⚠ WARNING:

- Only use this product with children who cannot sit unaided between the age 1 - 10 months old, who weigh less than 22lb / 10kg, and are shorter than 29½in / 75cm
- Only use the infant sling for strolling.
- Avoid serious injury from child falling or sliding out. Always use seat belt.
- Ensure the Infant Sling is properly attached to the child carrier's frame and seat. Failure to properly attach the Infant Sling to the carrier could result in serious injury or death to the occupant(s) in the event of an accident. Refer to the Infant Sling owner's manual for proper infant sling attachment.
- Ensure the Infant Sling harness is properly secured in the Infant Sling, that the harness is snug over your baby's shoulders and that the crotch strap is between the baby's legs. Failure to properly attach seatbelts could result in serious injury or death to the occupant(s) in the event of an accident. Refer to the carrier owner's manual for proper seatbelts use.
- Never leave children unattended in the carrier.
- Do not use the Infant Sling for cycling (i.e.in a bicycle trailer). Using the Infant Sling in a bicycle trailer could result in

serious injury or death to the occupant(s) in the event of an accident.
