Spring 2017

# What Retailers Are Saying

---

"The Zensah Fresh Legs have been a great addition to our accessory section. The compression leg sleeves are a strong selling item for the stores and provide tremendous benefits to our customers."

- Edwards Luggage

"The Smart Travel Gloves were a great seller (even with our stores being in Houston, Texas). The quality of the product and ease of use for the customer make this a must have item for any retailer."

- Luggage and Leather

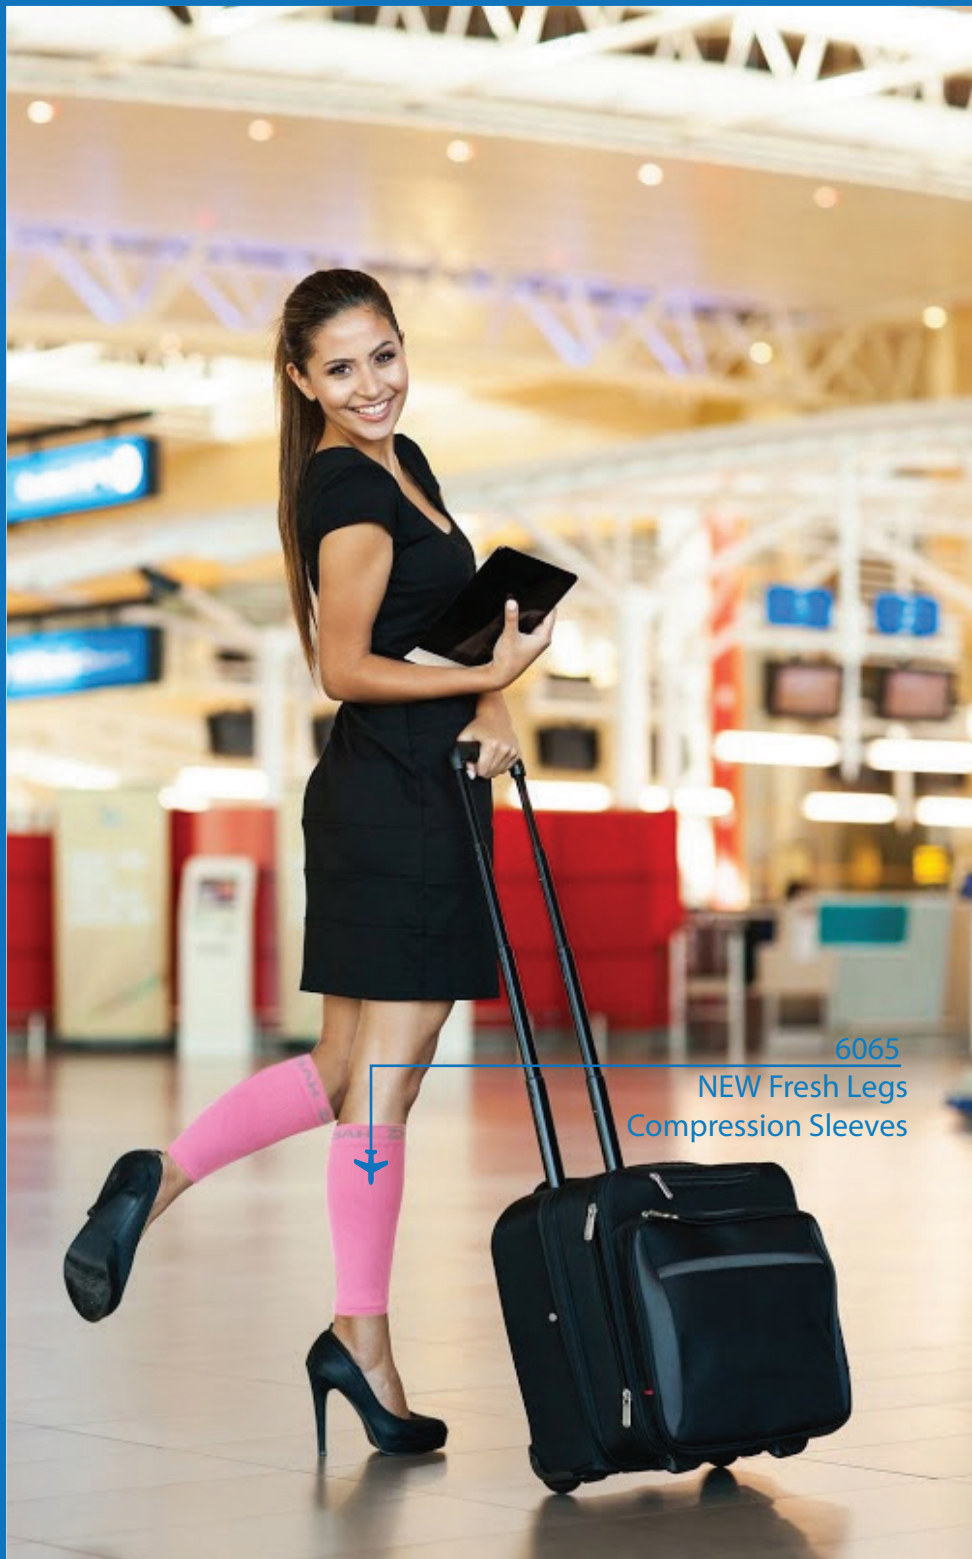

"We added the Zensah Fresh Legs Compression Socks in addition to the leg sleeves to provide an option for our customers. The socks feature ankle support, anti-odor fabric and cushioned foot that our customers love".

- Mori Luggage

# What Retailers Are Saying

"We have distributed Zensah in Denmark since 2010. We see **exponential growth yearly** and the products bring true innovation to the market."

- Skodsborg Sport , Denmark

"We are excited to be offering the Zensah to the UK. **The brand has taken off** for us and products like the leg sleeves and seamless sports bra are favorites in our market."

- DMP Direct, UK

"We have offered Zensah in Ecuador for over 5 years and have grown it to be the **top compression brand**. By attending triathlon, crossfit, and running events, we have been able to differentiate Zensah in the market."

- T3 Sports, Ecuador

"Zensah has exceeded our expectations and the brand has **grown exponentially** in our region. The unique qualities and performance of the Zensah garments has enabled us to penetrate an extremely knowledgeable compression market."

- Paul Reuss, Australia

## FAR-INFRARED SKI SOCKS

Stay warm and dry in our new far-infrared ski socks! The Zensah Far Infrared Ski Socks feature special Innergy and merino wool yarn to provide superior warmth, ensuring your feet stay warm and comfortable on the slopes.

NEW

### ✓ INCREASED COMFORT

A merino wool blend with a cross-knit construction creates double padding in front of the shins to prevent shin bang.

### ✓ INCREASED WARMTH

Innergy fabric used in the ski socks is embedded with far infrared reflecting compounds to keep infrared rays from escaping the socks, thereby increasing warmth.

## 8551 Far Infrared Ski Socks

- + Far Infrared Rays (FIR) energy helps with circulation and heat generation
- + Merino wool is moisture wicking & anti-odor
- + Cross-knit padding prevents shin bang
- + No-slip cuff is comfortable and non-restrictive for maximum mobility
- + Comfort sole and heavy cushioning
- + ZensahRED™ yarn creates naturally occurring Far Infrared Rays

A close-up, low-angle shot of a person's lower leg and foot as they step into a shallow stream. The person is wearing dark grey shorts and a black running sock with bright orange stripes. The foot is captured mid-splash, with water droplets frozen in the air around it. The background is a blurred view of the stream and surrounding greenery.

## What People Are Saying :

**"I wear the compression sleeves and compression tights for recovery days. I also wear the elbow sleeve and arm sleeves when I'm practicing. After my shoulder injury the arm sleeves helped ease the pain."**

~ Julia Glushko WTA Pro

**"I had been wearing a brace "specially made" to treat tennis elbow from my doctor. I wore that brace for months with no results. In fact, just putting that brace on hurt my elbow/arm. So, I decided to look for something else. After a week, my arm didn't hurt anymore."**

~ Bruce W

**"Before Zensah I was pulling hamstrings, straining quads, and suffering with shin splints. Please believe me in that I couldn't safely and comfortably compete in USTA tournaments without Zensah."**

~ Paul Ruben Multi-divisional Champion SoCal

keeps the sleeve secure and in place
- ✓ **Lightweight Design:**  
Provides a full range of motion, unlike hard elbow braces
- ✓ **Seamless Technology:**  
Ultimate comfort for tennis players
- ✓ **Advanced +Compression Technology:**  
Fold-over cuff for additional compression

### Compression Knee Sleeve

#### Targeted Knee Support

- ✓ **Graduated Compression:**  
Improves circulation to reduce knee swelling and speed up recovery
- ✓ **Pin-Point Compression:**  
Offers muscle support to the patella and knee area
- ✓ **Seamless Technology:**  
Allows for ultimate comfort and prevents chafing
- ✓ **Zensah Fabric:**  
Moisture wicking and antimicrobial keeps athletes dry and fresh
- ✓ **Silicone Gripper:**  
Keeps the sleeve in place during any workout
- ✓ **Lightweight Design:**  
Provides a full range of motion, unlike bulky knee braces

## ABOUT ZENSAH

Zensah's\* mission is simple: create innovative products that wow and inspire all athletes to achieve their goals without limits. We use cutting edge, seamless technology to develop products made with the perfect ergonomic fit. Zensah\* is the most durable and comfortable athletic apparel you will ever wear.

## FAQ

### Why Zensah\* Compression for Tennis?

Zensah\* is the most technical and comfortable compression brand available for athletes. Our products incorporate innovative designs and technology to stabilize muscles, prevent injury, and speed up recovery. Unlike hard, bulky braces worn by many tennis athletes, Zensah\* products are made of lightweight, breathable fabric. This allows for a full range of motion and ultimate comfort, so you can perform without limits on and off the court.

### How does Zensah\* Alleviate Tennis Elbow and Knee Injuries?

Countless tennis players struggle with the pain and discomfort caused by elbow and knee injuries. Zensah's accessories incorporate compression technology to provide targeted support to the muscles that need it most. The Compression Elbow Sleeve features an innovative flip-cuff to create additional compression at the elbow, while the Compression Knee Sleeve utilizes pin-point compression for extra muscle support.

## ***ZENSAH'S BEST-SELLING COMPRESSION GEAR FOR TENNIS PLAYERS***

**Tennis players of all levels find vast benefits in Zensah gear.**

**HALLANDALE BEACH, FL – Zensah** has been making strides in the tennis market with their compression apparel. The feedback from customers has been phenomenal. Alberto Benarroch, Director of Marketing for Zensah, says, "Our compression gear, like the Knee sleeve and the Elbow sleeve, provide a great alternative to bulkier and more restricting support braces."

### **Compression Elbow Sleeve**

The targeted ribbing throughout the sleeve provides pinpoint support to key areas to help reduce impact and improve stabilization. The compression can help with tendonitis & tennis elbow. The seamless design and breathable fabric ensure ultimate comfort and full range of motion.

### **Compression Knee Sleeve**

The targeted ergonomic ribbing throughout the sleeve works to stabilize the patella in order to help support the joint. A no-slip silicone grip ensures the knee sleeve stays in place even during the toughest workouts. The seamless design and breathable fabric ensure ultimate comfort and full range of motion.

### **About Zensah**

Zensah® is a Miami-based company, specializing in sports compression apparel. Athletes and fitness enthusiasts, including runners, cyclists, triathletes, yoga enthusiasts, and soccer players, praise their seamless compression products. Zensah® offers compression products for performance and recovery. According to NPD Group, Zensah® is the number one selling compression leg sleeves in the USA for Running Specialty.

# WHY ZENSAH COMPRESSION?

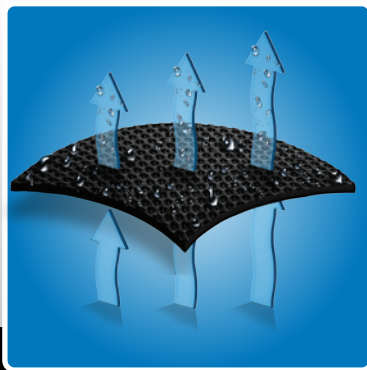

What sets our products apart is our quest to constantly create the best gear by seeking out the most cutting-edge yarns and incorporating the latest technologies.

We strive to always offer incredibly technical products that also provide the utmost comfort. All of our products are tested by athletes to ensure they meet both theirs and our high standards.

## **Ideal For:**

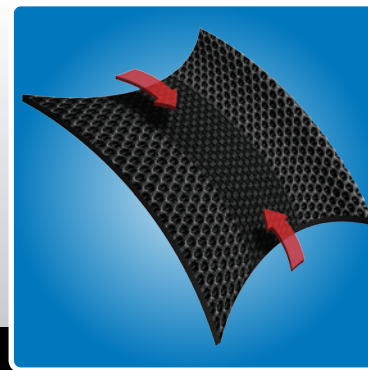

- Runners
- Outdoor enthusiasts
- Athletes who want to perform their best
- Those who don't want to worry about their gear holding them back

## ***ZENSAH TECHNOLOGY\****

### ***BREATHABLE***

Thin mesh panels  
allow air flow

### ***3D RIBBING***

Ergonomic design for targeted  
support & ultimate comfort

***SILVER INFUSED***  
Odor Control

### **SUGGESTED USE:**

- ***TRAINING***
- ***PERFORMANCE***
- ***RECOVERY***

***TECHNICAL YARNS***  
Maximum Durability

# PERFORMANCE WITHOUT LIMITS

# THE ORIGINAL COMPRESSION

## 1 CALF

Targeted ribbing supports calf and prevents micro-tears by reducing muscle oscillations

## 2 SHIN

Chevron ribbing massages and compresses to increase blood flow in the muscles for shin splint relief

## 3 ACHILLES

Raised micro-ribbing for maximum stability and support

## 4 NO-SLIP CUFF

Non-restrictive band for maximum comfort

## 5 ANKLE CUFF

The **open toe** feature gives the flexibility to use with any short socks

### An uncompromised fit.

The 3D Dotted Socks help minimize slipping inside your shoe. The design also gives cushion without adding much bulk, hence they are incredibly comfortable and breathable as well!

**The high-end blend of technical yarns and targeted padding ensure the most secure and comfortable fit.**

# GRIT COLLECTION

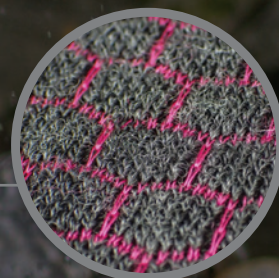

## Protect your feet from the elements.

The Grit Performance Socks use our Hexo-Pad technology to prevent scrapes caused by running through uneven surfaces and terrains. The high-end blend of technical yarns ensures a dry, breathable, and comfortable fit.

**Stay cooler in the heat, warmer in the cold, and dry no matter what!**
