Waist Belt	24"–60"
Hydration Capacity	101-Ounce (3 Liter) <small>water bladder not included</small>	Torso Length	Fixed 18"

The Summit1500 has padded bolsters which channel air to center of back while cushioned waist belt and shoulder straps adjust to fit. Excellent pack for overnight or day use. The Summit1500 hydration-ready daypack fits a 101-Ounce/3 Liter bladder (not included) and has left and right hydration chest attachments for drinking. With six pockets, two pouches, slide storage and gear loops, the Summit1500 stores everything you need for an overnight or full-day trip. Front map pocket has storm-proof zipper and water-resistant liner. Compression straps cover side pouches to keep water bottles or longer items in place. Adjustable comfort harness fits children or adults.

# Summit2800

Item #1004

The Summit2800 is just like the popular Summit1500 except with larger capacity. This pack features a lower sleeping bag compartment and straps to attach pad or bag externally. This hydration-ready overnight pack fits a 101-Ounce/3 Liter bladder (not included) and has left and right hydration chest attachments for drinking tube. With lower sleeping bag compartment, six pockets, two pouches, slide storage and gear loops, the Summit2800 stores everything you need for a weekend trip. Front map pocket has storm-proof zipper and water-resistant liner. Compression straps cover side pouches to keep water bottles or longer items in place. Adjustable comfort harness fits children or adults.

Dimensions	26.5" x 13" x 10"	Capacity	2800 cu in (45 liters)
Pack Weight	3.2 lbs	Color	Metallic Grey
Shell	420D Double Line Ripstop/420D PU	Waist Belt	26"-60"
Hydration Capacity	101-Ounce (3 Liter) <small>water bladder not included</small>	Torso Length	Fixed 19.5"

# Hiker3700

Item #1005

<b>Dimensions</b>	33" x 15.5" x 12.5"	<b>Capacity</b>	3700 cu in (60 liters)
<b>Pack Weight</b>	4 lbs	<b>Color</b>	Red
<b>Shell</b>	420D Double Line Ripstop/600D PU	<b>Waist Belt</b>	28"-51"
<b>Hydration Capacity</b>	101-Ounce (3 Liter) <small>water bladder not included</small>	<b>Torso Length</b>	16"-21.5"

The Hiker3700 has a 3,700 cubic inch capacity with seven pockets, two pouches, multiple compression straps, gear loops, key loop, and slide-storage under hood. Padded shoulders, lumbar and waist. The Hiker3700 is a rugged, all-purpose, pack large enough for three to five day outdoor adventures. Includes custom-fit features such as split wishbone waist belt for independent top and bottom adjustments at hips and waist, contoured harness with redesigned chest straps, sliding torso lengthener, and forward-tightening load straps. Padded lumbar support and lightweight aluminum stays to support heavy loads. With plenty of pockets, gear loops, and external compression straps, Hiker3700 will hold everything and still be comfortable to wear.

# Escape4300

Item #1006

Dimensions	33" x 17" x 12"	Capacity	4300 cu in (70 liters)
Pack Weight	4.75 lbs	Color	Leaf Green
Shell	420D Double Line Ripstop/600D PU	Waist Belt	28"–45"
Hydration Capacity	101-Ounce (3 liter) <small>water bladder not included</small>	Torso Length	17"–21"

The Escape4300 is a roomy, internal frame pack with thickly padded back panel and shoulder straps, concave head space and split wishbone waist belt. Designed for comfort when fully loaded. The Escape4300 is a large pack intended for week-long trips or occasions when capacity matters. Aluminum stays and high-density foam back panel keep support right where you need it. Includes padded waist and shoulder straps, multiple load adjustments and torso lengthener that can be fit to your body without removing the pack. 4,300 cubic inch capacity with seven pockets, two pouches, four compression straps, daisy chain gear loops, D-ring, eyelets and slide-storage under hood.

# Outfitter4600

Item #1007

<b>Dimensions</b>	35" x 16" x 14"	<b>Capacity</b>	4600 cu in (65 + 10 liters)
<b>Pack Weight</b>	5.5 lbs	<b>Color</b>	Navy Blue
<b>Shell</b>	420D Double Line Ripstop/900D/600D PU/420D PU	<b>Waist Belt</b>	28"–50"
<b>Hydration Capacity</b>	101-Ounce (3 Liter) <small>water bladder not included</small>	<b>Torso Length</b>	17"–21"

The Outfitter4600 carries tons of gear in an ergonomically friendly way. It features lumbar support, adjustable torso length, reinforced and padded straps, cushioned split wishbone waist belt and an internal frame. The Outfitter4600 is designed to distribute the weight of a heavy load comfortably on your hips to avoid shoulder and back strain. With eight pockets, two pouches, four compression straps, gear loops, eyelets, mesh storage, bungee storage, and expandable hood storage, this backpack fits everything. Reinforced straps, thick padding, aluminum stays, and high-load buckles help you and the pack hold up under heavy loads.

# TrailRunner2.0

Items #1000 #1000-B #1000-O #1000-R

The TrailRunner2.0 lets you carry fluids without extra bulk. This ventilated hydration pack has an adjustable fit to eliminate chafing, room for essentials and an included 70 Ounce/2 Liter bladder. It features a deep exterior front pocket for snacks and wallet with a bungee to secure your items. This minimalist pack is adjustable at the waist and shoulder to fit men and women comfortably. The wide mesh straps and chest shock absorber reduce bounce. The included FDA-compliant food grade bladder is constructed with triple-heat sealed edges and a 2" opening for easy fill and cleaning, a heavy duty kink-free sip tube, and a cushioned bite valve with twist-lock to prevent leaks.

Dimensions	16" x 10" x 2" (full capacity)	Hydration Capacity	70-Ounce (2 Liter)
Pack Weight	0.9 lbs (not filled)	Color	Black, Blue, Red, Orange
Shell	420D 2mm Double Line Ripstop/420 PU	Waist Belt	Expandable up to 49.5"

# Oasis1100

Items #1001 #1001-B #1001-O

The Oasis1100 is a high-capacity hydration pack that weighs only 2 pounds (not filled). Modern cut, multiple adjustments and ventilated shoulder straps mean all-day comfort, even fully loaded. Includes a 70-Ounce/2 Liter bladder. Three zipper pockets, stash space, and two mesh pouches make this 1,100 cubic inch hydration pack roomy enough for day or overnight trips. Low-profile athletic cut with full adjustment fits both men and women comfortably. FDA-compliant food grade bladder with triple-heat sealed edges, 2" opening for easy fill and cleaning, kink-free sip tube, and twist-lock to prevent leaks.

#1001-B

#1001-O

# Oasis1200

Items #1089 #1089-B

#1089-B

The Oasis1200 has a total capacity of 1,200 cubic inches, comes with a 101 Ounce/3 Liter, wide mouth bladder and includes its own rainfly—this pack is the ultimate choice for day or overnight trips. Designed by high-adventurers who know what you want in a hydration pack! Fully adjusts to fit both men and women comfortably. Sturdy and lightweight. Wide mesh shoulder straps, T-channel ventilation, and chest shock absorber. FDA-compliant food grade bladder with triple-heat sealed edges has a convenient grip handle for easy filling.

<b>Dimensions</b>	19.5" x 12" x 9.5"	<b>Hydration Capacity</b>	101-Ounce/3 Liter
<b>Pack Weight</b>	2.45 lbs (not filled)	<b>Color</b>	Blue & Grey, Black & Orange
<b>Shell</b>	600D Dobby 210D Polyester	<b>Waist Belt</b>	Expandable up to 60"

# Canyon2100

Item #1003

Photo by Nick Oman

Dimensions	24" x 15" x 11.5"	Capacity	2100 cu in (35 liters)
Pack Weight	Without Dry Bag: 4 lbs With Dry Bag: 4.5 lbs	Color	TETON Orange
Shell	2mm Honeycomb Ripstop/600D PU	Waist Belt	28"–65"
Hydration Capacity	101-Ounce (3 liter) <small>water bladder not included</small>	Torso Length	Fixed 19"

The Canyon2100 pack will stay comfortable and in place on your back while running, jumping, and navigating the most extreme routes, even when packed to full capacity. The included 20L dry bag fits perfectly inside the main compartment. The Canyon2100 was designed to be a low-profile pack with comfortable air mesh harness and shoulder straps so air can circulate while in use.

ROCK1800

TALUS2700

MOUNTAIN  
ADVENTURER4000

GRAND5000

# ROCK1800

Item #1136

The Rock1800 is sleek in its design, you will have a seamless transition from your office to the mountains and back. The Rock1800 has been outfitted with multiple storage options including three internal pockets, five exterior pockets (including an integrated zippered pocket perfect for cell phones or other devices), and a large exterior dump pocket. Strong and rugged, the pack shell is made from 420D Oxford with a 1000mm PU coating, which can stand up to even the roughest terrain. Oversized zipper pulls on the exterior pockets and main compartment zipper, are easy to use, even with gloved fingers.

The Rock1800 provides superior comfort with the help of tension adjustments on shoulders and chest to get a precise fit. The aluminum stay provides strength and support right where you need it. A thickly padded lumbar area provides exceptional lower back comfort. Two, thick shoulder pads provide comfort and feature air channels to maximize air circulation. Hydration compatible, the pack has a large pouch for a 101-Ounce/3 Liter bladder with an integrated hook and loop fastener hang tab for easily hanging your hydration bladder. Two, large pockets to fit water bottles or other items requiring easy accessibility. Two side compression straps and an upper compression strap help keep gear cinched tight to reduce pack shift.

<b>Dimensions</b>	20" x 11" x 9.5"	<b>Capacity</b>	1800 cu in (30 liters)
<b>Pack Weight</b>	2.5 Lbs	<b>Color</b>	Black and TETON Orange

# TALUS2700

Item #1137

The Talus2700 is a lightweight and technical pack. It was made to meet the demands of any skill level. Weighing just over 3 pounds (without the included tarp poncho), it's extremely lightweight, yet strong and durable with heavy-duty components and a treated 420D Oxford shell. The features and options with this pack are nearly limitless. Perfect for weekend type backpacking trips or mountain expeditions, the 2700 cubic inch pack volume provides ample space, while multiple gear ties and gear loops make carrying extra gear very simple. Oversized zipper pulls on the exterior pockets and main compartment zipper are easy to use, even with gloved fingers.

The Talus2700 provides superior comfort and a precise fit with the help of tension adjustments on shoulders, chest, and torso. Aluminum stay provides strength and support right where you need it. Waist belt uses dual wishbone construction to hug your hips comfortably. A thickly padded lumbar area provides exceptional lower back comfort, while two, thick shoulder pads provide comfort as well as air channels to maximize air circulation. Hydration compatible, the pack has a large pouch for a 101-Ounce/3 Liter bladder with an integrated hook and loop fastener hang tab for easily hanging your hydration bladder. Two, large pockets to fit water bottles or other items requiring easy accessibility. Multiple side compression straps and an upper compression strap help keep gear cinched tight to reduce pack shift.

Includes tarp poncho that covers you and your gear, while also doubling as an emergency shelter and rope tarp

# MOUNTAIN ADVENTURER4000

Item #1138

The Mountain Adventurer4000 is a lightweight but highly technical pack that is ready for any type of mountain sport. Weighing just over 4 pounds (without the included tarp poncho), it's extremely lightweight without losing strength and features. This pack is ideal for anyone from a backpacker to alpine climber. Made for backpacking trips, ski touring and climbing, the 4000 cubic inch volume provides ample space. Snow sport carrying options, multiple gear ties and gear loops make carrying extra gear very simple. The pack is setup for carrying all of your alpine equipment along with skis, snowboard, splitboard or snowshoes. Strong and rugged, the pack shell is made from a treated 420D Oxford, which can stand up to even the roughest terrain in the most extreme parts of the world. Oversized zipper pulls on the exterior pockets and main compartment zipper are easy to use even with gloved fingers.

The Mountain Adventurer4000 provides superior comfort and a precise fit with the help of tension adjustments on shoulders, chest, and torso. # GRAND5500

Item #1139

The Grand5500 is a large capacity pack. It was developed by our team of rugged adventurers to meet the demands of your longest and most extreme adventures. Weighing just 5 pounds (without the included tarp poncho), you will barely notice it on your back, yet it can adequately carry all the gear you need for weeks in the backcountry. While the size is great, the features and options of this pack set it apart from the rest. Made for extended backpacking trips and mountain expeditions, the 5500 cubic inch pack volume provides ample space. Snow sport carrying options, multiple gear ties and gear loops make carrying extra gear very simple. The pack is setup for hauling all of your alpine equipment along with skis, snowboard, splitboard or snowshoes. Strong and rugged, the pack shell is made from treated 420D Oxford, which can stand up to even the roughest terrain in the most extreme parts of the world. Oversized zipper pulls on the exterior pockets and main compartment zipper are easy to use, even with gloved fingers.

The Grand5500 provides superior comfort and a precise fit with the help of tension adjustments on shoulders, chest, and torso. Aluminum stays provide strength and support right where you need it. Waist belt uses dual wishbone construction to hug your hips comfortably. A thickly padded lumbar area provides exceptional lower back comfort, while two, thick shoulder pads provide comfort as well air channels to maximize air circulation. An exterior, zippered pouch doubles as a removable 3 Liter day pack. Hydration compatible, the pack has a large pouch for a 3 Liter bladder with an integrated hook and loop fastener hang tab for easily hanging your hydration bladder. Two, mesh pockets to fit water bottles or other items requiring easy accessibility. Multiple side compression straps and an upper compression strap help keep gear cinched tight to reduce pack shift.

# Polara 0°F 3-in-1

Item #1066

Dimensions	82" x 36"	Pack Size	17.5" x 12" x 12"
		Zipper	"L" Shaped Zip
Shell	Taffeta	Pack Weight	6.5 lbs
		Color	Blue
Fill	SuperLoft Elite™	Temp Rating	-18°C/0°F
	4-Channel		
Hollow Fiber			
Lining	Outer: 100% Brushed Poly Flannel Inner: PolarLite™ Fleece		

The Polara 3-in-1 has three configurations and four bonus configurations to keep you comfortable in all types of weather. Outer and inner bags zip and hook and loop fastener together to provide layers of toasty warmth. Rated from +60°F to -10°F with five one-person configurations and two double-wide configurations. Easy to connect and disconnect bags. Smart design keeps inner bag from twisting during use. Liner is made of an extra soft, anti-pilling, PolarLite™ fleece for maximum comfort. Both bags have pockets to store valuables. Includes sturdy compression sack. This is the most versatile bag you'll ever own.

# Ultralight

TETON Sports® Ultralight sleeping bag series is perfect for the backpacking adventurer. The best quality, with the least weight, at the right price. There's a bag for every season and almost any weather condition. Our Ultralight series ranges from warm summer nights to icy winter expeditions. Our mummy bags are larger than the standard for a bit more wiggle room for bigger frames. Some also feature our innovative three-piece no gap hood that will pull in snug around your ears and face for the best insulation.

# Trailhead +20°F Ultralight

Items #1022 #1022-G

Photo by Nick Oman

The lightweight but warm TrailHead +20°F is designed with 7-denier woven fiber fill, shoulder and zipper baffles, and drawstring hood. It features a breathable, soft, double-brushed liner. Innovative PolarLite™ insulation keeps you warm even though the entire bag is thin and light. The TrailHead +20°F is 87" x 32" (at widest point) provides shoulder and leg room while foot box design lets you lie with toes up and still be comfortable. Zipper pullers inside and outside of bag for easy closure. Mummy-style hood with shoulder baffle and drawstring. Taped, anti-snap zippers and full-length zipper draft tube. Zippered inner pocket for valuables. Weighs 2.9 lbs.

Dimensions	87" x 32" x 22"	Pack Size	14.5" x 6.5" x 6.5"
Shell	75D Diamond Ripstop	Zipper	Right Zip
Fill	PolarLite™ Insulation	Pack Weight	2.9 lbs including stuff sack
Lining	Brushed Micro Polyester	Temperature Rating	+20°F
Color	Orange and Green		

# Tracker +5°F Ultralight

Items #1037-G #1037

Photo by Nick Oman

Dimensions	87" x 34" x 22"	Pack Size	15" x 9" x 9"
Shell	75D Diamond Ripstop	Zipper	Left Zip
Fill	PolarLite™ Insulation	Pack Weight	4.1 lbs
Lining	Brushed Micro Polyester	Temperature Rating	+5°F
Color	Green and Red		

Elite, cold weather Tracker +5°F mummy bag is lightweight, but ultra warm with PolarLite™ insulation, body mapping, and a 3-piece no gap hood. Innovative PolarLite™ insulation keeps you warm even though entire bag is thin and light. 3-piece no gap hood pulls in perfectly around your face. Bag shapes to body lines and has a vaulted foot-box with body mapping to keep feet toasty, even in freezing weather. Zipper pullers inside and outside of bag for easy closure. 87" x 34" (at widest point) provides more shoulder and leg room. Weighs 4.1 lbs.

# LEEF Ultralight

Items #1131 #1132

Ready for action in nearly any weather, the LEEF Ultralight Mummy Sleeping bag has you covered, literally. Roomy for a mummy bag and filled with premium PolarLite™ micro fiber insulation, you'll stay warm in cold temperatures\* without sacrificing comfort. The extra layer of fill in the foot box provides comfortable space and warmth for your toes. Most mummy hoods pull into an oval shape, leaving the ears exposed, but the TETON Sports® LEEF has a three-piece hood that contours your face and keeps ears and head tucked in tight. The LEEF unzips from top and bottom with both interior and exterior zipper pulls making it easy to get in and out. The zippers are fully taped with an anti-snag design and are lightweight yet durable, and the sturdy diamond ripstop nylon shell stands up to nearly anything. Includes a heavy-duty compression sack, making packing quick and easy.

\*The 0°F and +20°F rating is a survival rating. For comfort, get a bag rated 10–15 degrees colder than the temperature you expect. Features extra body mapping insulation to keep your extremities warm on those cold nights.

# LEEF Ultralight

Items #1131 #1132

The LEEF sleeping bag, featuring innovative PolarLite™ micro fiber insulation, helps cut weight without sacrificing comfort and warmth. 3-piece no gap hood adjusts around your face to keep the heat in and cold out. Taped, anti-snag zippers with a full-length zipper draft tube to eliminate any cold spots. 87” by 34” (at widest point) provides more shoulder and leg room than most mummy bags, yet it can be compressed down to maintain pack space.

Dimensions	87” x 34” x 22”	Pack Size	0°F: 15” x 9” x 9” +20°F: 14” x 8” x 8”
Shell	40D Diamond Ripstop	Zipper	Right Zip
Fill	PolarLite™ Micro Insulation	Pack Weight	0°F: 4.2lbs +20°F : 3.5lbs
Lining	Brushed Micro Polyester	Temperature Rating	1131: 0°F 1132: +20°F

# Journey +40°F Ultralight

Item #1023

Opens to form a cozy blanket

Dimensions	90" x 33"	Pack Size	11" x 6" x 6"
Shell	75D 2mm Diamond Ripstop	Zipper	"L" Shaped Right Side Zip
Fill	No Fill	Pack Weight	2.3 lbs
Lining	PolarLite™ Fleece	Fleece	150 GSM Polar™ Fleece
Color	Red/Grey	Temp Rating	+40°F

The Journey +40°F, an innovative PolarLite™ Fleece keeps you warm even though entire bag is as thin as a light blanket. Mummy-style hood with drawstring keeps warm air in. Ultralight rectangular summer sleeping bag uses 150 GSM PolarLite™ Fleece to insulate without bulk. Lightweight extreme-rated acetal resin zippers are fully-taped to prevent snagging and open both top and bottom for adjustable ventilation. Sleeping bag can unzip on two sides to form a cozy fleece blanket. 7.25" square zip pocket inside stores valuables or electronics. Draw-string hood and zipper baffle keep out drafts. Soft fleece lining. Includes 11" x 6" stuff sack.

# Tyke +25°F

Items #1087P #1087B

#1087P

#1087B

Dimensions	42" x 22"	Pack Size	Pink and, Blue
		Zipper	Right and Left Zip
Shell	70D Ripstop	Pack Weight	2 lbs
Fill	PolarLite™ Insulation	Pack Size	12" x 7.5" x 7.5"
Lining	PolarLite™ Fleece	Temp Rating	+25°F

Three-season Tyke sleeping bag for children is lightweight but warm with PolarLite™ insulation, anti-snag zipper, and 3-piece no gap hood. Breathable, soft, PolarLite™ fleece liner. Innovative PolarLite™ insulation keeps your child warm even though entire bag is thin and light. Just 42" x 22" (at widest point) to keep them snug - their body doesn't have to heat up the space of an adult sized mummy. Zipper pullers inside and outside of bag for easy closure. The 3-piece no gap hood will cinch-up around their ears to keep them toasty. With full-length zipper baffle, taped anti-snag zippers, and only weighs 2 lbs.

# Tracker Double-Wide +5°F Ultralight

Item #1037

The ultra-light TETON Sports® Tracker +5°F Double-wide Mummy Bag is designed to keep you and your partner warm, even in freezing weather. Most mummy hoods pull into an oval shape, leaving ears exposed, but the three piece no gap hood contours your face and keeps ears and head tucked in tight. Longer than most mummy bags with a soft, breathable liner, this double-wide bag provides an extra layer of fill in the built out foot-box that offers toes room and keeps them warm—you won’t need those wool socks.

The TETON Sports® Tracker +5°F Double-wide Mummy Bag is an ultra-light couple’s bag that weighs only 8.2 lbs with included heavy-duty compression sack. It unzips from either side so you don’t disturb your partner when getting out. Each zipper has full length zipper baffles to stop cold air from seeping in through zipper teeth. Center anchor loop and toggle keeps the bag drawn tight between you and your companion to offer leverage for cinching down hoods and holding out unwanted cold air. Has a safety hook and loop fastener tab and zippers are fully taped with an anti-snap design made from engineered acetal resin for extreme temperature and pressure, so they’re light-weight but still durable.

Dimensions	87" x 63" x 44"	Color	Red/Grey
Shell	75D Diamond Ripstop	Zipper	Dual Zip
Fill	PolarLite™ Insulation	Pack Weight	8.2 lbs
Lining	Brushed Micro Polyester	Pack Size	18" x 10" x 10"
		Temp Rating	+5°F

## Mountain Ultra 2, 3, & 4

Cots, Camp Pads,  
& Accessories

Each cot has added features—designed with you in mind. These are the best cots on the market at the best price. Weight capacities range between 400-600 lbs, each with specialized features so it can fully support you and your gear.

Whether you’re car camping or packing it all on your back, we have a pad for you. Each is specially designed to perfectly fit our cots. The car camper will love the pair together.

For lovers of the lightweight experience, we present our self-inflating ComfortLite™ Camp Pads. No pump necessary, just twist the end valve(s) and they automatically inflate into a cozy pad to buffer you from the ground for that much needed rest.

If you want something extra to make extended adventures easier, we’ve provided sleeping bag liners, camp pillows, and cot organizers, all built with the same quality you’ve come to expect from TETON Sports®.
