

## Outdoor Lighters

Express your love for the outdoors with this lighter collection. The Outdoor Lighters are created using two of Zippo's imprint methods, engraving and color image. These unique designs have been placed on five different lighter cases; brushed chrome, high polish chrome, black ice, neon orange matte, and white matte.

All Zippo windproof lighters are American made in our Bradford, PA factory.

*How are They Made?*

Two different imprint methods make up this outdoor lighter collection. Can you guess which lighter is which? **Engraving:** Auto and Laser are the two processes Zippo uses. Auto engraving leaves a crisp, clean jewelry look and Laser engraving is computer programmed to generate an accurate replication of your imprint. **Color Image:** State-of-the-art printing methods allow Zippo to imprint multiple spot colors or full-color photogenic representations.

*Loss Proof Lighter*

This lighter features a metal loop and an elastic lanyard to keep it securely by your side during any activity. The elastic lanyard attaches to belts, backpacks, key rings, and more. This lighter makes a great gift for anyone who spends time outdoors!

*Lifetime Guarantee*

All Zippo pocket lighters, are backed by the famous Zippo Guarantee - 'It works or we fix it free.'

Any Zippo pocket lighter, when returned to our factory, will be put in first class mechanical condition free of charge, for we have yet to charge a cent for the repair of a Zippo pocket lighter, regardless of age or condition. The finish, however, is not guaranteed.

### Features:

**Case**

Standard case shape featuring rounded corners and top with a flat bottom. A five-barrel hinge joins the top and the bottom.

**Insert**

Standard insert with 16 holes in the chimney (8 per side).

**Bottom Stamp**

Bottom stamp with Zippo logo from the period authenticates these lighters as genuine Zippo.

**Packaging**

Unless otherwise stated, every Zippo windproof lighter is packaged in the 'one box.' The patented 'one box' is attractive, easy to handle, and designed to display more of the lighter than ever.
