IMPORTANT INFORMATION

Thule Sleek chassis is only compatible with Thule Sleek main seat, Thule Sleek Sibling Seat, Thule Sleek Bassinet and Thule Sleek Car Seat Adapters.

MAINTENANCE

Keeping your Thule Sleek stroller clean and well maintained is an important factor in keeping it in good condition.

Regularly inspect your stroller and accessories for damage and signs of wear:

- Check metal components for any dents or cracks. Do not use the stroller if any metal components are cracked or damaged.
- Examine the fabric regularly for tears, worn spots or any other signs of damage.

The fabrics on Thule Sleek can be cleaned by hand.

- Spot clean or hand wash gently with mild soap & warm water. Do not use cleaning solvents.
- Rinse well with warm water.
- Hang to air dry completely.
- Do not machine wash! No bleach. Do not iron. Do not dry clean.
- If needed seat and canopy fabric can be removed for cleaning.

The Thule Sleek chassis and wheels can be cleaned with a damp cloth. Dry it with a dry cloth.

If wheels squeak, lubricate sparingly with silicone lubricant. Do NOT use oil or grease based products, as this will attract dirt,

which will clog the movement.

Store your stroller and accessories in a dry area out of direct sunlight. Before storing your stroller, it should be dry to prevent the growth of mold or bacteria.

WARRANTY AND REPLACEMENT PARTS

Thule is dedicated to providing exceptional products that are quality tested and guaranteed against defects in materials and workmanship.

Only use replacement parts supplied or recommended by Thule.

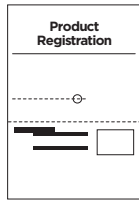

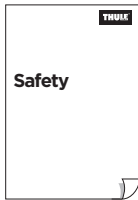

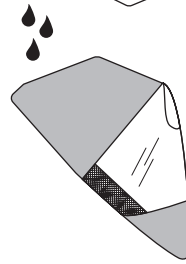

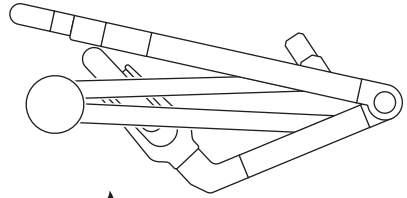

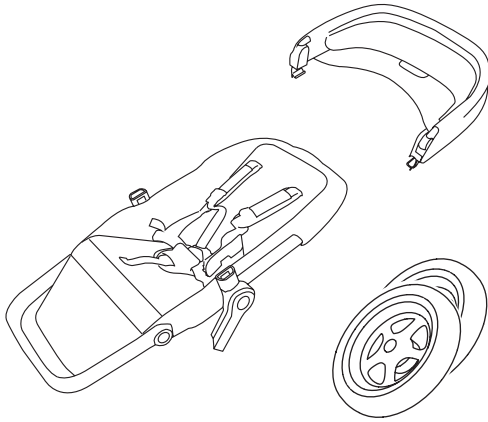

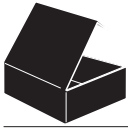

Replacement parts are available for purchase at your local Thule dealer.

ACCESSORIES

You can easily increase the functionality of your Thule Sleek stroller by adding one or more accessories, from car seat adapter to cup holder to color-matching footmuff. With added convenience and comfort for both parent and child, your strolls will become even more enjoyable.
